The Best Electric Galvanic Belt.
A Positive cure for Rheumatism, Liver, Stomach and Kidney diseases, Disease of the blood, Skin diseases, Female Complaints, Paralysis, Neuralgia, Catarrh, Lame back and Nervous debility. This Belt is, without doubt, the best, the strongest and most scientifically constructed Electric Appliance ever introduced, being the invention of the greatest German Electrician. These Belts, unlike many so-called Electric appliances, are very light, not disagreeable to wear, and generate a current that can be immediately felt. Under no circumstances can they do harm, and must do good, no matter what the complaint is. The following letter is from a well-known lady: LAKE CORA, August 25th, 1889. Mrs. E. Post—Dear Friend—I write to let you know that I am very much improved in health since wearing the Electric Belt. Before wearing it, I suffered continually with cramp in my limbs, side and shoulders, also in my feet and hands, until it seemed as though the bones would break. I am 81 years old and have had this difficulty for 30 years. Have tried all known remedies, and all have failed. After applying the Electric Belt, I found much relief, that I could go to bed and sleep well. I advise all afflicted to give it a trial. Mrs. MARY PARKER. Mrs. E. Post, who has the exclusive agency for these appliances, can be found at the residence of Mrs. Dr. Odell, where she will be pleased to meet any who are afflicted. [1804lf]

Edward Bacon, a prominent member of the Niles bar, had charge of Mr. Van Sickle's interests in the noted Gibson-Van Sickle ejectment suit tried in the circuit court last week.

R. W. Broughton has added much to the beauty of his home by grading the grass plot outside the shade trees and putting in a substantial curb, in front of his lots, on both streets.

Mrs. Waite whose home is in Nebraska, and who came here as a witness in the Gibson-VanSickle ejectment suit, is very seriously ill at the home of her daughter, Mrs. J. D. Monroe.

The Kalamazoo county Pomona grange will hold a meeting at Eureka Grange hall to-morrow. Patrons from Van Buren county are invited to be present and take part in the meeting.

The pulpits of the various churches in this village are, without exception, ably filled, and, while the attendance is usually quite fair, it seems to us that the churches ought to be taxed to their utmost capacity in accommodating those who desire to listen on occasions of regular services.

Sheriff McFarlin sold at public auction, Monday, the personal effects of Mr. Pomeroy, late head of the Western World aggregation, to satisfy a claim of Mr. Geo. Koons, who "harnessed" said show at the start. A fair price was obtained, several purchasing articles, intending to hold them as "souvenirs."

Dr. A. E. Bulson, of Jackson, says that he has moved out of the Latimer house, not on account of any hobgoblins, ghosts or spooks which some claimed were haunting said premises, frightened his family and guests, but he made the change simply for the reason that he has purchased a home at 318 First street.

The failure of Geo. Myers to be on hand at the races last Thursday p. m. was commented upon by many of his friends. He never missed one before.

Aaron Thompson, who kept a meat market here for some months, and who during that time married a Decatur woman, thought all his troubles were at an end; but it seems they had but just begun. During his absence from his home in Lawton, a few days since, his wife moved the household effects to a residence of her own selection, and on his return he instituted a suit for their recovery—commencing with replevin. And the battle is still on.

The C. L. S. C. met at the residence of Mrs. Dunning and organized as follows: F. W. Sellick, president; C. L. Eaton, vice president; Mrs. A. C. Martin, secretary; A. C. Martin, treasurer. The club can felicitate itself upon its good fortune in inducing Mr. Sellick to again act as its head. Mr. S. has for several years occupied this place, and as he is an inveterate and careful reader, and, in addition, has traveled extensively, observing closely, no more appropriate selection could possibly have been made.

Last Wednesday forenoon, an addition to the east wing of the prison at Jackson, known as the school and library building, caught fire from tinners' "salamanders" on the roof. The city department and prison firemen worked like beavers for two hours before they had the fire under control. The entire building was gutted, only the walls standing. The basement was a vegetable cellar, first floor a store room and second floor school rooms and library. The latter was valued at \$4,000 and contained 2,900 volumes. The building was 70x100 feet. It was built nine years ago and cost \$30,000, No insurance.
