The People's Cyclopaedia
Contains 58,000 topics, nearly double the number of subjects treated by either Appleton's, the Britannica, or Chambers' cyclopedias; 64 double-page colored maps; 100 smaller maps and diagrams, and over 5000 engravings.
It is the result of many years of preparation, and embodies the work of over four hundred of the ablest scholars of this country and Europe.
It embraces the essential parts of all other cyclopedias. It is a revision and correction of their many errors. Having just been compiled, it contains much information not found in other cyclopedias. All current topics are brought down to the present year.
By careful and systematic editing by which only established facts and practical points are given, by the use of abbreviations which save space and yet leave the sense perfectly clear, by using an elaborate system of cross references by which the repetition of matter is entirely avoided, it has been made possible to incorporate the entire work in two large super-royal octavo volumes of over 1000 pages each.
It is printed from condensed type made expressly for it, which is perfectly clear and easily read. If the matter were set in ordinary type and pages, it would make twenty volumes of 500 pages each.
Mr. J. T. Midgley of Franklin, is the agent for this great work in this county, and orders or requests to see the work, mailed to him at Paw Paw, will receive prompt attention.

Crockery and Groceries.
I have just purchased a new stock of crockery, and have my store packed full of goods. I sell crockery cheaper than the cheapest. Call and be convinced that this is no humbug. 67tf

VanAuker is shipping his wool.
Union services at the Baptist church next Sunday evening.

They have a new safe at the bank which weighs 7500 pounds.
Longwell's big Fourth of July balloon was picked up three miles north of Kendallville.

Rev. J. A. Bready of Plainwell, will preach at the M. E. church, next Sunday morning.

The Dyckman house barn having been once shingled with iron, is to be re-shingled with tar.

At Hartford, their fire-works were prematurely discharged and all went up in one grand explosion.

W. J. & R. Sellick advertise to perform surgical operations at ruinously low prices. Read their new ad.

Married, on Friday, July 6th, by C. E. Galligan, Esq., Mr. Lorenzo McDougal and Kittie S. Abrams.

Some thirty members of Broadhead Post attended the celebration at South Haven. They report a good time.

The ladies of the M. E. society will give a lawn social in the church yard this (Friday) evening. Ice cream will be served.

The Little Joker Fly Paper Company is on deck again. Harm Johnson is the superintendent of the company this year.

Prof. Jacobs has gone home to his father's this week with his family. He is strengthening his muscle in the hay field. Beware of the fence corner, Fred.

John McLain's little boy fell from the chamber window the other day, a distance of twelve feet and, strange to say, sustained no injury beyond a few slight bruises.

A number of the ladies of this village have formed a broom brigade. They promise to let the people see them one of these days when they get more proficient in drill.

We have no doubt that all our readers noticed Broughton's new boot and shoe advertisement in our last issue, notwithstanding we inadvertently omitted to call attention to it.

Dr. J. Andrews who has been very ill from one of the periodic attacks to which he is subject, is somewhat better, and will probably recover. We hope to see him out again, soon.

Gilbert Mitchell of Geneva, knowing where to find a good market, drew his wool, about 800 pounds, to Paw Paw, and sold it to VanAuker. He got some \$17 more for it than he could get at South Haven.

The discipline church of this village has extended a call to Rev. Edwards of Ligonier, Ind., to come and preach for them a year. It is not yet known whether or not the invitation will be accepted.

The *Courier* speaks in terms of commendation of the remarks of one of its editors at the Decatur alumni meeting. We presume its judgment is correct. It certainly ought to know as much about it as anybody.

While calling on our patrons in a business way, we visited Dr. Hendrick and found him enjoying the fruits of a large, lucrative, thriving, and constantly increasing practice. He has a "Monument of Honor" in another column. Read it.

David Byrn formerly of this village, who on account of ill health has been for some time past an inmate of the county house, has left that institution and opened a shoe shop in Hartford. We hope the old gentleman may meet with success.

We inadvertently omitted to state last week, that Mrs. E. L. Warner and her daughter Frank, had gone to Denver, Col., with the hope that the daughter's health which had failed here, might be improved by a change of climate.

