Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney, Toledo, O. Keep Your Eye on that Can

When Buying Baking Powder

For this is the baking powder that "makes the baking better."

It leavens the food evenly throughout; puts it up to airy lightness, makes it delightfully appetizing and wholesome.

Remember, Calumet is moderate in price—highest in quality.

Ask your grocer for Calumet. Don't take a substitute.

RECEIVED HIGHEST AWARDS. World's Pure Food Exposition, Chicago, Illinois, Paris Exposition, France, March, 1912.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

Noiseless Gun for Killing Horses.

A curious horse-killing gun used in England to kill horses which have been injured is now being adopted by American anti-cruelty societies because of its noiselessness and surety of action. By a slight blow a bullet is noiselessly driven into the brain of the animal, killing it instantly, without a sound to attract attention in a city street.

Sore Throat or Mouth.

When the mouth or throat is irritated or diseased you have the common ailment of Sore Mouth or Sore Throat. If not quickly cured, you are in danger of contracting more serious or even fatal maladies such as Croup, Quinsy, Tonsillitis or Diphtheria. No other remedy will cure Sore Throat or Sore Mouth so quickly, so surely as TONSILINE because TONSILINE is the one remedy especially made for that purpose. You'll need TONSILINE one of these days, or some night when the drug store is closed—better have a bottle ready at home when you need it most. 25c. and 50c. Hospital Size \$1.00. All Druggists.

YOUR RHEUMATISM

is probably due to uric acid in the system—the blood must be purified—the poisonous acid driven out and general health must be improved.

Thousands testify that Scott's Emulsion rids the system of poisonous acid by enriching the impoverished blood, and its concentrated nourishment is converted into red blood corpuscles which drive out rheumatism.

It is especially valuable to aged people.

Ask for and insist on SCOTT'S.

SCOTT & BOWNE, Bloomfield, N. J. 12-60

Unkind Suggestion.

"Ladies and gentlemen," said the manager, before the curtain, "it is my unpleasant duty to inform you that Mr. C—, the star comedian, owing to illness, will not be able to appear tonight. His system has had a severe shock, and he is suffering from nervous prostration." "What's the matter?" shouted one of the gods from the gallery. "Did ye pay him in advance?"

Might Get Even With Mosquito.

An observer in India has found a small fly of the midge class with its proboscis inserted in the abdomen of a mosquito, engaged in sucking the mosquito's blood. There is comfort, if not benefit, in this bit of news. Why can't we import this midge? The mosquitoes would know how it is themselves then, perhaps.—Farm and Fireside.

Sugar in Diet.

Speaking of the importance of sugar in children's diet, Dr. Woods Hutchinson says: "It is not unlikely that the almost universal and devoutly to be thankful for lack of craving for alcohol in children and in women is due largely to the sweet tooth possessed by them and their indulgence in candy, cakes, fruit, ice creams and sweetmeats generally."

The Dulcitone Player Piano

Slave or Master---Which?

Anti-Mechanical. The Dulcitone Player Piano is anti-mechanical. It is for music lovers—people who can tell by listening if a favorite piece is being tastefully played.

You Are Master. Instead of being a slave of semi-automatic devices, the mere medium of propelling energy, the owner of a Dulcitone is master of the mood of each composition. All the pleasing lights and shades of a superb piano are truly at the finger tips. It makes individuality in playing possible.

For Music Lovers. The Dulcitone gets away as far from the machine idea as possible. True, the keys are operated by a roll of perforated paper, but the expression is for you to dictate. With the simple controlling devices, pearl-like runs, clinging melodies, crashing chords, all at your command, and seeming to spring from the very soul of the instrument.

Your piano accepted as part payment. Convenient terms upon the balance. Your investigation of the Dulcitone cordially invited. Rare values in slightly used pianos. Pianos to rent.
