

THE ELECTION.

We suppose it is true that Gen. McClellan has been defeated. Nor for his sake chiefly, nor for the democratic party's, but because of what we earnestly believe in regard to our suffering country, we deeply regret this result. It would have been a bright day, if we had been able to hail our standard-bearer as President elect. But McClellan would not have been greater in that case; he would not have held more of the nation's heart's love than he does now and as it is. We believe we but speak the warm and universal sentiment of the hundreds of thousands who have fought under his political banner, when we say his character was never held in greater reverence than now—that his name is a spell of power over the hearts of the people whose influence is not diminished by the elections event. Gen. McClellan is no political tool which, having served its end, is to be laid aside and henceforth forgotten. The admiration and enthusiastic love with which he has been regarded preceded and procured for him the nomination awarded him by party leaders at Chicago. These sentiments were not manufactured subsequently for political purposes, or feigned by political partisans. They were real and as such they will last. For ourselves we feel that we can express now with greater freedom than before, our lofty opinion of our defeated leader. We shall not be accused of speaking for party effect, or with an inclination to worship the rising sun, when we assert our belief that Geo. B. McClellan, thwarted in his noble and patriotic military ambitions, and worsted in the political battle just closed, is yet the greatest man of his country—greatest, because in his character intellectual strength and moral excellence are blended, as we scarcely see them blended once in a century. Fighting what we believe to be the battle of the Union under his leadership, our hearts have become endeared to him, and he takes a place henceforth in the affections of those who have supported him which, in our knowledge, has never before been given to any political champion. It has been decreed that he shall not yet at least, be included in the list on which appears the names of Polk, Harrison, Pierce, Buchanan and Lincoln. But it is possible that even a grander association awaits him in his history. He has failed to be made President, and so did Webster, Clay and Douglas. Nor can it be that, in the gloom of midnight with which it has pleased God to shroud our country, his genius and goodness will fail in the years to come, to shed forth upon the darkness a pure life of usefulness and blessing.—*Buffalo Com.*

A firm in Springfield, Mass., manufactures 60,000 paper collars daily, and gives employment to 35 or 40 hands.

Election Returns.

Augusta, Me., Nov. 12.
Two hundred and twenty-five towns give Lincoln 47,423, McClellan 30,207. The same towns in September gave Co. 45,618, Howard 30,110. The remainder of the State will not vary materially from the majority as the 30,000 votes yet to be heard from are about equally divided between the two parties. Lincoln's majority will be nearly 18,000 on the home vote with 5,000 to 7,000 additional on the soldiers' vote.

CALIFORNIA.
St. Louis, Mo., Nov. 12.
Dispatches from the Pacific Coast, dated St. Joseph, 9th, say San Francisco gives Lincoln 5,000 majority. It is estimated that California will give Lincoln 25,000 majority.

Nevada and Oregon are both claimed by Lincoln by 2,000 majority.

ILLINOIS.
Chicago, Nov. 12.
The *Evening Journal* has received from all but four small counties in Illinois which foot up majorities for Lincoln 30,000. The majority of votes on a joint ballot of the legislature and election of eleven congressmen out of fourteen, abolition given.

The same paper has assurances that all the abolition Congressmen are elected in Iowa.

PENNSYLVANIA.
Harrisburg, Pa., Nov. 12.
Estimates made here from reliable sources put the State at between 8,000 and 10,000 majority for Lincoln.

NEW YORK.
Albany, Nov. 11.
Suffrage returns have now been received to indicate the success of the republican ticket in the State by from 5,000 to 7,000 majority.

DELAWARE.
Wilmington, Nov. 11.
McClellan carries the State by 450 majority.

INDIANA.
Indianapolis, Nov. 11.
Election returns from all points show Lincoln's majority at about 25,000.

NEW JERSEY.
New York, Nov. 10.
The result in New Jersey is about 7,500 majority for McClellan. Two republicans and three democrats elected to Congress.

KENTUCKY.
Louisville, Nov. 12.
The election has been the most quiet known for years. McClellan's majority in the State is about 25,000.

RHODE ISLAND.
This State complete gives 5,061 majority for Lincoln.

THE GEORGIAN.—This craft, about which so much has lately been said, passed up the river yesterday morning. She was overhauled by the customhouse authorities at Malden Thursday, but nothing contraband was found. The gunboat *Parker* stopped her yesterday a short distance down the river, but could discover nothing of a belligerent nature aboard. She is of the smaller class of propellers, painted black with two white stripes and short smoke stack. She is of the slow order and cannot make more than five knot speed.—*Detroit Free Press, Nov. 12th.*

FAST TIME.—The special train, consisting of an engine and Director's car, furnished Gen. Hooker, on Tuesday, by the Michigan Southern Railroad, accomplished the distance from Toledo to Chicago, two hundred and sixty-five miles, in five hours and fifty-six minutes running time, being a trifle over forty-seven miles an hour. This is believed to be the fastest time on record on any Western road. One hour and four minutes were consumed in taking in wood and water, making the whole time on the route seven hours.—*Det. Free Press.*

The losses of the St. Albans, Vermont, banks, in the late raid, are as follows: St. Albans Bank, \$74,000 in bills; Franklin County Bank, \$80,000 to \$88,000; First National Bank, \$50,000; to \$65,000 in bills and bonds. The St. Albans and First National Banks, in spite of their losses, will redeem all their bills as usual. The Franklin County Bank has suspended payment.