Our townsman Riley Bangs, who has been confined to his home for so long a time, has so far improved in health as to be able to walk about town, with the aid of his crutches. He finds this to be quite a relief after his long confinement within doors.

The annual reunion of the soldiers and sailors of south-western Michigan, will be held at St. Joseph on the 23d, 24th, and 25th of August, next. Col. B. F. Heckert of this village, has been appointed to a position as aid on the staff of commanding officer.

Carroll & Co. will send up another balloon on Saturday next at 3 p. m., with a tin tag attached. Whoever finds the tag, and returns it within ten days, will receive a three-dollar pair of shoes. The card attached to the first one they sent up, was not found.

Much credit is due to G. W. Longwell & Co., for the enterprise shown by them in giving our citizens the magnificent display of fire-works and balloon ascensions on the evening of the 4th. Under the management of H. A. Rogers, Esq., the display was a great success.

The only casualties that occurred during the sham battle at South Haven, happened to two members of Broadhead Post, Jared Loveland who had powder blown in his face, and John Ryan who had his coat partially torn off. They got too close to the battery during the charge.

Quite a number of our citizens have improved the appearance of their places by removing old, unsightly fences. A good many others ought to go and do likewise. There is no need of fences, and unless they are neat and ornamental, they had better be dispensed with entirely.

Up at J. M. Brown's they have a novel center-piece for a flower garden. It is a cluster of blooming pond-lilies. A cement tank was constructed and soil from the lake bottom procured and the lilies transplanted therein. The beautiful flowers bloom there as elegantly as in their native waters.

Prof. Jordan, the new associate editor of the *Courier*, has rented a house and removed his family to this place. We extend to him a cordial greeting, and wish him abundant success, except in a political way. Aside from his politics, which we think are execrable, we consider him a desirable acquisition to our community.

The following are the newly installed officers of Paw Paw Lodge, I. O. O. F. No. 6. David Chapman; V. G., S. H. Blackman; Sec., W. H. Mason; Treas., E. Martin; P. S., Wm. Reed; W., A. F. McNeil; Con., A. H. Herron; I. G., Fred Bassett; O. G., R. Rogers; R. S., N. G., O. W. Rowland; L. S., N. G., J. L. Terrill.

Died, at the house of H. B. Wilson of this village, on the morning of the 11th of July, Louis S., infant daughter of Joseph and Mary Failing, of Grand Rapids. The loved one was taken to Alma and buried, where the friends of each of the parents reside. The kindness of friends both in Paw Paw and Alma, will long be remembered.

We have examined the People's Cyclopaedia, published by J. C. Chilton & Co., of Detroit, Mich., and unhesitatingly pronounce it a very desirable book. It consists of three large volumes, elegantly illustrated, and containing a vast amount of information on almost every conceivable subject. Mr. J. T. Midgley is at present taking orders for the work in our county.

Last Friday, Mr. N. M. Garrett of Jackson, state agent for the original Pennock road machine, was in town exhibiting one of his machines. We saw the machine at work on our streets, and it appeared to perform the work in a most excellent manner, and to completely fill the bill. For making a perfect road, level and smooth, it is certainly far ahead of any other implement we ever saw. The machines are manufactured by S. Pennock & Sons, at Kennett, Pa., and Fort Wayne, Ind.

A line from Will Ross, dated at Raton, N. M., inclosing subscription to the *Northern*, says: "I have been here for several months as train dispatcher for the A. T. & S. F. R. R., and move with my family to Las Vegas, N. M., to accept a similar position at a more remunerative salary. This is eminently the home of the cowboy, the Mexican, and last but not least, the small-pox, of which the country is full, and to which the Mexicans pay no attention, visiting the patients and taking the family of children with them. The disease is of a mild form and but few die with it. We are surrounded by mountains and have a delightful climate, and wear winter fannels the year around. Trout, deer, bear, and mountain lions abound."

On Saturday last, Willie Hyman, a nephew of Alson Hyman, a young man 23 years of age, recently from Sharon, Wis., met with a sad accident. He was assisting in doing some work on the barn of Alvin Coulson, in Waverly, and fell from the scaffold to the barn floor, a distance of 25 feet. His head was badly cut, his breast bone and several ribs broken, and he also received a severe concussion of the brain. Dr. Hilton attended to his injuries and at the present writing he seems to be doing as well as could be expected.

