Rough on "Good Samaritan." Frank Koetsch, a laborer, was put on trial at Graz for his action in saving the life of a would-be suicide. He had found a man dangling from a tree, and had promptly cut him down and taken him to a hospital. The man recovered from the effects of the hanging, but complained of a scalp wound he had received when falling to the ground, and he brought a charge of personal injury by carelessness against the man who saved his life. Koetsch was acquitted, but declared he would take care never to act the Good Samaritan again.

The Danger after Grip lies often in a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore to health and good spirit after an attack of Grip. If suffering, try them. Only 50c. Sold and perfect satisfaction guaranteed by all druggists. adv.

Matter of Chas. Edwin Taylor, insane. Petition for admission to Kalamazoo State hospital filed. Physician's certificates filed and emergency order issued.

WOMAN'S COLUMN

Devoted to the Cause of Woman Suffrage.

EDITED BY MRS. CLARA S. RENNIE.

All over the world, thinking men are actively advocating the franchise for women, and when we come to our own state we find the movement has the strong support of statesmen, business and professional men, merchants and manufacturers, while a canvass of the factories in the state shows the importance of the issue is keenly realized by the large body of working men. Eighty per cent of our newspapers plead for the cause and between 80 and 90 per cent of our physicians are on record as its friends. Why not? In what have women failed? What duty has society ever put upon them or what work have they ever undertaken in which they have not succeeded? In their domestic life, in their public life, in their social life, in their intellectual life, have they not done their work as well as men have done theirs? In home, in church, in club and in school, they have shown a conscientious devotion to duty, intelligence, patriotism and a marked capacity for service. Is it not likely then that if they had the ballot they would bring a much needed power for good into our political life?

The men most prominent politically in our state as well as in nation have spoken in no uncertain terms of their belief in its wisdom. In an address to a mass meeting of suffragists Governor Osborn said in part:

"I believe sometimes I have measured governments and mankind by the manner in which they treat their women. You may always judge progress by this standard. In ages past, men looked upon women as their burden bearers, and there are still many who look upon women as good only for some of the less important work I have never heard of one single reason against equal suffrage. One thing that has influenced me more than anything else in favor of equal suffrage is the type of the opposition I have seen at Lansing, and it is true in other places as well, arrayed against the good women of the state all the elements which make for lawlessness, for evil and for hurtfulness to general society. If bad men of the state are arrayed against good women of the state in their fight for equal suffrage I want the good men to help the women. If equal suffrage can do for Michigan what it has done for Colorado and other states where it has been tried, may God grant that it may come to us soon. There is nothing in this movement to demoralize woman. You may still be the gentle woman of fine fibre that you have always been. If woman's influence has made for the good of the home and for the good training of children in the years gone by then women should be given a wider scope. Good men are glad to array themselves under the banner of good women: I want to put myself on record now and for all time in favor of equal suffrage and I want to get all the rest of the men on record to that effect." President Taft, in a speech at Tole

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Home Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny—unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush free with each can of enamel only.

Use BLACK SILK METAL POLISH for silverware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

Black Silk Stove Polish Works STERLING, ILLINOIS

do, inaugurating his present campaign, spoke in favor of woman suffrage in these words: "The best government, in the sense of the one most certain to provide for and protect the rights and governmental needs of every class, is that one in which every class has a voice. In recognition of this, the tendency from earliest time has been the enlargement of the electorate to include as many as possible of those governed, but even today the government is by a majority of one-fourth. This is the nearest to a government of the whole people that we have ever had. But woman suffrage will change this and it is doubtless coming as soon as the electorate is certain that most women desire it and will assume its burdens and responsibilities."

Woodrow Wilson, in an address to several thousand women on New Jersey day at Seagirt, N. J., heartily welcomed women into the "field of politics," and pointed out that the entry of women into politics was "a thing devoutly to be wished." In conclusion he said: "And so when women come into politics they come to show us all those little contacts between life and politics, on account of which I, for myself, rejoice that they come to our assistance."

