Mr. E. W. Cunningham of Clarksville came down Saturday. Mrs. Cunningham has been here some weeks visiting her parents.

Mrs. Graham near Tarpleys died Sunday morning and was buried at Bethany Monday. She was an elderly lady and had been very infirm a long time.

The Florence Bindly company played in Pulaski to 18 inches of snow and empty benches. It was the finest success of the season at the Grand in Nashville.

In counting the cost of advertising consider that if a 60 cent advertisement brings you a bargain in which you make \$50 your advertisement costs you \$49.50 less than nothing.

Messrs. J. A. P. Skillern, Ed. J. Childers, John Morgan, Ruth, Z. W. Ewing, Flinnory Rivers, Solon E. Lowe and Noble Smith were searching for booms in Nashville this week.

Rev. B. F. Haynes' buggy horse broke loose at the depot Friday afternoon and meandered hurriedly up the street. A darky met him on the amen corner at the Catholic church and arrested him to stop.

Braggin's braggin', but figgers' figgers'. The revenues of the government increased over thirty millions this year. It proves democratic honesty, democratic statesmanship and democratic economy.

Mr. Frank O. McCord of Fayetteville came near being killed last week. During a freeze, in attempting to board a train, his foot slipped under the wheels. A friend near by jerked him out barely in time to save his life.

Hume R. Steele, esq., is elabouring about the millionaires at Nashville Saturday. Several of our fellow-citizens were spitting tobacco juice on the check-board floor of the Maxwell. Ev. fellow seemed to be looking for booms.

T. R. Bergie sends \$2 for THE CITIZEN from Butler, Tenn., and says he had written through 42 inches of snow to get to the post-office. We have known this same man to break the ice and swim Elk River to get to subscribe for THE CITIZEN.

Our Mr. Bob Bug is not making as much noise in the newspapers as others who are scrambling for the companionship of exchange for some good quiet scratching. His opponents will find him a lively Bugg to deal with and the man who gets there will have to tumble Bugg out of the way first.

The social event of the week at Aspen Hill was the marriage of Dr. A. H. Madry of Lynnville to Miss Elizabeth J. Tamm yesterday afternoon 2 o'clock. Dr. Madry is a rising physician and an estimable young man, and the charming young lady has chosen well in entrusting her happiness to his care.

Mr. Press Irvine of Lewisburg is making a big race for the wardenship. We cannot see how Gov. Bob can withstand his assaults. Press is an old Giles county boy and THE CITIZEN is for that kind of a kid first, last and eternally, and it will throw forty tons of influence into the scales and get down on its knees before the awful executive when Press comes up to be sentenced.

If you have anything to sell or if you want to buy anything remember you can make your wants known to nearly every intelligent man in Giles county in a day by a little advertisement in THE CITIZEN. Perhaps many of our readers have never advertised a line in their lives. They are not business men yet they frequently have something to sell or to exchange for something else, and it has never occurred to them to investigate the cost of advertising their wants. On investigation you will find a 50 cent advertisement will go further than a man could go for \$50. It will drum up more customers in a week than personal solicitation will bring in a year.

A. L. of H. Every member of Richard Council No. 407, A. L. of H., is urged to attend the regular meeting of the council to-night. Business of great importance will be presented in which all are interested. "Oysters."

The Republican Know-Nothings. This delectable society for the squeezing of quarters out of the poor nigger's pockets met in an upstairs in Pulaski last Saturday night.

Henry Sherrill of Lincoln county came over to Giles about a year ago and has been living on the farm of Mr. H. McKnight about 5 miles from Pulaski. About two weeks ago he was notified that he was wanted in Lincoln for hog stealing and Messrs. Jo. Flippin and Felix Aymett went on Friday to arrest him.

On entering his house they found his two sons, one of them engaged at the time in finding a pistol. The old man was found hidden in the loft. He did not seem at all willing to accompany the officers to court and the boys seemed willing to fight, but they were backed into a corner and covered with a shotgun while the old man was handcuffed and taken from the house.

When the officers returned with him he called to the boys to come out and rescue him and one of them came. He was covered with the shotgun and ordered to return to the house and stay there. He reluctantly obeyed the order. The doctor looked like an old chicken the whole time she was gone. He said he missed her more than he would all the balance of his family.

N. Butler, ex-Miss Ada Gatlin, daughter of James T. and Matilda Gatlin, died Tuesday morning, the 14th, with consumption.

John C. Jones of near Campbellville who has been spending several days in our village for his health. He has been having chills for several months. He has had no chills since he came here.

Dr. R. K. Mondows has been very sick, but we are glad to learn that he is improving.

