The Prospect lake people always were good feeders, and even though some of the former residents now reside in far away climes, the habits formed in that charming and favored neighborhood still cling to them.

## Hardware Specials

For August

### Wire Fencing

In all probability Wire Fence prices will be higher after September first than now. Wire is scarce and advancing in price every few days. Our present retail prices are in many cases actually less than present wholesale prices by the car.

What you expect to buy this Fall better be bought now.

### Belknap Orchard Wagons

This is the handiest and best Vineyard Wagon built. As you know they have been the leading Fruit Growers Wagon for the past twenty years. We have two left that can be sold at \$55.00. When these are sold you can expect higher prices. The season will be late and the crop will have to be handled rapidly. All the more reason why you should place your order now.

### Lakey Ready-Mixed House Paint

No mixed paint is made any better. No paint will last on your buildings any longer. No paint will spread any further.

Between twenty and twenty-five years experience in selling this brand has fully convinced us on these points.

We sell this paint at \$2.75 a gallon.

### Banner Steel Ranges

It will soon be cool mornings and evenings. You will soon need a range up in your kitchen. Perhaps you have in mind to set in a new Range this Fall. We want to show you the Banner Range before you buy. It has been a very satisfactory range with us for the past ten years.

We bought early and our price for the early fall will be \$35.00.
