

Announcing the New

# REO SIX

Reo has built a new Six with even greater lasting qualities and strength than former Reos, combined with all the refinement and beauty that it is possible for a car to have.

This new Reo Six rides easier, uses less gasoline and has more pulling power than any other car within \$300 of its cost.

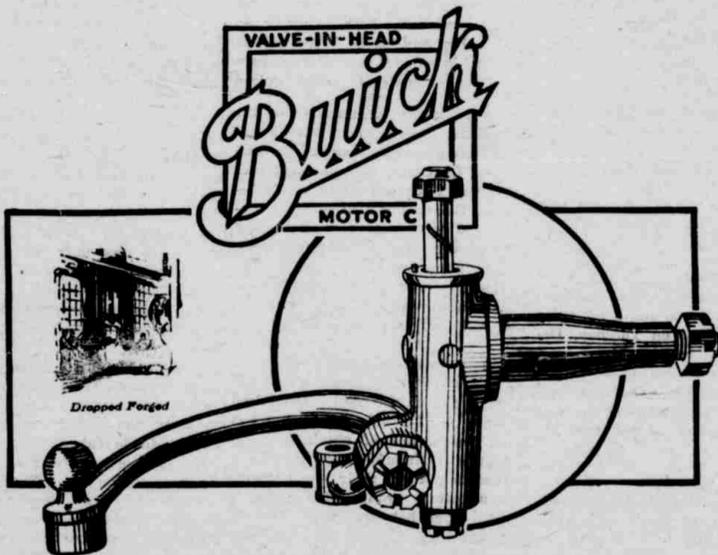

It will do things no other Six will do. The Royal Cord Tire, which are its regular tire equipment, are only a criterion of the quality built into this new Reo. A demonstration will convince you. On display at the DeLuxe Garage, Paw Paw, Michigan.
