

WILL VOTE TWO AMENDMENTS

At the election to be held in this State on Tuesday, November fifth, nineteen hundred eighteen, there will be submitted to the electors two proposed amendments to the Constitution of the State, as follows:

A proposed amendment to the Constitution providing that Section 3 of Article XVII be amended so as to read as follows:—

Section 3. All proposed amendments to the constitution submitted to the electors shall be published in full, with any existing provisions of the Constitution which would be altered or abrogated thereby, and a copy thereof shall be posted at each registration and election place. Proposed amendments shall also be printed together with any other special questions to be submitted at such election in full on a single ballot,

separate from the ballot containing the names of candidates or nominees for public office.

The effect of this proposed amendment if adopted will be to require that all proposed amendments to the Constitution which are submitted at any general election shall be printed on one ballot instead of on separate ballots as now required.

A proposed amendment to the Constitution providing that Section 1 of Article III be amended so as to read as follows:—

Section 1. In all elections every inhabitant of this State being a citizen of the United States; every inhabitant residing in this State on the 24th day of June, 1835; every inhabitant residing in this State on the 24th day of January, 1850, every male inhabitant of foreign birth who having resided in the State 2 years and 6 months prior to the 8th, day of November, 1884, and having declared his intention to become a citizen of the United States 2 years and 6 months prior to the 8th, day of November 1894, and having declared his intention to become a citizen of the United States 2 years and 6 months prior to said last named day; the wife of any inhabitant of foreign birth who, having resided in the State 2 years and six months prior to the 8th, day of November, 1894, and having declared his intention to become a citizen of the United States two years and six months prior to said last named day, and every civilized inhabitant of Indian descent, a native of the United States and not a member of any tribe, shall be an elector and entitled to vote; but no one shall be an elector and entitled to vote at any election, unless he [or she] shall be above the age of 21 years and has resided in this State 6 months and in the township or ward in which he or she offers to vote 20 days next preceding such election: Provided, That no qualified elector in the actual military service of the United States or of this State or in the army or navy thereof, or any student while in attendance at any institution of learning, or any regularly enrolled member of any citizens' military or naval training camp, held under the authority of the Government of the United States or of the State of Michigan, or any member of the Legislature while in attendance at any session of the Legislature, or commercial traveler, or any qualified elector employed upon or in the operation of railroad trains in this State or any sailor engaged and employed on the Great Lakes or in coast wise trade shall be deprived of a vote by reason of the absence from the township, ward or State in which elector resides, and the Legislature shall provide by law the manner in which and the time and place at which such absent electors may vote and for the canvass and return of their votes: Provided further, That the Legislature shall have power to pass laws covering qualified electors who may be necessarily absent from other causes than above specified; and Provided further, That there shall be no denial of the elective franchise at any election on account of sex.

The effect of this proposed amendment is to grant to women the right to vote at any and all elections in this state.

**FOR SALE CHEAP
ELGIN MOTOR STOCK**

The undersigned represents a party owning a considerable amount of Elgin Motor Corporation Stock, and who, on account of being compelled to raise money quickly, will sell part of the stock at \$8.50 per share. This is less than half the regular price. In view of the fact the company has secured large Government contracts, in addition to the manufacture of automobiles, this is certainly a bargain. If interested, write at once. John L. Bolen

WHAT CATARRH IS

Science has shown that nasal catarrh often indicates a general weakness of the body and local treatments in the form of snuffs and vapors only irritate and do little if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-foed in Scott's Emulsion which is a medicinal food and a building-tonic, free from any harmful drugs. It is helping thousands. Try it.

Quietly Patriotic

There are hundreds of good Americans who without demonstration of any kind are daily supporting their Government by setting aside all they can from their income to serve their nations-need.

There are many such people among the Savings Depositors of this Bank, good, substantial citizens who have been able to buy their share of Liberty Bonds.

You can do nothing today (except fight) which is more patriotic than saving money.

If you are not among the many who hold the savings-books of this bank, call for yours now.
