A Mandolin club is the newest musical organization in town. Theodore Ferguson, James Maxwell, Frank Pierce and Russell Hindenach make up the personnel of the club, and Prof. Harry Gottheimer is instructor.

Harry Butler is home from Camp McArthur, Waco Texas, with an honorable discharge from the U. S. Army. Harry was one of the volunteers to go with a Kalamazoo regiment. He liked army life, and looks robust and healthy. A chronic cerebrum trouble however unfitted him for the army.

W. A. Simkins, who has been confined to the bed for some time now, was dressed last Sunday and walked down to the Courier office. The exertion however was almost too much for him, and he has been confined to the bed since that day. Mrs. Simkins does not improve as rapidly as might be hoped, and gets about the house only with the aid of crutches.

"The Slacker" drew a big audience at the Idle Hour theatre last Friday and Saturday nights. It was a fine patriotic feature which enthused the audience from start to finish. Mr. Reeves decorated the theatre with American flags, which added to the spirit of the occasion. "Draft No. 258" is another new patriotic feature which will be shown in the near future, the date to be announced soon.

An oversight in proof reading last week left our fractions slightly mixed in the item about the new paved way to be built next spring between Oshkemo and Paw Paw. What we meant to say was this:—The Federal government will pay one half the expense, the state of Michigan one fifth and Van Buren county the balance. The oversight however gives us some slight compensation as we had the satisfaction of making the "Line 'O' Type" in the Chicago Tribune.

Wm. H. Howe, county chairman for the recent Y. M. C. A. Drive makes the following statement of appreciation:—"In behalf of Van Buren County Committee of the Y. M. C. A. National War Work Council I want to express our deep appreciation of those who gave of their time or of the County Papers and to means for the splendid success of the Drive in Van Buren County. Men and women seemed to realize the importance of the work we are trying to aid. They tackled a man's job in a man's way. We asked for \$6500. The response was about \$9500. The boys from this county will be proud of those back home for they know assuredly we are with them."

David Van Auken of Hartford was driving to Kalamazoo one day last week, and met a string of Buick cars enroute from Flint to Chicago. One careless driver attempted to pass the string just as Mr. Van Auken had turned out to let them pass. The result was a collision and smashup in which both cars were badly wrecked. Fortunately no one was injured. Carelessness and fast driving of the Buick driver were clearly responsible for the accident, and some one will have to stand the damage. The accident happened on the Alma road near the Bilsborrow home.

Mrs. Rachel Yeider, mother of our townsman Perry Yeider, passed away at her home in Bangor last week Tuesday at the advanced age of eighty-two years. The funeral was held from the home and conducted by Rev. Charles Kelsey of Bangor, and the remains laid to rest in Hoppins cemetery. She leaves to mourn her death four sons and one daughter. William Yeider of Bangor; John Yeider of Bangor; Charles Yeider of Alma and Perry Yeider of Paw Paw. She also leaves five brothers and four sisters, eight grand children and eight great grand children, besides many loving friends.

The Indians of South Paw Paw planned for a big dance one night last week at the home of one of their number, Charles Jackson. Jackson made a trip to South Bend and came back with the requisite amount of "Fire Water" for the festive occasion. The result was a glorious drunk. Sheriff Beattie went out and brought in some of the noisy ones, and the next day Under Sheriff Lang went out and brought in Jackson and Steve Peepeau. Jackson plead guilty to "Boot-Legging" and was given thirty days in the county jail, and Peepeau received ten days for being intoxicated. It is said to have been one great round of pleasure while the booze lasted.

Following are the hours to be observed at the Post office on Thanksgiving day. All windows will be open for business as usual in the morning and remain open until 9:30 A. M., when they will close for the day. The City Carriers will make one delivery and one collection of mail in the morning. Rural carriers will not make the routes, but will be in the office until 9:30 to serve patrons who come to the office. The office now has a "Rural Carrier Window" and "City Carrier Window." Patrons who enquire for mail of either City or Rural carrier at any time, should go to the proper window. Mails will be dispatched from the office on Thanksgiving day as usual.

