Don't forget to buy liberally of the Red Cross seals. Any money contributed to the Red Cross is given for a worthy cause.

Miss Faye Brown was married to Frank W. Mann of Kalamazoo on November 28th. Mr. Mann is an electrician and Virginia will be their home. The Paw Paw friends extend congratulations.

Word has been received that the tobacco sent to Raymond Haworth for distribution among the boys at the front has been received. We hope to have a letter relative to the receipt for publication in a later issue.

Longwell and Warner sold the Neve Hulbert farm to J. C. Evans of Kalamazoo and the Folsom Chicken Ranch north of town to Dr. J. C. Nichols of Chicago. The Doctor will come here with his family in the spring.

Decker and Decker sold the Reeves sixty acres 2 1/2 miles north of Paw Paw to Marshall Cotton of South Bend, Indiana. The Dr. Lohr 120 acres on the Lawton-Paw Paw road and the Lammering place at Three Mile Lake to Chicago parties this week.

Miss Geraldine, daughter of Sheriff Gladstone Beattie was married to Edmond Bosch of South Haven last week Tuesday. The bride is a graduate of the Paw Paw schools and one of the popular and highly esteemed young ladies of the community. The True Northerner joins in congratulations.

The extra work in connection with the draft makes pretty busy times in the county clerk's office. The work done by Deputy Broughton during the past four years in that office will splendidly equip him for the duties of clerk. He has made no formal announcement as yet, but it is generally understood that he is a candidate to succeed County Clerk Decker at the close of the present term.

Cecil Haworth, youngest son of Mr. and Mrs. John Haworth enlisted in the Field Artillery division of the army, and was sent to Columbus, Ohio last Monday. Both boys are now serving their country. It is a pretty lonesome home, but both parents feel proud of the fact that both boys wanted to enlist and not wait for the draft.

Commencing Saturday, December 8th, The Popular Hat Shop will make a 25 per cent reduction on all hats for one week. We have a fine line of the best millinery and invite your inspection at any time. Save money during the reduction week. Miss A. M. Lupnitz, The Popular Hat Shop (adv)

Rattlesnake's Rattle.
The rattle of the rattlesnake is developed from the single scale or epidermal spine, which in most snakes forms the internal tegument of the tail. The bone on which the root of the rattle rests consists of the last caudal vertebra and is covered with a skin which is the beginning of the rattle in young rattlesnakes.

"Coon-Cats" of Maine.
The so-called "coon-cat," which is common all over Maine, is held by natives to be a cross between the cat and the raccoon. Biologists ridicule this belief; nevertheless many half wild cats in Maine have the typical raccoon tail with short forelegs, pointed snout and long hair.

Russian 'Birkenwasser.
From the sap of the birch tree some of the tribes of northern Russia prepare their ordinary drink, "birkenwasser," from which they also make vinegar; and in some districts they boil it into a sweet sirup which serves them instead of sugar.

Be Sure of Your "Eats."
If there's a certain food that you are uncertain about don't eat it, advises a physician. There are too many good things in the world to eat that you know are good for you.

Found a Problem.

Poet Farmer (reading)—It says "to keep woodchucks from eating the tender young vines, spray them with paris green." That is plain enough, but how can I catch the woodchucks in order to do it?

This is the Time

to trim grapes. -- You can secure your help now, while in the Spring it will be exceedingly hard to get.

Help Yourself

as well as your neighbors by getting this job out of the way before Spring work opens up.

The higher the price of labor the more need of good tools. Can you afford to "plug along" with an old pair of pruning shears that are nearly worn out? You know that you can trim at least 1-3 more vines in a day if your shears work well.

Save Time

and save money by talking to Waters about a new pair of Grape Trimming Shears.

We have the California pattern as low as 50 cents, others at 75c, \$1.00, \$1.25, \$1.50, \$1.75 and \$2.50.

Talk to Waters

for Cross Cut Saws. Many of us will have to burn wood the latter part of the winter. If we cannot get dry wood we will have to burn green wood. * We cannot burn it unless you cut it. This is your opportunity Talk to Waters about some new Axes, Saws, Wedges, etc., and be ready for us when the demand is on.

5 1/2 Foot Saws \$3.85 and \$4.35
6 Foot Saws \$4.10 and \$4.60