James Butler and wife, see Miss Rosa Rogers of Baltimore, Md., are visiting his father-in-law, J. C. Rogers, near our village, and perhaps will remain with us next year.

High School Items. The boys are last of the snow has melted, the fourth examination is now a thing of the past, and as a kind of climax, the new foot ball has at last arrived.

The 10th grade are lamenting the untimely quotation of a valuable member. Cause, "Pressing engagements" (of a business nature, however).

We would respectfully suggest to the superintendent that he would incur the heart felt gratitude of several by having the gate repaired. Climbing the fence is inevitable when you happen to be in some what of a hurry, and especially if you are of that class whom nature designed to wear skirts.

It is affirmed on reliable authority, that one of the mature members of the school is soon to move into another state—that of matrimony. Ask him about it. Don't be surprised if our massive three dollar bell sounds forth the happy wedding chime at an early date.

Our library entertainment has been postponed a month or six weeks.

A Happy Man. Frank Neely is a happy man and he has set his associates a commendable example. In addition to what one of his associates says about his recent marriage to Miss Kate Abernathy of Tennessee we wish to add our congratulations and best wishes. We have no personal acquaintance with her, but we know Frank. He is a gentleman of unending integrity—a warm heart and Miss Kate's friends in the volunteer corps will be assured that the flower so recently transplanted from Tennessee dirt to Alabama soil will be well protected. Their destinies have been united in the holy bands of wedlock and as we welcome the good wife to our homes and hearts we but utter the sentiments of our entire people when we wish for the happy couple the realization of their brightest anticipations.

Moulton Advertiser.

It is Not Fair to Us. Many persons all this year come up now and claim club rates. It is not fair to us. We advertised it fully that club rates are cash only and we begged you last Christmas to pay in advance and notified you that if you did not do so we would expect regular rates. Now do not go to your agent at this late date and compel us to take club rates.

NEXT YEAR is a Cash Year. It does us no good and you no good to credit you for such small amounts. Besides, it leads to confusion and mistakes. If everybody pays in advance, then there is no chance for mistakes. And then some men take up the idea that they were paid and get mad at us for asking them for it.

The only safe way is the Cash way. It is better for all of us.

If you want THE CITIZEN next year please pay before your time is out so you may not lose your money. Cash in advance next year must be the rule.

Collecks Academy. This institution is in prosperous condition and has several boarding pupils from Giles county. The principals are men of profound learning and regular attendance is amply able to sustain the great reputation the school has made. We run no risk in commending them to the people and their school as fully up to the high standard it has hitherto maintained.

Oash Next Year. We have had a world of trouble and mistakes over the credit system. Please pay for THE CITIZEN in advance if you want it. Do not send in your name without the money. Giles county people are as honest and clever as any other people, but men forget and make mistakes and THE CITIZEN is blamed often without cause. Everybody pay and then there is nothing to fuss over.

Meeting at Old Lynnville. The Rev. F. J. Tyler, evangelist, will hold a series of meetings at the Cumberland Presbyterian church at Old Lynnville during the holidays, commencing on the night of Dec. 22. The services in the day will consist of bible readings, sermons, promise to be most effectual as well as interesting. All Christians of the community are earnestly requested to take part in the meetings. I. N. TOLLEY.

Live Stock Shipments. A man is being surprised to investigate and find the immense amount of live stock that is being shipped from Pulaski. We have the figures before us that show that 254 cars have been shipped in the past two years, the freight alone amounting to \$9,939.61. It is calculated that the value of the stock shipped has been over \$100,000 a month. This is a very large amount. There is an unsatisfactory demand for everything our farmers can raise and the day is not distant when Giles county will be a truck patch for the cities of Sheffield and Birmingham.

Mt. Moriah. Owing to bad weather the sacramental meeting at Mt. Moriah was postponed Sunday, Dec. 5, to Sunday, Dec. 19. H. G. KING.

Miss Bettie May Shell of Honteston was a guest of Mrs. W. E. Wilson last week and is now visiting Miss Mamie Wilson at Bryson.

Bethel. —As it has been a long time since I have seen anything in THE CITIZEN from this place, and thinking perhaps our friends who have moved from here would like to hear from us, I write a few lines this week in the hope of giving you something very important to write.

—J. Y. Lucas has advertised a horse, mule, two cows and his household and kitchen furniture for sale. We will lose him soon and regret very much to give him up.

W. S. Gilbert of Gilbertshoro, Ala., has bought a house and lot in our village, with 30 acres of land joining, and will move here soon to educate his children. We have had several men hunting homes in our village recently.

