OUR  
GOSPEL

BUSINESS

We buy as low as we can—  
That's business sense.

We sell as low as we can—  
That's progressive sense.

We buy as low as you can—  
That's common sense.

When others claim to sell as low  
as we do—  
That's nonsense.

YOU BUY OF US—  
That's dollars and cents  
for both of us.

Be sensible, and when in need of

SELL THE BEST GOODS WE CAN,  
TO ALL THE PEOPLE WE CAN,  
AT THE LOWEST PRICE WE CAN,  
EVERY TIME WE CAN.

We would suggest this as the proper season of the year to turn the cold winter picture to the wall and start the summer ball rolling with something bearing date 1892—new Hardware, for instance. If in doubt as to the best place to buy anything in this line, call on us and we will show you Hardware to your heart's content. We have the goods if any one.

Yours truly,

A Kansas paper relates a queer experience of a young lady during the recent terrible cyclone that swept Toxanda from off the earth. The account says that when the house was swept away, Miss Thornton found herself floating about in various directions like a feather, for some time. At last, just as it seemed as if she would alight on top of a stable, the wind carried it away, and she was deposited on a horse's back, entirely unharmed.

Last Friday afternoon a special train on the narrow gauge going to Hartford found the road blocked by a large tree blown across the track one mile this side of Toquon. The rails were broken, ties mashed into the ground, and things generally demoralized; but, after clearing away the debris, the rails were propped so as to admit the passage of the engine, the car being pushed across by hand. Upon arrival at Hartford, men were sent back to repair the track in season for the regular train. Had there been no special to discover the danger, the conditions would have been favorable for a serious accident to the night train.

The Redpath Concert Company was a great disappointment to the large audience which had confidently expected a treat. The illness of Master Cecil necessarily detracted much from the program; but, even if he had been present, the combination is not an ideal one, too many soloists creating a tiresome monotony which detracts even from the charming renditions of the whistler and violinist, while the recitations are all of a nonsensical nature. It is hardly to be wondered at that, out of a total of seven entertainments, one should prove a disappointment, but the ladies are extremely sorry that it should happen to be the final number.

Bert Landphere, a young man 24 years of age, living at Gobles, has been quite ill, and since convalescence has exhibited strong symptoms of insanity, last week becoming so violent that on Wednesday he was brought by Deputy-sheriff Young to our county jail for safe keeping, his mother petitioning for his application to the insane asylum. The necessary papers had been made out, when his brother appeared on the scene, asserting that he was confident of being able to manage the patient. Sheriff Thomas reluctantly released him, and the two brothers started on their return to Gobles. Having occasion to go to that village the same day, Sheriff Thomas found the self-appointed guardian vainly trying to coax his brother onward, while the latter sat stubbornly by the roadside and refused to budge; after protracted urging, it became evident that he must be placed in confinement, so he was brought back here and taken to Kalamazoo on Friday. As the aberration is the result of a grippe, it is hoped he will ultimately recover.

On the List. It will be remembered that a few weeks since our school was visited by an examining Board from the State University, with a view to placing it on diploma relations with that college, and Supt. Wilson informs us that he is in receipt of a notice from Pres. Angell that the Paw Paw Union School has been placed upon the list for all courses; viz, A. B., Ph. B., B. S., and B. L.

The complete list of schools in the state holding such relations includes Ann Arbor, Battle Creek, Bay City, Charlotte, Coldwater, Detroit, Flint, Grand Rapids, Ionia, Jackson, Manistee, Marquette, Monroe, Saginaw, Port Huron, Pontiac, and Ypsilanti. From the foregoing names, it will be seen that our school is thus placed on a footing with all the large schools of the state, and that the enviable reputation we have gained in the past will thus be greatly augmented in the future.

This is a move long contemplated, and it is due to the energy of Supt. Wilson that it has at length been consummated.

That our graduates can now enter the University without examination, will give us quite an advantage over the other schools of the county, inasmuch as a diploma from Paw Paw will now bring added honors to its recipient.
