

LIVER REGULATOR.
TO PREVENT
YELLOW FEVER
TAKE
SIMMONS' LIVER REGULATOR

IT OPERATES upon the bowels, cleanses the stomach, purifies the blood, and eradicates all the obstructions that produce YELLOW FEVER.

It Saved the People of Savannah, Ga., who Used It, During the Terrible Epidemic of 1876.

Messrs. J. H. ZELIN & Co.,
Gentlemen—We, the undersigned engineers on the Georgia Central railroad, in grateful obligation for the benefits we received from the use of Simmons' Liver Regulator during the Yellow Fever Epidemic in Savannah, Georgia, in the summer and fall of 1876, desire to make the following statement: That during the aforesaid epidemic, we used the medicine known as Simmons' Liver Regulator, prepared by J. H. Zelin & Co., and through exposure to the worst miasmata coming out of Savannah at different hours of the night, and also in spending entire nights in the city during the prevalence of this most fatal epidemic, which but for the single exception of one of us, who was taken sick, but speedily recovered, we continue in our usual occupation, a circumstance we account for in no other way but by the effect, under Providence, of the habitual use of Simmons' Liver Regulator while we were exposed to the yellow fever malarial.

Respectfully,
JAMES L. MALLETTE,
MELTON F. COOPER,
B. H. PATTERSON,
JOHN S. COLLINS.

CAUTION.

**The Gloomiest and Saddest Days in
Our History.**

Early yesterday morning the hearts of
our citizens were cheered by the prospect
of a thunder storm, which it was thought
would purify the atmosphere and thus
help to stay the scourge which is upon
us. The heavens were obscured by heavy
lead clouds, and the low mutterings of
thunder were heard, but the most we re-
ceived was a light drizzling rain, and
then the sun shone forth with increased
warmth. Sixty-one new cases were re-
ported for the twenty-four hours ending
at 6 p. m. and 26 interments for the same
period.

TO DAY
the weather is cloudy and favorable to
the spread of disease. The situation be-
comes more distressingly painful every
hour.

THE HOWARDS
are kept very busy, but show no signs of
flagging in their good work. They re-
port a surfeit of male nurses but a
scarcity of female. Last night in re-
sponse to a telegram six female nurses
arrived from Mobile, and more are re-
ported on the way. Their services are
greatly needed, owing to the large pro-
portion of women and children sick, es-
pecially the latter. At the
RELIEF COMMITTEE HEADQUARTERS
the greatest activity prevails and a
second panic seems to have taken pos-
session of the poor people. Many ap-
plications are being made for passes to
the camp and other points, while Com-
missionary McCabe and his assistant, N.
Dewar, are kept busy issuing rations to
families in the city in which there is
sickness. The record of new cases and
deaths since Saturday noon will be found
below.

MISCELLANEOUS.
Mr Walter Oakley, son of Major C P
Oakley, is doing well at 328 Union street,
under the charge of his parents. So
much for good nursing.
The young ladies of Iuka gave a con-
cert recently for the benefit of fever-
stricken people, from which was realized
\$142.20, which sum was to day received
by Chas G Fisher, chairman of citizens'
relief committee, from the committee
having the matter in charge.

Sisters Veronica and Dominica, of La
Salette Academy, were taken with the
fever last night.
Little Jimmie Winters, age 6, was
found lying on a door step at the corner
of Exchange and Front streets this
morning suffering with the fever. His
story is that he came in from the camp
looking for his brother, whom he did not
find. He was carried to the hospital.
A K Gillen, of the citizens' relief com-
mittee, is reported in a dying condition
to day.

Dr Frayser has been prostrated two or
three days from overwork and a light at-
tack of fever, but is doing well and will
be up in a few days.
General W J Smith was resting well
at half-past one to-day, and all his symp-
toms were favorable.
Some little confusion has occurred in
the receipts of two organizations, from
the fact that J G Lonsdale, sr, and
John G Lonsdale, jr, are treasurers, re-
spectively, of the Howard Association
and citizens' relief committee. The for-
mer's headquarters are at the Howards'
depot, 267 Main street, while the office of
John G Lonsdale, jr, is at 41 Madison
street.