Theodore Roosevelt, as a member of the New York legislature, repeatedly voted for woman suffrage, and as governor of New York recommended it in his inaugural message and in his address at the Chicago convention of the Progressive party, said: "Working women have the same need to combine for protection that working men have; the ballot is as necessary for one class as the other. We do not believe that with the two sexes there is identity of function, but we do believe that there should be equality of right; and therefore we favor woman suffrage." His associate, Hon. Hiram Johnson, the present governor of California, says emphatically, "I stand for votes for women." Jon. Robert M. LaFollette of Wisconsin embodies his belief as follows: "I have always believed in woman suffrage to the same extent as man suffrage for the reason that the interests of men and women are not superior nor antagonistic one to the other, but are mutual and inseparable. Co-suffrage, like co-education, will react, not to the special advantage of either men or women, but will result in a more enlightened, better balanced citizenship and truer democracy."

THE COUNTY ROAD SYSTEM.

The Road Commissioner of Kalamazoo county called a meeting for Oct. 7th 1912 to convene at the court house, Kalamazoo, of the supervisors and township highway commissioners to talk over the conditions and needs of the roads and to make arrangements for the coming year's work. And in order that others might know the feeling of the supervisors and highway commissioners in regard to the county system the writer asked for a statement and was given the following on a unanimous vote of those present:

"To whom it may concern: We, the board of supervisors and highway commissioners of Kalamazoo county, Michigan, hereby certify that the County Road System has been in successful operation in this county for the past three years; that under the system there has been 75 miles completed of good roads; that they have

BAD BREATH
DO YOU WANT your friends to avoid you? They will certainly do so when your breath is bad. There is no excuse for anyone having a bad breath. It is caused by disorders of the stomach which can be corrected by taking Chamberlain's Tablets. Many have been permanently cured of stomach troubles by the use of these tablets after years of suffering. Price 25 cents per bottle.

Chamberlain's Tablets

WARNER Groceries Meats

- 2 cans Pink Salmon - 25c
- and three lantern globes \$1.00
- 3 Cans Eagle Brand Milk - 50c
- Picnic Hams, per lb. - 15c
- Bulk Oysters, per qt. - 40c

WARNER

been distributed in the various townships of the county; that they have given universal satisfaction; that the cost has averaged about \$2,000 per mile; that the system is no longer an experiment, but is an established fact for the good of the general public.

"We recommend most heartily the adoption of the County Road System to our sister counties." "On motion carried unanimously." WM. BRYANT, Chairman. FRANK C. WALTER, Dept. Clerk.

Only one man objected to giving the statement and his reasons were "That under the present arrangements the adjoining counties are helping to build roads in Kalamazoo county, and if the sister counties adopt the county system, Kalamazoo county will have to help build their roads."

The writer believes thoroughly in the County System. Because it gets the roads. Because the state helps pay for the roads. Because the cities and villages help pay for the roads. Because it is just and equitable to the farmer and city man alike. Because everybody needs the roads. Because it enhances the value of all property in the county. Because it gets uniform roads and uniform good roads at the least cost. Because Allegan, Van Buren and Cass counties are helping build roads in other counties. Because they ought to let other counties help them build roads. Because the county system is the only way to get good roads and get outside help. Therefore the board of supervisors should submit the question to the people to vote on in April 1913, and the people should all vote YES for the County System. Up to the present time Allegan county has paid \$11,807.32 into the state reward funds and received in reward \$3,032; Cass has paid in \$8,142 and received \$5,230; Van Buren has paid in \$9,403.57 and received \$7,334. DAVIS HAVEN.

70 Years with Coughs

We have had seventy years of experience with Ayer's Cherry Pectoral. This makes us have great confidence in it for coughs, colds, bronchitis, weak throats, and weak lungs. We want you to have confidence in it, as well. Ask your own doctor what experience he has had with it. He knows. Keep in close touch with him. One of Ayer's Pills at bedtime will cause an increased flow of bile and produce a gentle laxative effect the day following. Formula on each box. Show it to your doctor. He will understand at a glance. Dose, one pill at bedtime, just one. Made by the J. C. AYER CO., Lowell, Mass.
