The JACKSON, HERBERT & CO. are Associated Proprietors of the National Dispensary No. 167, Sycamore street, Cincinnati, established Jan. 1, 1860, for the cure of Private Diseases.

Prof. Robert Jackson, Dr. Robert Herbert and M. Eugene Velpen. Through cures effected with almost incredible rapidity, of Gonorrhea, Syphilis, Gleet, Nocturnal Emissions or self-abuse, Impotency, Stricture, Female Diseases, Diarrhoea, Hemorrhoids, in short, every possible form and variety of Sexual Disease, and at the same time the general health of the patient improved, where any improvement in that respect is needed.

Our Dispensary Circular, of 16 large 8 in. by 11 in. letter pages, with full and special written reply, sent promptly, free of charge, to any address for the amount of the postage, six cents! Every young man, whether

SICK OR WELL,
should have one. Also, a Circular intended for ladies only, and a letter page, for 3 cts. postage. The "Mountain of Light, or Medical Protection," a new book of three hundred pages, one hundred engravings, price, in stamps or money, only 50 cts. and one 3-cent stamp, or 3 for \$1 and nine cents in stamps. This book is fully described in our Circular. It is by far the most valuable and deeply interesting book on the subjects treated of, now extant; matters that in former works were merely hinted at are here fully explained; it contains also a full and explicit key to all the secrets of marriage, love and beauty never before.

SATISFACTORILY
revealed by any book in the English language. Dr. Jackson's Perpetual Preventive—sent for Circular.

Dr. Jackson's Female Pills, \$1—sent for Circular.
Dr. Jackson may be seen at the Consulting Rooms of the Dispensary, No. 167 Sycamore street, from 8 A. M. till 1 P. M., and from 4 P. M. till 8 P. M.; at other hours either Dr. Herbert or M. Velpen, or both, will be in attendance. Male patients, when desired, will be furnished with large, airy, comfortable rooms, suitable board, and careful attendance, for the few days ordinarily necessary to effect a cure. Patients do not see each other. The most ample guarantee of our ability and good faith, promptly given when desired. Fees as reasonable as the very highest modes of treatment known to modern medical science, and a very long and varied experience, will admit. P. O. Box 436. Send for Circular, and state your case plainly and fully, and you will receive the Circular and our written reply by return mail. We will answer no letter unless it contains six cents in stamps. Medicine and Instructions sent promptly and carefully to any part of the world.

MOFFATT'S LIFE PILLS AND PHOENIX BITTERS.

These medicines have been before the public for a period of twenty years, and during that time have maintained a high character in almost every part of the globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing variety of human diseases in which the *Phoenician Life Pills* are well known to be infallible. Dyspepsia, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the staid and acid kind; Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Irritability, Anxiety, Langor and Melancholy, which are the general symptoms of Dyspepsia, will vanish as a natural consequence of its cure.

Constipation, by cleansing the whole length of the intestines with a solvent process, and effecting a regular evacuation, and the thorough solution of all intestinal obstructions in other cases.

The Life Pills have been known to cure rheumatism permanently in three weeks, and gout in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder, they operate most delightfully on these important organs, and hence they have ever been found a certain remedy for the worst cases of Gravel.

Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Scurvy, Ulcers, and Invertebrate Sores, by the perfect purity which these Life Medicines give to the blood, and all the humors.

Scorbutic Eruptions and Bad Complexions, by their alternative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, scurvy, cloudy, and other disagreeable complexion.

The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Influenza will always be cured by one dose, or by two in the worst cases.

Piles.—The original proprietor of these medicines, was cured of Piles, of 30 years standing by the use of the Life Medicines alone.

FEVER AND AGUE.—For this scourge of the Western country, these Medicines will be found a safe, speedy and certain remedy. Out-medicine have the system subjected to a return of the disease—a cure by these Medicines is permanent—try them, be satisfied, and be cured!

Billious Fevers and Liver Complaints—General Debility, Loss of Appetite and Diseases of the Females—the Medicines have been used with the most beneficial results in cases of this description: Kings Evil, and Scrofula, in its worst form, yields to the mild yet powerful action of these remarkable medicines. Night Sweats, Nervous Debility, Nervous complaints of all kinds, Pain of the heart, Painter's Colic, are speedily cured.

MERCURIAL DISEASES.—Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system, all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla. DO YOU WANT WHISKERS? DO YOU WANT A MUSTACHE? DO YOU WANT A MUSTACHE? BELLINGHAM'S CELEBRATED STIMULATING ONGUENT!

For the Whiskers and Hair.

THE subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the agency for, and are now enabled to offer to the American public, the above justly celebrated and world-renowned article. The *Stimulating Onguent* is prepared by C. P. Bellingham, an eminent physician of London, and is warranted to bring out a thick set of Whiskers or a Mustache in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is of universal use. It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure baldness, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn red or towy hair dark, and restore gray hair to its original color, leaving it soft, smooth and flexible. The ONGUENT is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it. The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price, \$1 a box. For sale by all Druggists; or a box of the Onguent (warranted to have the desired effect) will be sent to any who desire it, by mail, securely packed, on receipt of price and postage, \$1.18. Apply to—

THE "GROVER & BAKER"

SEWING MACHINE!

HAS gained its wide-spread popularity, and its immensurable sales throughout the world, from the following facts, which over 50,000 families in the United States alone, who use them, are ready to endorse:

1. It makes the only seam formed by a Sewing Machine, in which each stitch is independently locked, and without dependence upon the other stitches for strength.