—H. B. Smith is adding more rooms to his dwelling. He will have a nice home when completed.

—Mrs. Dr. J. S. Edmundson spent last week in Lynnville with her mother, Mrs. C. H. Taylor. The doctor looked like an old chicken the whole time she was gone. He said he missed her more than he would all the balance of his family.

Pigeon Roost. —Dow Davis left last Saturday night for Texas, and his brother John and wife went to Birmingham to live.

—C. T. Robinson and Morgan Fitzpatrick have purchased M. T. Copeland's farm and grain and expect to put up a cranberry at the gin as soon as they can get their lands in grass. They expect to have a hundred cows each and to make arrangements with their neighbors to buy all the surplus milk for the neighborhood. It will doubtless be a paying business to the farmers to have a milk wagon driven up to their gates and give them a good price for the milk that they would otherwise have to carry. They also expect to get cotton in the fall as they contemplate doing a good business.

—M. T. Copeland has bought of Arrowsmith & Co. the farm known as the D. S. Mack place on Big Creek and now intends moving to it. We regret to give up such a man as Esq. Copeland as he is one of the best business men in the county. He will make a young Sheriff and a good citizen.

—Ed J. Childers had a sow and three pigs to freeze to death during the snow.

—Nathan Williamson with his wife will leave in a few days for Texas where he will join his sons in the mercantile business.

—We have had a fine time this week making fires and feeding and getting in the corner enjoying ourselves eating sweet potatoes, sausage, backbones and spare ribs.

—Tom Themb.

—Snow! snow! snow! The largest fall since 1843. It caught every one by surprise. It was not near so funny as falling in the snow as it is rabbit hunting.

—One of S. W. Chapman's fine young mules was mysteriously killed the other day.

—Misses Pattie and Etta Freeman of Sugar Creek are now visiting at A. G. Wells' recently.

—Tommy Robinson and Willie Vaughn killed an immense wild cat last Thursday.

—Our part of the Oakland mission has been changed to a circuit and we will now have preaching on the depot by our pastor, Rev. Ernest Brown.

—The candy pulling at A. G. Wells' was a success; everybody enjoyed themselves.

—Our Sunday school at Pleasant Ridge is on the decline. Let everybody give a Christmas dinner or supper at Dr. J. M. Leonard's Dec. 28 for the benefit of their church. I have attended several of their entertainments and they never fail to make it a success.

—There was a candy pulling and singing given our young people at the residence of A. G. Wells on last Friday night which afforded the young folks the pleasure of whistling and singing and a good time at their own ears. John Bee was appointed candy maker, which duty he performed with the greatest satisfaction. He proved to be an expert at the business.

—Wilson Barnes of Vale Mills was here long since on business.

—Reuben Norwood who left us a few days since well pleased with his visit, after about two weeks hard walking.

—J. F. Vaughn attended the closing exercises of his brother's singing school at Greenwood last week.

—Misses Pattie and Etta Freeman of Lawrence county have been visiting relatives in this community of late and took in the candy pulling.

—Billy Harwell smiled his face all out of shape over the new comers at his house. It is a busting big good.

—Our people will doubtless be glad to learn that R. B. Vaughn who left this community several weeks ago for Texas is to return in a few weeks.

—C. E. Humphries is visiting friends at State Springs this week. Look sharp, boys; you may know when a young man walks ten or twelve miles a very early other Sunday he means business. He is electing for on a large scale.

—J. F. Prince is our boss bird hunter. He says bird pie is equivalent to a dinner in a first-class New York hotel.

—Tommy Griggs had the misfortune to get his foot out a few days ago while cutting wood.

—G. M. Gardner contemplates teaching a subscription school on Egnew's creek this winter. Chas. Norwood has a very fine mare no longer since. The cause of her death is not known. We expect that she died on account of something she ate.

—E. T. Norwood was being sick.

—R. F. Moore came near getting his leg burned not long since. It did no damage otherwise than burn several quilts and damaged the bed.

—Mrs. Mac. Hopkins has been visiting friends in Alabama.

The health of the community is very good with the exception of a few bad cases of love which we think will prove fatal if there is not a change—in the minds of the girls.

—Chas. Eubank of Keidon was visiting at Wm. Bee's last week.

—Cable Smith of Sugar creek has been visiting at J. S. Glover's.

—S. W. Chapman lost a very fine colt last Thursday. Cause is unknown.

—W. C. Vaughn, our boss hunter, killed the largest wild cat that has been captured in this community this winter. J. BIRD.

—Nathan Williamson with his wife will leave in a few days for Texas where he will join his sons in the mercantile business.
