BREVITIES.
See notice of Mechanics Institute lec-
ture on the 4th of April.
Roller skating continues to be a fash-
ionable amusement in our city.
The thermometer at 12 m. to-day in-
dicated 55°, and the barometer 29.1-10
inches.
Joe Locke has all the latest daily
papers and everything in the news line,
at 236 1/2 Main street.
Mr. Reese B. Edmondson, of Virginia,
was admitted to the bar at the Second
Circuit Court this morning.
Train will lecture on Marseilles, Savage
Cluseret, Gambetta and the *Comite*
Revolutionaire, on the 4th of April at
the theatre.
"Lost darlings" is the euphemism
used by St. Louis papers in describing
very wicked people. This is the ephu-
mistic style of sentimental reporters.
The trial of Van Roberts, Savage and
Sullivan, on indictment for the murder
of Ada Jones, has been continued over
to the next term of the Criminal Court.
That portion of the town of Batesville
(Panola county, Miss.) west of the rail-
road was almost totally destroyed by fire
last night. The loss is estimated at
\$50,000.
Nearly every city throughout the
United States claims to have a Nathan
murderer as a citizen. Not to have one
proves that the city is a place of little
importance.
Go to Mansford, corner of Second
and Monroe streets, for books, station-
ery, news goods, and all the latest daily
and weekly newspapers, pictorials and
foreign publications.
The spring races over the Chickasaw
course, commencing on the 25th of
April, gives promise of rare sport. A
number of the best stables in the United
States will be in attendance.
Recorder Scales disposed of the usual
number of cases to-day. The amount
of fines assessed was sixty-dollars, to
which one gentleman contributed five
dollars for riding a horse on the Main
street sidewalk.
The easiest way to make forty thou-
sand dollars at present is to capture
Forrester, the supposed murderer of
Nathan. He was here a few weeks since
and may be here again; but who will
bring him to justice?
A bill has passed the Mississippi State
Senate dividing Panola county, Missis-
sippi, at the Yokone river, and trans-
ferring the county seat from Panola to
Sardis. The Sardinians are rejoicing at
the proposed change, and the Panolians
weep.
The Police Court affords entertain-
ment and local news to several of the
morning press reporters. How the ne-
gro George Henry Johnson was fined,
and for what, is written up in the di-
me novel style, and is mighty interesting
reading.
Our city belles will be pleased to learn
that the Princess Louise had twelve
dozen pairs of boots and shoes when
she married the Marquis of Lorn. They
were all new, and formed a part of the
trousseau ordered by the Queen for the
Princess.
The hundredth anniversary of Sir
Walter Scott's birthday will be appro-
priately celebrated in this city under
the auspices of St. Andrew's and the
Canadian societies. The civilized world
claims the great Scotchman, and all na-
tions will do honor to his memory.
Seven drays, loaded with cotton, ob-
structed the crossing at the corner of
Main and Monroe yesterday. The police
should prevent dray drivers from string-
ing out their drays in such a manner as
to prevent people from crossing the
street. It is becoming a great nuisance.
The glass jar exhibition will certainly
come off on next Thursday evening at
the Opera House. The only trouble
now is what to do with the proceeds of
the show. Why not divide the amount
between the Confederate Relief Associa-
tion and the injured school at Brinkley
College?
Emmons & Son, newscasters on Jef-
ferson and Beal streets, have all the
latest newspapers from St. Louis, Cin-
cinnati, Louisville, Chicago, Nashville,
New York, New Orleans, and all parts
of Europe. All illustrated weeklies and
literary periodicals can be found at their
news stands.
The St. Louis excursionists are de-
lighted with their trip to St. Louis. They
pronounce the St. Louis bridge the big-
gest thing in existence, and they are yet
entertaining groups of listeners by de-
scribing their sensations when nearly two
hundred feet below the surface of the
river, in the air chamber beneath the
stone pier.
A revered gentleman in St. Louis
has turned his attention to gambling.
He preached a sermon on Sunday last
against the evil, selecting as his text the
psalm "Lord, how long shall the wicked
triumph?" To his great horror he saw
his text improved in a morning paper
as follows: "Lord, how long shall the
wicked triumph?"
In Clark county, Kentucky, there is a
hermit who lives in a wild, makes his
home and beard grow in wild profusion, makes
his own clothes, tills his own corn
and potato patch, does his own washing,
cooking and sewing—all because a Texas
girl flirted with him. His antipathy to
the female sex was so strong, that he re-
fused to speak to his mother, or to toler-
ate her or any other woman in his pres-
ence. He has developed into a thorough
misanthrope, with a peculiar mania
against the female sex generally, both
brute and human.

importance.