2. It makes the only seam that will admit of the thread being cut at every fourth stitch, without injury to the seam in wear.

3. It is unnecessary to fasten the ends of seams made by this machine. This is done by the machine itself, without the use of the hand needle.

4. The Grover & Baker stitch is the only one formed from two ordinary spools, and without winding from the spool into a shuttle from three to five times, for the under thread.

5. A seam thus formed is more elastic than any other made by a sewing machine, and is consequently very valuable in all goods that are to be washed and stretched under the iron.

6. The machine is adapted to all varieties of fabrics, sewing each equally well, and requiring no adjustment for any kind of sewing, other than the adaptation of needles and thread.

7. It is more easily kept in order than any other machine, and need not be taken apart to be oiled.

8. The machine sews common good cotton, silk and linen thread with equal facility.

9. The machine is so simple that an intelligent child of ten years can readily learn to operate and keep it in order.

10. By reason of its simplicity of construction and ease of management, it is best adapted to all the wants of the family.

Sent for circular with cuts of the different machines. Address
GROVER & BAKER S. M. Co., Detroit.

CAUTION.

The public, in their eagerness to supply themselves with sewing machines making the Grover & Baker stitch, must not forget to purchase them of the parties who are authorized to sell them. All purchasers and users of fraudulent machines of this class will be visited with certain prosecution. Those who have already been induced to buy these fraudulent machines can purchase a license for their use, before prosecution, on proper application. All machines sewing from two spools, and in which only one needle penetrates the cloth, and having a feed which allows the material to be turned at will, are infringers. Grover & Baker S. M. Co., 495 Broadway, N. Y.

A CARD FROM ELIAS HOWE, JR.

All persons are cautioned not to make, deal in, or use any sewing machines which sew from two spools and make the stitch known as the Grover & Baker stitch, unless the same are purchased from the Grover & Baker Sewing Machine Company, or their Agents, or Licensees, and stamped under my patent of September 10, 1846.

Said company, and their Licensees, alone are legally authorized under their own patents, and my said patent, during the extended term thereof, to make and sell this kind of sewing machine, and all others are pirates upon my said patent, and will be dealt with accordingly, wherever found.

BUY ONE OF WEST AND WILSON'S

DOUBLE THREAD FAMILY SEWING MACHINES.

PRICE, THIRTY DOLLARS.

This celebrated Machine was patented June 29th 1858, and awarded the

FIRST PREMIUM.

At the Ohio State Fair, held at Sandusky, 1858, and at every County Fair in the State, where the same has been exhibited.

This machine is now confidently offered to the public as the best

FAMILY SEWING MACHINE

Now in use irrespective of Price.

We ask attention to the following points of excellence in WEST & WILSON'S Machine.

1st. Its simplicity, and the directness with which the power is communicated to the needle. This is a great desideratum and in this we claim a decided superiority over all other machines.

2d. The needle and needle bar are both straight and the motion direct; the needle bar is attached to a small wheel driven by a larger one, instead of to the long arm of a lever, as in most machines, with power upon the short one. The latter arrangement necessarily makes the motion of the needle both circular and weak, while the former gives strength and directness.

3d. The great power and directness of the motion enables us to sew all fabrics, from gauze to four thicknesses of leather, with almost equal ease, and the Machine can be made to run, without changing needle or thread, through all the different thicknesses, from a sheet of paper to heavy leather, and back and forth without dropping a stitch or breaking a thread. We know of no other family machine of equal capacity.

4th. It uses silk, cotton or linen thread from the original spools, unlike most machines, it will permit the seam to be turned at right angles at its highest speed; it has much more room than any other family machine for passing goods through, thus allowing to pass freely the heaviest garments, bed-quilt, &c., and it will turn up readily upon hinges attached to the stand, so that this is seldom necessary, as both tensions are regulated from above.

5th. The Machine will do a greater variety of work than can be done by any other stitch. It will HEM, QUILT, GATHER, EMBROIDER and CORD, and will do neatly and rapidly every variety of sewing that can be done by a similar stitch upon the highest priced machine. No machine will make and put upon garments the finishing cord as neatly as ours.

Sent for a circular containing full particulars, prices, testimonials, illustrations of stitch, &c. Machines warranted and full directions given, for using, without charge.

Orders for machines and circulars will receive prompt attention, by addressing
J. I. SANFORD,
Agent for the counties of Ottawa, Muskegon and Newaygo.

CHILDREN

TEETHING

Mrs. WINSLOW, an experienced nurse and female physician, presents to the attention of mothers, her *Soothing Syrup*, for children teething. Which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain and spasmodic action, and is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. We have put up and sold this article for over 10 years, and can say in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed in a single instance, to effect a cure when timely used. Next to the knowledge of an instance of dissatisfaction by any one who used it. On the contrary all are delighted with its operations, and speak in terms of commendation of its magical effects and medicinal virtues. We speak in this matter as we do know, after ten years experience and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be in 15 or 20 minutes after the syrup is administered. This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never failing success in thousands of cases. It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will also instantly relieve *Croup* in the throat, and *croup* in the chest, overcome convulsions, which, if not speedily remedied, end in death. We believe it to be the best and surest remedy in the world, in all cases of dysentery and diarrhoea in children, whether arising from teething, or any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints, do not let your prejudices, or the prejudices of others, stand between you and your suffering child, and the relief will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions accompany each bottle. None genuine unless the fac-simile of CUTLER & PERKINS, New York, is on the outside wrapper. Price 25 cents per bottle. Principal Office, 13 Cedar Street, N. Y. City.
