A Pot Luck supper and a splendid program was enjoyed. The next meeting will be held Saturday the 29th, at the home of Mr. and Mrs. Fred Hodge at Lake Cora. All members are requested to be present as four new members will be taken into this Arbor.

There will be a special meeting of the Eagle Lake Arbor of Gleaners on January 2nd, at the G. W. Lee home. All are urged to be present as Mr. Ormsby of Detroit is to be here on special business from headquarters.

Mrs. Elmer Empson interested the parents of the pupils attending the school in having a Christmas tree and entertainment last Friday which proved a complete surprise for both teacher and pupils. Refreshments were served and Miss Betaque presented with a solid silver table spoon by the parents of her pupils.

**DAYTON CORNERS.**

Received Too Late for Last Week.

The sale of Neve Hulbert was well attended—nearly everything sold at a satisfactory figure. The family may remain on the farm until spring before any change is made when Mr. Hulbert will take possession of his property in Kalamazoo and Mr. Young Evens of that city will move on this farm.

Mrs. Earl Davis and Miss Iris Warner were Kalamazoo visitors last Saturday.

LeRoy and LaVere Davis spent last week in Detroit returning Sunday.

The Bazaar held at the Royal Neighbors Hall in Glendale last Friday evening proved a success and netted the Ladies Aid a goodly sum.

Will Gault and family will soon start on a trip for the winter for the benefit of Mrs. Gault's health. We trust the change from here to Sunshine and flowers in California will prove beneficial to her health.

Mrs. M. A. Shaver has so far recovered and overcome the serious eye trouble as to be able to resume her teaching of music, taking only a small class.

Miss Cleo Martin has been visiting for a few days at the home of her sister Mrs. Marie Hulbert.

Mrs. Manly Martin was a visitor at the home of her sister Mrs. Roy Conifer last Tuesday.

Mr. Root, school commissioner of Paw Paw visited the Dayton school on Monday. Some compliments he paid the school sent the pupils home with a "big smile" and the many encouraging and interesting things he told them will have a tendency to draw forth still better efforts. The teacher and also the school board came in for their share of praise. Mr. Root was very much pleased with the extensive improvements made at Dayton this year.

**Carbolic Acid.**

The use of carbolic acid as a disinfectant should be discouraged, but when it is used it must be borne in mind that to be efficacious it must be diluted in about twenty times its bulk of cold water.

**Good Forage Ground.**

In the antipodes stock rangers find that territory covered with some dwarf species of acacia makes splendid forage ground. One of the best species is A. aneura, a shrub sparingly grown in California as an ornamental.

Your nose, not your mouth, was given you to breathe through.

**The KITCHEN CABINET**

It takes more than one fall to keep a determined man down; to have failed once does not make one a failure; to have strayed once cannot make one a lost soul.

**MEALS FOR INVALIDS.**

Though neatness and care in the preparation and serving of food are important at all times, there is no time when they mean so much, as during the tiresome days of illness. The desire for food is not strong and too often repugnant, making eating a matter of duty rather than a pleasure, and it may become a misery, if the patient has refined and delicate taste, who has meals served in a slipshod, careless, ill-planned manner.

When the patient is confined to her bed a small table or bed tray may hold her food comfortably and attractively. A bedside table is not always possessed, and the tray may be supported by boxes or books on each side of the patient whatever the table or tray may be it should be covered with spotless linen as fine as one can afford, whatever one may be able to endure when well, by the sight of soiled linen, it should never be required of one who is ill. Things will annoy and cause keen suffering of mind in one who is ill, which would pass unnoticed by the person in health. A person who is ill is out of balance in mind and body, and should be treated with every indulgence.

Small amounts of food should always be served to a patient. It is far better for him to ask for more than to be satisfied by the sight of too much. Hot things should be hot on hot dishes, likewise cold foods should be cold. It is often a problem to carry a tray from one end of the house to the other and keep the food hot, but a little thought will overcome the difficulty. A hot dish placed over the hot food will keep it for some time. Tea or coffee if served in a pot, will always stay hot longer.

See that the patient is comfortable, if in bed before her tray comes to her. Most people know the discomfort of sitting in a strained attitude in order to reach food. After the meal see that no crumbs are left in the bed. "One of the minor miseries of illness," as one writer has said, and often the cause of the obstinate bed sore.

**PATRIOTIC SERVICE**  
 At the Baptist church Sunday evening December, 30th, conducted by the Men's League. This will be a very unique and interesting service. It is being carefully planned to interest men. These are strenuous times. Never was the demand so great for 100 per cent manhood as today. Men are wanted in this service. Not only men who are in the habit of going to church, but men of the community. The Men's Chorus will lead in the music.  
 Judge David Anderson will review the past.  
 Commissioner of Schools, E. V. Root will look into the future.  
 Men you must be there if this service is a success. Lets get together, all men of all classes, and blend our energies to one great purpose that we may be able to meet the demands of the hour in an efficient and manly way.
