Great Sale of Lands. See the advertisement of Swamp Land, about 4,000 acres of which will be offered at public sale by Sheriff KAUCHER, at the next term of County Court, July 2d. Here are opportunities for investments. Call at the County Clerk's office and see the list.

A New Card. The card of Mr. WM. COTTON appears in this issue, to which we invite the attention of our local readers. Mr. Cotton is an expert in his peculiar calling. Besides manufacturing and repairing all kinds of "Shooting Irons," he does something in the jeweller's line. Give him a call.

Subscribers finding the above character before their names, are notified that their term of subscription has expired, that their failure to renew it immediately will be taken as evidence that they do not wish the paper longer, and that unless they renew their names will be dropped from the list.

The Radical Club. A regular meeting of the Club will be held on Tuesday evening next, at the Court House. A special invitation is extended to the ladies to attend, as the meeting will be one of interest.

Col. R. D. MARKLAND has been invited and has consented to speak on the occasion.

R. P. RULEY, Sec'y.

Look out for Them. The Macon (Mo.) Argus, of the 23d ult, says: "Our city was visited, last week, by a set of traveling vagabonds styling themselves Banks & Edwards' Mammoth Combination Troup. They swindled every person they had anything to do with: hotels, musicians, printer, and city authorities. We learn that the good citizens of Palmyra and Shelbina were swindled by the scoundrels before they came here, and that Mr. Overton, of the National Hotel at Palmyra, retained their baggage for their hotel bill, and that they left that place between two days. They are professional scoundrels and "confidence men" of the deepest dye without merit or principle. We warn our brethren of the press to be on the lookout for them."

Interesting to Young Men. We are in receipt of the last circular issued by the Business College of Bryant, Stratton & Bell, at Quincy, in this State, which we are glad to see is the recipient of an extraordinary patronage.

Students are entering this popular institution, from all quarters, apparently preferring the spring and summer months as a season of study.

It is evident that the Collegiate Course, which is known to have been prepared by a convention of upwards of one hundred experienced teachers, and its system of "Actual Business Training" has won the public confidence. It is also an important fact, that a Scholarship in this College entitles the student to membership in fifty Colleges, comprising the great International Chain, which has a world-wide reputation.

Young men, generally, now understand that a Business Education, such as is afforded at this popular institution, is almost an indispensable acquisition, and we are glad to know that so many are now preparing for the race in business life.

The famous trick horse "Andy Johnson," which performed with Dan Castello's show, last week, surprised the audience by his accomplishments. He was equal to everything represented in the bills. What a play our Andrew does not play us what was down in

D. A. Constable, St. Joseph. The establishment of D. A. CONSTABLE, at St. Joseph, we venture to say, is the largest of the kind in the west; and there is no house, we believe, of so long standing and good reputation. The attention of Hardware dealers, wagon makers, blacksmiths, and farmers, who are not already patrons of the establishment, is called to this house. See advertisement.

How Fragrant. The air is with the perfumes from a thousand exotic plants, and all nature seems clad in her holiday attire. Yet misery is still in our midst. The rose may bloom, and nature put on her garlands of leaf and bud and flower. But man will nevertheless suffer—Dyspepsia, the sure forerunner of death, and the companion of a miserable life claims him as a subject. Do not wait then, dear reader, till its ravages lay you low in death, for nature has likewise found an antidote—compound of her roots and barks—and prepared Coe's Dyspepsia Cure. It will immediately cure the worst cases of Dyspepsia in existence. The proprietors warrant it in every case.

PURIFY, purify, purify the blood with Ayer's Sarsaparilla, and the humors, derangements and distempers which pervade the system at this season will disappear. We have tried it and speak with knowledge.

Dr. TRACY requests us to state that he has gone to Mound City.

MARRIED. On the 24th inst., at the residence of the bride's father, in this city, by the Rev. F. S. Brooks, Mr. DAVID P. SMALLWOOD, and Miss EMMA V. KING.

LYON'S PERIODICAL DROPS, The Great Female Remedy for Irregularities.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders, or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest, and most infallible preparations in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when to take, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of J. L. LYON, without which none are genuine.