NEVADA ELECTION.—In Nevada the State question was carried, but the democracy carried their entire ticket, from Governor down to School Commissioner, which includes Congressmen and an entire democratic Legislature, which will, of course, send democratic Senators to Washington.

A farmer in Oxford Co., Maine, raised four thousand pounds of hops, the past season and has been offered thirty-five cents a pound for the best.

O Twa Holland Colony, of our county, suffers a great loss in the death of Mr. Alder Pluggor, one of its oldest and most enterprising citizens, who died on the 1st day of the present month. Mr. P. has been intimately connected with the rise and progress of the Colony, was a man of wealth and great influence, possessing a character praiseworthy in the first degree as to honesty, benevolence and all those noble traits that constitute the true man and the christian. His illness was very brief and the announcement of his sudden demise cast a gloom over the Colony seldom or never before witnessed by that portion of our citizens. He leaves a widow and several minor children to mourn his sudden and unexpected departure.

POSTMASTERS SALARIED OFFICERS.—Under a law passed at the last session of Congress, all Postmasters became salaried, and are paid a salary somewhat proportioned to the amount of business done. The government takes all box rents and perquisites of whatever kind, and pays all necessary expenses. The salary of the Postmaster in Detroit is \$4,000; Adrian, \$2,400, and other towns in the same ratio.

Gov. Blair, we understand, has authorized the raising of a new regiment of infantry, for home defense, to rendezvous at Jackson. Recruits from all parts of the State will be required to be mustered in for one year's service—the bounty of \$100 to be paid, one-third on mustering in, one third at the end of six months and the balance at the termination of service.

THE NEW STATE OF NEVADA.—The State is called "Nevada," from the old Spanish nomenclature, that word signifying "snowy," from the word "nieve," which means snow in the Castilian language. The Territory was organized on the 2d of March, 1861. The capital, now the chief city of the State, is Carson City. The whole estimated area of the country embraced in the new State is 83,500 square miles, and in 1863 its whole population was put down at 40,000.

The missionary ship, *John Williams*, the first ever built for purely religious purposes, was recently wrecked on a reef in the Pacific. She went down in ninety-eight fathoms of water. No lives were lost.

Reback's Stomach Bitters.
Having been called upon to examine the formula or recipe for the above Bitters, which has been given to me by the inventor, I take pleasure in stating to the public, that they are well known to the medical profession as possessing properties purely tonic, and the combination is well calculated, and especially adapted to that class of diseases arising from a disordered condition of the hepatic functions, or general derangement of the liver, so common in the malarious districts of the West and South. They contain a larger proportion of tonic ingredients than any other Bitters that have been submitted to me for chemical examination. I bespeak for them a wide spread popularity and cordially commend them to the public use.
Very Respectfully
O. W. ORDWAY, Analytical Chemist.

New and untried medicines should not always receive the entire confidence of the people, but when a remedy has been practically tested for ten years, in the general practice of a thorough physician, as has Dr. D. DR. SEELYE'S
LIQUID
CATARRH
REMEDY
Cure warranted if Directions are followed.
Hundreds of Citizens of Chicago have been Permanently Cured by this Medicine.
CALL FOR A CIRCULAR DESCRIBING ALL SYMPTOMS.
DR. D. H. SEELYE & CO.,
SOLE PROPRIETORS,
OFFICE—MASONIC TEMPLE,
Room No. 11,
CHICAGO, ILLINOIS.

SYMPTOMS:
The symptoms of Catarrh as they generally appear are very slight. Persons find they have a cold, that they have frequent attacks, and are more sensitive to the changes of temperature. In this condition the nose may be dry, or a slight discharge, thin and acrid, afterward becoming thick and adhesive. As the disease becomes chronic, the discharges are increased in quantity and changed in quality; they are now thick and heavy, and are hawked or coughed off. The secretions are offensive, causing a bad breath; the voice is thick and nasal; the eyes are weak; the sense of smell is lessened or destroyed; deafness frequently takes place. Another common and important symptom of Catarrh is, that the person is obliged to clear his throat in the morning of a thick and slimy mucus, which has fallen down from the head during the night. When this takes place, the person may be sure that the disease is on its way to the lungs, and should lose no time in treating it.
The above are but few of the many Catarrhal Symptoms.
A Single Bottle will last a Month—to be used three times a day.

Respectfully Yours,
