## GRADUATES FROM H. S.

Daughter of the late S. N. VanFleet, an old Van Buren county pioneer, makes good in Kalamazoo schools.

One of the cleverest young girls to be graduated from the Kalamazoo high school is Miss Evangeline Van Fleet, who this year received her diploma, having completed the course in three years. Miss Van Fleet is only sixteen and for the past two years has worked part of daylight hours in order to put herself through school. Of such a high degree was her work that she was excused from taking examinations.

During the two years she was in the Woodward avenue high school she received honorable mention for she carried five and one-half subjects and was excused from examinations in all of them.

## BOOTLEGGER GETS 90 DAYS

Arthur McIntire of Decatur was arrested by Undersheriff Lang last Saturday on a charge of "bootlegging." He waived examination before Judge Mason but plead guilty in circuit court and was sentenced on Wednesday to a 90 day term in the county jail. McIntire is a piano tuner by profession, and invariably carried a suit case. When arrested an examination of his suit case revealed 42 half pint bottles of whiskey, besides several pints. He explained to the officers that he used the liquor to polish pianos.

## CLEVER CHECK CROOK

It would seem that business men would eventually learn that is dangerous to cash checks or drafts for strangers. A clever crook giving the name of W. D. Lowman, recently caught Roy Hincley of Hartford for \$10.00 and Frank Birney of Lawton for \$15.00. A fake telegram from "The Firm" helped to get the cash. Another smooth stranger recently worked Byron Robertson of Breedsville to the tune of \$50.00. Another case of cashing a check for a stranger.

## ENTERTAINS FRIENDS

Miss Mildred Van Tassel entertained six young ladies Saturday evening at her home on LaGrave street in honor of Miss Ruth Houff, who left Monday for her home in Shenandoah Valley, Va. Mrs. Van Tassel served a dainty three course dinner at 7 o'clock and the girls declared they had the best time ever.

## ADDITIONAL LOCALS

Charley Chaplin will be at the Idle Hour Saturday evening in his latest photo play, "His Night Out." "The Settlement of Our Country," a national address, will be delivered at the M. E. church Sunday morning by Dr. Wm. Forbes Emery, pastor. A cordial invitation is extended to all.

After a very busy term of court, Judge DesVoignes adjourned Thursday morning and with Mrs. DesVoignes left for their home in Cassopolis. The Judge will now take a well earned rest.

Mr. and Mrs. Ford Wilbur and two children, Donald and Stanley, started on an auto trip Friday morning, going first to Brooklyn to spend a week or more at the home of his people. From there they will go to Detroit to visit Dor Taylor and family, Mrs. John Taylor being already there.

A suit growing out of the Welch bank failure of Lawrence was announced for trial last Monday in the circuit court. Mr. Welch, however, failed to appear, and the court refused to proceed with the case. It attracted considerable interest and many from Lawrence were here. The defendant bank has paid 25 per cent, which is understood to be all the assets.

Mrs. Alice Grimes will open her beautiful home on north Kalamazoo street with a house party over the Fourth. Miss Vesta, who is an interior decorator, has remodeled and redecorated the house throughout. The guests will be Mr. and Mrs. Charles Grimes of Indianapolis, Dr. and Mrs. S. M. Kirby of Hillsdale, Mrs. Vesta Travers and Mr. J. Hall of Plainwell and Leon Travers of Detroit.

### A Healthy Heart.

Albert Albu, Germany's greatest authority on nutrition and on the hygiene of sport, says: "A healthy heart, after strong but not excessive exertion, ought to return to its normal number of beats within fifteen minutes after the exercise ends. If it takes much longer then overexertion may be assumed."

### A Simple Safety Device.

The hammer is a useful tool, but its use is not quite free from danger to the user or from injury to materials. The flat, highly polished surface is likely to glance off the nail unless the blow is squarely delivered, and when the nail is of cast metal its head often flies off and inflicts quite severe injuries. One firm, says Chambers' Journal, had innumerable accidents from this cause, and some of the men were permanently injured. Thereupon the managers tried hammer heads with scored faces as an experiment. Owing to the success of the experiment the polished face hammer has been abolished in that firm's factory, except for special classes of work.

