A very pleasant time was had at the M. E. church last Sunday evening—Children's day—although owing to the storm a portion of the programme had to be omitted. The church was very elegantly and tastefully decorated.

J. M. Brown has shown us a record of the temperature kept by a friend of his in Florida, for the month of May. The mercury was lowest on the morning of the 23d, being 58°, and highest 84° on the 13th, 15th, and 31st.

Mrs. Mina G. Slayton will give an entertainment at the Opera house next Tuesday evening. Many of our citizens have heard Miss Slayton and know her to be an eloquent and a high order. She will, no doubt, be greeted with a full house.

We were presented the other day by Prof. Sage, of Oak Park Seminary, with a specimen of ornamental penmanship, executed by himself. It is about as near perfection as it could be. Prof. Sage is a perfect master of the chirographic art.

There have been some changes of time both on the Michigan Central and Narrow Gauge. The principal changes are from Chicago to Detroit time, making time pieces twenty minutes faster. We hope to have the new time tables in our next paper.

A letter from Charley Hopping at Mandan, Dak., says that he is at work in an office there, and that he begins work at 1 p. m., and continues until six the next morning. Better quit it, Charley. No man can afford to waste his health and strength in that way.

Last week we stated that a sister of Philip Nicholas of Arlington, had come from England to reside with him. Since that time an English gentleman named Smith—perhaps a descendant of the original John—has followed her across the wide ocean, and made her his bride.

The Gilmore matinee and concert given at the Opera house last Tuesday afternoon and evening, for the benefit of Oak Park seminary, were fine. There was not so large an attendance as there would have been if a notice of the entertainment had been published in our village papers.

Swinton's new readers adopted by our school board, are a great improvement over the old Educational series now in use in our school, both in their make and the matter contained in them as well as the method of instruction adopted. We think they are fully equal to, if not superior to any reading books ever made.

On Wednesday last the Decatur boys came to Paw Paw to play the Paw Paw's a matched game of ball for \$25 a side. They played nine innings and the score stood 23 for each side. Paw Paw wanted to play on until the game was won by one side or the other, but Decatur refused to play further, claiming that the rules did not require it.

"The Paw Paw Non-Resistant" tearfully admits that that village has the homeliest school matrons in the county. Later—the editor can now be found in the swamp. *Message*—We never admitted any such thing. The *Message* man must be trying hard to maintain the evil reputation for truth and veracity ascribed to him by the *Sentinel* man.

The county papers are making remarks upon the fact that there is but one graduate from our high school this year. The reason is that the school board put an extra year into the course, making it a four instead of a three year's course, and if Miss Huggles, the lady who graduates this year had not been enabled to take an advanced position in the course, there would have been no graduates until next year.

At a session of our school board on Monday evening last, it was decided to engage the services of Prof. E. M. Russell of Milford, Mich., as principal of our school for the coming school year, at a salary of \$1200. Mr. Russell is a man of large experience in his profession, and ranks high as a successful teacher and superintendent. Miss Martha L. Furness was also engaged as assistant, at a salary of \$600. Miss F. is also a highly successful and experienced teacher. Both Mr. Russell and Miss Furness have had a personal interview with all the members of the board, and both have accepted the positions tendered them. It is to be hoped that under the management of these parties, assisted by the able and energetic corps of teachers already in the school, and who will remain another year, that our school may be made to occupy, as it should, a place in the very front rank of public schools of the state. Toward Prof. Cupples and Miss Thomas, who retire from the school, we feel sure that the people of this village feel grateful for their valuable services here in the past, and wish them success in the future.