The Y. M. C. A. Drive in Van Buren county was a great success. Six thousand five hundred dollars was the maximum asked of the county, but we "Went over the top" for something like \$9,500. The Paw Paw subscriptions totalled nearly \$1,800. The folks back home are doing their "Bit" willingly and generously. To be true, we have only just started, but it is the spirit of America to stick to the end. With such a spirit dominating a nation, there can be no defeat. The officers and committees of the Y. M. C. A. campaign are entitled to liberal praise for the manner in which they organized for the work, and the ultimate results exceed even the most sanguine expectations.

Deep Breathing.
To maintain good health you should try to inflate your lungs to their normal capacity at all times, declares a physical instructor. The proper purification of the blood through oxygenation requires ample breathing. Drop your shoulders forward and then try to take a full breath. You will find it is impossible to do so in that position. Breathing is only partially accomplished with the shoulders forward and the breastbone depressed. The lower portion of the lungs cannot be emptied, and instead of receiving a supply of fresh air they remain filled with residual air.

Favors Early Motherhood.
Doctor Bell writes in the Journal of Heredity, Washington, D. C., with the statistical proof that young women unquestionably make better mothers than those who have postponed the responsibility of maternity until after thirty years of age. He favors early marriages and youthful motherhood on the ground that, contrary to popular opinion, the offspring of young mothers have a finer vitality and are the peers if not the superiors intellectually of children born of older parents.

Ostriches' Toes.
Ostriches in South America have three toes; those in Africa only two.

THE KITCHEN CABINET

Have you noticed that the women who have system in their work almost invariably appear to have the least to do?

FOR THE INVALID'S TRAY.

For the whimsical palate of an invalid a dainty is more acceptable, whatever it may be, if served in some unusual form. For the busy housewife who has but one pair of hands to perform all duties, time is a most valuable asset, and she has little for frills. However a few minutes spent in garnishing and arranging a dish will make all the difference between receiving and eating it with anticipation, or refusing it altogether. So many fetching things may be done with ordinary things in the home, for example, a whole set of dishes may be made from a few lemons. Cut the lemon that has a good projection for a spout into a cream pitcher, cut a ring of rind for the handle, scoop out the pulp and voila! a pitcher, not for cream, but for various jellies.

Cut a lemon the other way across, put on two little handles and have a sugar bowl, the half of a lemon a little smaller with one handle will be a cup. Figs, using toothpicks for legs, may be made, eyes of black pins, delighting the heart of a child. With dates and figs, turtles, with peanuts various figures, even a whole man may be made by using toothpicks and cork.

Fruit Cream.—Beat the white of an egg, two tablespoonfuls of sugar, and half a glass of grape jelly until it is stiff enough to stand. Serve in sherbet cups with a bit of whipped cream on top.

Rice Cream.—Blend a tablespoonful of rice flour with cold milk, add it to a pint of scalding milk, a pinch of salt and three tablespoonfuls of sugar, cook until well done. Pour out into a pretty dish and serve with cream and more sugar if desired. An egg dropped into a ramekin with a tablespoonful of cream, set in the oven in water and baked just long enough to set the egg, is delicious when seasoned with a dash of salt and paprika.

In all homes there are some choice bits of china, glass and silver, which will be used to advantage on the invalid's tray. Colored foods, like jellies and gelatin, desserts look well in glass.

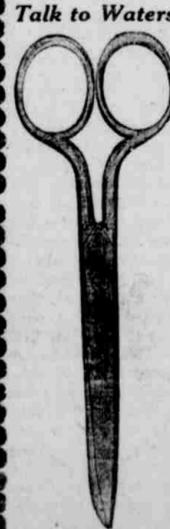

Buy a Food Chopper and save on your eats.
