FIVE LA REPUBLIQUE!

The country court of Phelps county has raised the dramshop license to \$400 per annum.

Henry Clay's old home, Ashland, has been purchased by the University of Kentucky for \$100,000.

A Wisconsin postmaster has written to Washington for some eternal return stamps, saying he has several "colds" for them.

A colored preacher in Paris, Ky., charges the members of his church twenty-five cents each for the privilege of taking the sacrament.

It is now said that what sowed on ground that was planted in corn the previous year, will be certain to yield a large crop of chinch bugs.

At a New Jersey wedding the other day, the groom was 74 years old, the bride 73. The clergyman was 90 years old and the bridesmaids were 73 and 77.

The following is a good motto for merchants, and business men generally: "Lose to get only to lose."

A dress, composed entirely of the most delicate white lace, looped up with pearls, covered with a Philadelphia belle at Cape May recently, and distracted all beholders.

We are indebted to a number of our exchanges, for handsome notices of the Caucasian Opera Troupe and its recent concert. Some of these, we shall republish on our return from Virginia.

The Paris Times' Kentucky records that Wash. Givens, a negro man, was found guilty on Monday of stealing and sentenced to receive twenty-nine lashes, which were accordingly administered.

The idea of adopting a Radical platform to elect a Democratic President is declared by the Columbus (Ga.) Sun to be as sensible as burning down a house to clean out the fleas.

Some one wrote to Horace Greeley, inquiring if guano was good to put on potatoes. He said that it might do for those whose tastes have become vitiated with tobacco and rum, but he preferred guano and butter.

Thomas Lincoln, universally known as Tad Lincoln, the youngest son of the late President Lincoln, died at the Clifton House in Chicago at 7 o'clock on the 15th inst. His disease was dropsy of the heart. He was taken ill a few days after returning from Europe.

Wendell Phillips informs an interviewer that the Republican party is dead, that Grant is foredoomed unless he follows the advice of Butler and Morton, and covers the south with bayonets, which Wendell fears he will not do, because he is surrounded by a class of men—once rebel and some of them once rebel non-committal.

Mrs. Greenman, of Leadville, Washington Territory, has just returned from a trip to China, whither she took a cargo of lumber. She is said to be sharper in the lumber business than any other mill owner on Puget Sound, and got at least ten dollars more per thousand feet for lumber than was ever paid at Hong Kong before.

Mrs. Vallandigham, widow of the late C. Vallandigham, has arrived at Cumberland, Md., and is stopping at the McKays. Adverses as to the unfortunate lady's health state that she is in a deplorable condition. Her mind seems much shattered, and she hardly recognizes her near friends. She is being treated by the best medical skill, and hopes are entertained of her ultimate recovery. She is accompanied by her son.

A dispatch from Springfield, Ill., says that Gov. Palmer, on receiving information of the lynching of Martin Mearns, who was whipped and burned to death at Waukegan, Illinois, a short time since, called upon the Sheriff of Iroquois county, for an official statement of the facts. To-day he received an account from that officer, together with the list of the coroner's inquest and the name of the lyncher. The Sheriff states that it will be difficult to arrest any of the mob, but that he is willing to do his duty. The Governor replied that, to enable him to do so, he would meet him with the whole power of the State, if necessary.

McGEE COLLEGE COMMENCEMENT.

Mr. FURCO:—Having seen no special notice of the exercises of commencement week at McGee college in your paper, thought it nothing but right to send you a brief account thereof, as they are eminently worthy of the consideration of the reading public.

On Sabbath, the 5th of June, the commencement sermon was preached by Rev. J. V. Campbell, of Louisiana, Mo., and was an able effort, full of sterling truths and maxims which the deep earnestness of the gray old sage imparted on the minds and hearts of his large and interested audience. On Monday five classes remaining unexamined from the week before entertained the audience and acquitted themselves most honorably, receiving the unequivocal commendation of all present. Tuesday was occupied with the prize reading declamation by eleven young ladies and twenty-three young gentlemen. All the reading and declaiming were highly praiseworthy and the intense interest of the well-filled chapel was plainly manifested in close attention, and animated eyes and countenance.

