### RESULTS TELL

There can be no doubt about the re-  
 sults in Paw Paw. Results tell the  
 tale. All doubt is removed. The  
 testimony of a Paw Paw citizen can  
 be easily investigated. What better  
 proof of merit can be had?

C. S. Clark, S. Grempe St., Paw  
 Paw, says: "I had a lame back and  
 could hardly do any work that re-  
 quired stooping or lifting. My limbs  
 and joints ached from rheumatic  
 twinges. My kidneys acted too fre-  
 quently, especially at night and were  
 in a bad condition. I used Doan's  
 Kidney Pills, procured from Log-  
 well Bros. Drug store, and they  
 promptly regulated my kidneys. The  
 lameness and pains in my back left  
 me, too."

Price 60 cents at all dealers—don't  
 simply ask for a kidney remedy—get  
 Doan's Kidney Pills—the same that  
 Mr. Clark had. Foster-Milburn Co.,  
 Mfg., Buffalo, N. Y.

## One Million Dollars Saved In Comparison with Stock Insurance Rates

Michigan is one of the states that has a large and  
 successful mutual automobile insurance company with  
 over 28,000 members with 780 claims paid, and still has a  
 surplus fund of about \$56,000.00.

The Company is well located in a small town and  
 makes a specialty of insuring the automobiles of farmers  
 and the business men of the small towns of Michigan.  
 It started at the right time and is now starting its fourth  
 season of success.

It is the only mutual automobile insurance company  
 that publishes the amount of money on hand to take care  
 of its members and the number of members.

The responsible and active agents are acting for the  
 Company as they do not wish to represent a small  
 company. Why take chances on a small company when  
 you can insure in the big and well established mutual.  
 It is the only mutual company in Michigan that can stand  
 the shock of serious losses and pay the claims promptly  
 with money now in the treasury.

### Stromberg Carburetors

37 Miles on 1 Gallon of Gasoline

At last—a carburetor that actually  
 reduces gasoline expense to a mini-  
 mum—the most effective carburetor  
 ever made for Ford cars, and it has  
 proven its worth.

In an official test observed by F.  
 E. Edwards, of the American Auto-  
 mobile Association, this new Strom-  
 berg carburetor for Fords smashed  
 all official Ford records—proved itself  
 absolutely the most wonderful in-  
 strument ever invented and made a  
 little over 37 miles on one gallon of  
 gasoline.

The primary desire of every Ford  
 owner is to reduce the cost of fuel.  
 Now here is your one big opportunity  
 to really save money on gasoline, and  
 at the same time have a better car—  
 have more power and speed, quick  
 acceleration, and more flexibility,  
 knowing at the same time you have  
 the most reliable instrument on the  
 market.