About Folks.
Charley Ross of Topeka, Kan., is visiting in town.

Mrs. A. C. Martin is visiting friends in Bangor.

Robt. Sellick and family are visiting friends in the east.

Judge Mills and his wife have gone east to spend the summer.

Mrs. C. G. Nash and son have gone on a trip to the sea shore.

Chas. W. Fisk, Esq., of Chicago, has been spending a few days in town.

Esq. Mason and family spent the week of 4th with friends in St. Joseph.

Mrs. B. F. Heckert has gone to Hudson, Ohio, on a visit to her mother.

Frank W. Sellick Esq., and his family, have gone east on a pleasure trip.

Mrs. E. Rowland, of Lawrence, has been visiting the family of her son, O. W.

Miss Etta Hopping has rejoined Mr. Harrington in the municipal convention field.

Mr. and Mrs. Edwin Martin have returned home from their trip to the sea shore.

Ed. Wilson has gone to Ludington to take a position in a printing office at that place.

Ell Hieroe is home from "up north" where he has been employed for several months past.

D. W. Leavens and wife, of Bay City, formerly of Decatur, are visiting friends in town.

Mr. and Mrs. Joseph Kilburn returned from their visit to Whitehall, last Tuesday evening.

Capt. Smith and wife are down in old Connecticut eating clams, as they do every summer.

Mrs. H. C. Buffington and daughter, of Chatham, Ont., are spending a few days with friends here.

Prof. Russell, our new principal, was in town this week looking for a dwelling place. He expects to come here with his family about August 1st. The Professor sports an elegant gold headed cane which was presented to him by his graduating class at Milford.

C. H. Sage, Esq., professor of penmanship and ornamental pen drawing, has returned from a trip to Chicago and Valparaiso, where he has been to investigate different methods of teaching his art. Mr. Sage intends to keep fully up with the times as an instructor. Since the above was written Mr. S. has gone to Memphis, Mich., on a visit.

Sharp Practice.

The agent of the Bell Telephone Company has been in town looking up the project of building a line from Kalamazoo to Hartford via Lawton, Paw Paw and Lawrence. They will build the line provided they can sell coupon tickets in advance, at the various points along the line, to the amount of \$2,500; these tickets to be good at any time to any person, in payment for use of the company's line anywhere in the state. The narrow gauge taken \$500 worth, and liberal amounts have been taken at Lawton. The terms for the use of the line will be 25 cents for five minutes' conversation at distance exceeding fifteen miles, and 15 cents for shorter distances. It is an enterprise that would be valuable to all and we certainly hope it will be accomplished.

New Industry.

Mr. Cole, and other parties, have been looking over our village with a view of locating a shirt factory, and steam laundry here, which would employ on the start, 25 of 30 hands and probably be soon increased to 100 or 200. They have been nearly frightened away by the high prices asked for eligible locations. We certainly hope that our citizens will realize that it is for their interest to secure such an institution in Paw Paw, and not let the opportunity elude their grasp. Nothing so tends to build up and advance the interests and prosperity of a town as manufacturing, and it would be a good investment for our business men to assist these parties in obtaining a desirable location. We understand steps have been taken looking in this direction, and we hope they may prove successful. There is not a healthier, pleasanter, nor more beautiful village in western Michigan than our own, and if we should succeed in getting prosperous and profitable manufacturing interests established here, our town would soon be "booming," as the western people express it. All that is necessary is for a start to be made in this direction, and other interests will be attracted by it. Now is a favorable time for such a start, and it should be secured by all means. If Paw Paw fails to avail itself of the present opportunity, some of our neighboring towns will profit by our supineness, and the extent of the mistake will be realized when it is too late to be remedied.

LATER.—Since the above was put in type a public meeting was held, and a committee appointed to solicit subscriptions to aid in the purchase of a suitable site for the factory, and some hundreds of dollars subscribed. The matter however, was finally disposed of by the joint action of the school and village boards, granting the use of town hall for one year, rent free, on condition that the factory shall be permanently located here. The company will begin operations at once.