Mrs. O. M. Pearson, M. A., of Louisiana, Mo., and D. Wood, M. D., of Arrow Rock, were the essayist and orator of the Alumni, and a large audience were on Wednesday morning in waiting for their learned and skillful productions, which were well received, and advanced their accomplished authors in the literary estimation of their numerous friends and the entire assembly.

The afternoon, Rev. J. P. Allen, of Barry, Mo., addressed the three literary societies, who in procession presented a splendid appearance, with a plea and point that drew "golden opinions" from all hearers. The Freshman class on Monday evening, and the Sophomore and Junior classes on Tuesday evening gave exhibitions consisting of essays and orations remarkable for their elocution and thought. Wednesday evening was devoted to a concert, under the direction of Prof. Weaver, which charmed a densely crowded house for two hours.

On Thursday morning the medal reading was conferred on Miss Mary A. Ladd, of Arrow Rock, and the one for declamation on H. McVane of Fayetteville.

Diplomas were then delivered to the following young gentlemen of the Commercial department: J. H. Alexander, J. B. Barnett, E. Campbell, R. C. Mitchell, J. H. Richmond, G. D. Vaughn and T. H. Wilson.

The exhibition of the senior class followed. Miss Fanny E. Redfield read an essay and Frank Sheets delivered an oration. The essay was fresh and spicy, and finely read, the oration close and logical, and showed an advanced grade of thought.

President Mitchell then presented the diplomas to the class, and gave them his parting advice in an address characterized by deep feeling and practical wisdom. It was one of the best of his happiest efforts, and met with a warm reception in every heart. The large audience, which had been in attendance for the days, was then dismissed, and departed expressing themselves well pleased and deeply commended for their time and attendance.

All these exercises were enlivened with music and her sister sang, by the classes of Misses Howell and Weaver, whose students exhibited much skill in their performances.

The Alumni reunion in the evening was a real feast of love and love of souls, such as only school days and girls grown to be men and women, can have when they assemble at the board of their alma mater.

Such is the dry outline of commencement week at McGee college. We are sure that the reader is assured, that the affair itself was lively, engaging, and redolent much credit on all concerned. I forgot to mention that on Wednesday afternoon a program was awarded to H. Moss Wemer, of the Commercial department, for excellence in penmanship.

ST. LOUIS TYPE FOUNDRY.

We agree with the Clarksville Sentinel, on this score. "The St. Louis Type Foundry Company have been as courteous and obliging to the press of Missouri as men could be."

We have had about as much to do with this Foundry, probably, as any other country paper, in the State, and their transactions with us have always been liberal, true and correct. Indeed we have had no cause for complaint on any score.—Paris Weekly.

So says the Jefferson City Tribune. The Caucasian says ditto. A more gentlemanly and obliging fellow does not live than Wm. Bright, its Secretary.

The rats continue to desert the ship. The last public man to declare hostility to the Radical administration is Senator Tipton. In Omaha, a few days ago, he asserted that if the "perambulating President" was nominated for the Presidency, he would take the stump for Mr. Hendricks, in case the latter should be nominated by the Democratic party. He further declared that if the State convention of his party shall select a delegation to the National convention favorable to the nomination of Grant, he would stump the State against him before he was nominated.

Louisiana will soon have a large Chinese population. The Asiatic crowds already upon the African. One thousand laborers, in addition to those already there, are engaged by agents in China, and it is believed that in a short time Louisiana will have tens of thousands of Chinese men performing the labor hitherto done by the blacks. The question of the equality of all men before the law will soon begin to agitate the Asiatics.

An Ohio court has decided that a woman's physiological propensity to fall foul with everybody, and everything renders her words not actionable, no matter how slanderous they may seem to be.

To the Tax-Payers of Washington Township.

FELLOW TAX-PAYERS: You have been called on twice within the last six months to subscribe, or give (for I consider it nothing but a gift) \$25,000, to aid in building the Louisiana & Missouri River Road through your township.
