**"BEST RUBBER FOOTWEAR ON EARTH."**

Every pair of genuine Lambertville "Snag-Proof" Rubber Boots or Shoes contains from fifty cents to one dollar and fifty cents worth more of PURE rubber than any other rubber boot or shoe in the world. ABSOLUTELY NO SHODDY USED. They cost more to make and give manufacturer and dealer less profit than cheaper goods.

Ordinary rubber footwear is CHEAPENED and WEAKENED by the use of cheap material and SHODDY old rubber boots and shoes) and is made to resemble the genuine goods so closely that no one but an expert can detect the difference except by wear. To protect you against these cheap imitations we paste a label with our "Proven" trade mark and the trade mark "Snag" is stamped in the rubber at the top and the name Lambertville Rubber Co. on the heel of every pair.

**LAMBERTVILLE "SNAG-PROOF" Rubber Footwear**

Not the lowest price but the CHEAPEST in the end because you get more good hard wear for your money. Made of five thicknesses of pure rubber and a special grade of heavy duck with pure rubber forced through from both sides. Thickness of foot and leg exactly alike, no thin parts to save a few cents.

**YOUR DEALER MAKES LESS PROFIT ON "SNAGS" THAN ON OTHER RUBBERS; PATRONIZE HIM.**

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. **Dr. Pierce's Golden Medical Discovery** is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

**The Tyranny of Custom.**

Every human being has natural affections and natural antipathies. Instead, however, of obeying the impulse which makes us pursue the former and avoid the latter, we allow the most intimate relationship in life to be decided by calculating reason. Even in the matter of food and drink, we neither eat when we are hungry nor drink when we are thirsty, but whenever the ringing of a bell summons us to a meal for which we may or may not have the smallest inclination.