THE PRINTERS.
At a special meeting of the Memphis
Typographical Union, No 11, yesterday,
it was resolved to ask sister unions for
pecuniary assistance. The following re-
lief committee was appointed: Wm G
Taylor, Henry Moore, R S Smith, J P
Wheles and T P Kavanagh. All com-
munications, etc, should be addressed to
Wm G Taylor, chairman, Appeal office.

ANOTHER PREVENTIVE.
The Vicksburg Herald says: "Many
of our old citizens think that pulverized
willow charcoal is almost a sure pre-
ventive of yellow fever. They point to
the fact that many families in this city
used it during every visitation of the
disease, and that not one of them had
the disease. The proper way to use it is
mixed with a little sugar and water, a
tablespoonful at a dose, once or twice
a day before meals. It can be had of any
druggist. Others have great confidence
in turpentine. They say it is the best
disinfectant of rooms now known, and
that Bronze John refuses to call when
turpentine is kept constantly open in
small vessels in every room. A little
poured in a saucer and kept in every
room in the dwelling is sufficient."

THE FATHER MATTHEW CAMP.
This camp has been established on
Cyprus creek, and over 150 persons have
already been accommodated. It is in-
tended, first, for the members of the so-
ciety; second, for all Catholics who need
its protection; and, next, for all whom
it may be able to assist. It has secured
a tract of more than one hundred acres.
There is a sparkling spring in the midst,
and the stream, pure and clear, courses
through it.
No one is admitted to a permanent
place in it until a certain number of
days shall have elapsed: The temporary
camp is on one side, and the more per-
manent one on the other side of the
stream. All who are permitted to enter

shall have to submit to its rules and
regulations. The priest and doctor will
visit it daily. Mr Conzadine is in charge
of the camp. Permits can be obtained
by applying at St Bridget's, St Peter's
or St Patrick's churches. No one not
free of fever will be admitted.

RED TAPE.
Half a mile this side of Camp Joe
Williams a party of refugees from North
Memphis, consisting of four men, three
women and several small children,
sought and obtained shelter in a negro
shanty. A party of gentlemen riding by
in a buggy were halted and begged to
send a doctor for one of the women who
was very sick with the fever. They rode
to camp and reported the case to the
physician in charge. It was raining at
the time, and he knowing the value of a
good physician in these times, shrugged
his shoulders, said it was out of his juris-
diction, and went back into his mar-
quee. Dr Nail, one of the hard working young
assistant physicians, overheard part of
the conversation, and although quite
worn out, promptly volunteered his ser-
vices and went to see the suffering wo-
man. She already had black vomit and
soon after died. Her name was Lizzie
Whalen, residence corner of Concord
and Front streets. These are facts;
comment is unnecessary.

CAMP JO WILLIAMS.
There are 600 people in camp besides
the Bluff City Grays and the McClellan
Guards (colored). A few cases of sick-
ness have occurred, and one death, from
congestion—a woman who died very
suddenly last night, creating some un-
easiness. Some complaints have reached
us, which we prefer not to publish, un-
less it becomes necessary for protection
and general good of the public. In times
of confusion and excitement like these
men are liable to take advantage of op-
portunities and to do things which they
themselves would heartily condemn in
others. The Bluff City Grays moved
out this morning at 3 o'clock to a more
desirable camping place, but will be on
duty all the same. Some of the boys are
a little restless under the dress of camp
discipline and matters of which they
perhaps have a right to complain. The
very license which men may feel only
makes others the more watchful, and
no man who exercises a little brief author-
ity, created by the necessities and suffer-
ings of the times, should fall into the
mistake of thinking he is not watched,
and will not be held to a rigid respon-
sibility for all he does.

A certain cure for Ringworm, and all
that class of eruptive diseases has been
found in that wonderful alternative—Dr.
Bull's Blood Mixture.

MESSRS SCHOOLFIELD, HANAUER & CO.
received this morning their first new
bale from Messrs. Willford & Anderson,
of Bartlett. These young merchants
keep constantly on hand a full supply of
almost every kind of goods their com-
munity may want, at reasonable rates.