### Nothing of the Kind.

Hortense—I can only be a sister by you, Alphonse. Alphonse—Then give me back my presents. Hortense—Why, Alphonse! Who ever heard of a sister doing such a foolish thing as that? Judge

## ORDERS TURNED OUT TO BE NOTES

About the smoothest game that has been played in these parts in years was recently worked in Covert and Bangor to the extent of about \$300. This was the game: A smooth gentleman claiming to represent the Griffin Tailoring & Supply Co. of Grand Rapids would call with samples for a suit. The goods were fine, the price reasonable and the order taken. Later another smooth gentleman (?) called, took the measure and carried away the goods. This left the customer nothing but faith, and each order, which turned out to be a promissory note, was subsequently cashed at some bank. It is surprising to know the class of men who were caught by this clever game, and they are still waiting for suits.

## EVERY-DAY POULTRY TERMS

It is Correct to Speak of Female as a Pullet Until She is Eighteen Months Old.

There seems to be a somewhat hazy notion among amateurs as to the exact meaning of the terms used to designate young and old stock. A pullet, strictly speaking, is a female under one year old. After she has attained her full maturity she is a hen, but in the trade we speak of a fowl as a pullet until she has completed her first year's laying. Therefore, it is correct to speak of her as a pullet until she is eighteen months old, or has begun her first molt.

A cockerel is a male bird under one year old, but he is usually spoken of as a cockerel until he has at least entered well upon his first year as a breeding cockerel.

Cocks are older males, usually having passed through one season's breeding. If you order cockerels for breeding purposes, you will get birds that have not been used for breeding. When ordering pullets, you will get females that are under eighteen months, at the most.

A cockerel should never be used to breed from before he is a year old. A pullet, if she begins to lay at six months, may be bred from at nine months of age, but she will be better if not bred from till she is one year old. The progeny from mature stock is much more vigorous and of a larger size than from immature stock.

A broiler is a bird weighing two pounds or less, and from six to twelve weeks old. A spring chicken is a young bird weighing over two pounds. A capon is the male bird deprived of its generative organs for the purpose of improving the weight and delicacy of its carcass. A stewing chick weighs about three pounds. A roaster weighs four or more pounds.

A poult is a turkey in its first year. A poulard is a pullet deprived of the power of producing eggs, with the object of great size. A trio is a male and two females. A breeding pen is generally made up of from six to fourteen females and a male.

Provide Good Ventilation. Provide plenty of ventilation for the fowls. They can stand lots of cold but drafts or dampness in their houses will soon kill them. A hen requires seven times as much fresh air in proportion to her size as does a horse.

### Lucky Faint Heart.

"Faint heart ne'er won fair lady," quoted Mrs. Gabb as she tossed aside the magazine she was reading. "Some guys have all the luck," growled Mr. Gabb.—Cincinnati Enquirer.

## POPULAR PAW PAW GIRL IS BRIDE

Miss Vivian McCabe youngest daughter of Mr. and Mrs. Henry W. McCabe was united in marriage to E. Fred Wheaton, a grandson of our townsman M. C. Wheaton. The ceremony took place Sunday at the home of Miss McCabe's sister Mr. and Mrs. James Lee in Detroit. It was a very quiet affair and came as a surprise to the many friends here.

The groom has just returned from the art school in New York city and has a very promising future. Miss Vivian is a rearing of ability and was born and reared in Paw Paw. She was a graduate of our school, after which she entered the conservatory of elocution in Detroit. She finished this with high honors and has been making Jackson her headquarters. Their future certainly looks very bright and the talented couple have the best wishes and congratulations of a host of friends here.

## SHERIFF WORKING ON MURDER CASE

Sheriff Beattie and Deputy Cone drove to Zealand, Tuesday, and brought back C. M. Tobey, who is timekeeper of the gang of Italians of which the murdered man recently found at Bangor belonged. The officers suspected that he might know something of the mystery which surrounds the case. He was given a severe grilling and released. The sheriff hopes to unravel the mystery and apprehend the murderer or murderers.
