PERSONAL NOTICES.

Judge James H. Birch, Jr., of Platteburg, Clinton county, Mo., came up on Wednesday, and has been attending court ever since.

A man whose name we failed to learn, engaged at Brooks & Graham's saw mill, had his thumb sawed off the other day.

—A man who had a Plow, a Cultivator or a Planter, a Salky Plow or anything in the line of Implements, call on Crannel, Bates & Co., of Mondak City, at once. They have them for you on easy terms, or cash if you like.

—Dr. Saville, of this city, received a letter from his brother, Dr. J. J. Saville, of the Red Cloud Indian Agency, of the Black Hills, conveying the information that he will very soon accompany a number of the Indian chiefs to Washington City. The Doctor writes that the Indians of his agency are willing to treat with the government for their lands. This agency is situated in what is known as the Bad Lands, in a strip of country between the White Earth river and the South Fork of the Big Chyenne river, in the extreme southwest corner of Dakota territory.

—Capt. W. S. Canon returned to his home in Forest City the other day, from a trip to Southwest Missouri, after an absence of some three or four weeks. On the 20th of April, he says, the peach trees were in bloom in Vernon county, and the foliage on the trees and the grass on the meadows was coming out beautifully. But he says, a young crop of grasshoppers, in untold numbers, had made their appearance, and were helping themselves to everything that was green. He instances a field of flax, which the young grasshopper had eaten up in a very short time. The new hoppers were equally numerous in the contiguous counties of the state of Kansas. What shall be done with these rascally grasshoppers?

—On the 15th there was a special school election in Forest City to test the sense of the people whether or not \$5,000 school bonds shall be issued for the purpose of building a new school house in place of the one lately burnt. The bonds were "voted up" and Forest City will soon rejoice in a new "temple of learning."

—The Christian Denomination under the efficient labors of Elder Cartwright, has secured an eligible piece of ground in Forest City, and expect soon to commence building a house of worship thereon. The ground is near the Baldwin residence, on the street leading from Forest City to Oregon.

—Mr. Eddy informs us that Ida Franklin, a 14 year old daughter of Shade Franklin, of Sharp's Grove, died of spinal disease, on the 3d day of April. She was a girl of great promise and her early death casts a gloom over the entire neighborhood. She had been sick seven weeks when her spirit took its flight.

—Mr. Cummins Porter, of Benton township, says he doesn't want to see his name in print; but we must beg his pardon when we say that we consider him one of the best farmers of Holt County. Our only regret about him is, that he does not take the time to write for the Sentinel, and that he persists in going through this world single and alone. Mr. Porter has now 160 acres in fence and has in all some 400 acres of the best land in the great Missouri Valley. A look at the improvements, in the shape of grain house, new fences, stalls for his thorough, bred stock, going on on his premises, will convince any one that Mr. Porter means business.

—Mr. Napoleon Browning informs us that the granges in Holt county, which have kept up their organization are doing well, both financially and intellectually. The grange, he says is just what its members make it.

—A convention of delegates, three from each grange, lower Holt, will meet in Oregon on 10 o'clock on Saturday, April 24th, 1875.

The notice heretofore published was incorrect inasmuch as it said Tuesday, the 27th, instead of having been Saturday, April 24th.

—Mr. H. H. McIlvaine, who resides two and a half miles from Forest City, is building a new duplex residence, which will soon be ready for occupancy.

—Ford & Co., of Forest City, have ordered a choice lot of HUNGARIAN & MILLET SEED, from St. Louis, which they offer for sale on reasonable terms.

—Select School. Mr. H. H. McIlvaine will open a select school in Oregon soon. Students desiring to give special attention to any department of study will have an opportunity to do so. Special attention given to the little folks. Parents who wish to see their children to school will do well to see him.

—Had my Fingers Saved off. John Watson, who works at Bruce Earl's saw mill in the upper bottom, met with a serious accident on the 6th of this month. He was sawing lumber on his right hand was caught by the saw, and the two middle fingers at the first joint were sawed off and the ends of the other fingers and thumb were clipped.

—New Goods at George Nies' Cash Store. Ladies' and Children's Hats in every variety, Spring Dress Goods in Gross Cloth, Linen, Lawn, Worsted and Grenadine, Cutlery and Yarns, Lace, Embroidery and White Goods.

—Braid stamping done to order, up stairs over Watson & Keever's.

County News.

—Anselmet & Co.'s steam flouring mill, situated in Nichols' Grove, six miles north east of Oregon, will soon be in running order. Mr. Anselmet has purchased a 40-horse steam engine and the mill will soon be in condition to grind for everybody and give entire satisfaction.

FROM CRAIG, MISSOURI.

CRAIG, Mo., April 16, 1875. MR. EDITOR: Dear Sir: I beg leave to ask of you a small space in your valuable paper, to let your many readers know what our thriving little town is doing. A town of the importance of Craig should be widely known, and we are jubilant of the privilege we enjoy. We can hold out better inducements than any town in the county. And we solicit the co-operation of the SENTINEL to give us publicity and to aid us in promoting the welfare of our town.

We congratulate ourselves in being able to state that the following are some of the inducements that we can hold out to the public: 1st. Our town is located in the rich valley of the Missouri Bottom, at the foot of the bluffs, the vast prairies extending for miles north, east, south and west—the most productive soil that the eye of man ever beheld.

2d. There is no competing town, such as usually encumber the other towns of the county and keep them from improving; but while there is no competing town near there are quite a number of business houses, which are all energetically competing with each other to keep the prices of merchandise low.

3d. The improvements which are now going on, in the way of building, speak beyond a doubt of the prosperity of our town. We can boast of one of the best steam mills and one of the best elevators in the west, and with all we believe that there are more goods sold here than in any other town of its size in the county.

We have five very large establishments—stores—as follows: Frazer & Wilson, with a fine assortment of stock, and happy clerks to wait on their customers. H. L. Ward & Co., with their peculiar style of doing business. Charles David, with his genial and courteous manners of waiting upon his customers. D. M. Parrish with his large new stock; and to crown all in their line comes R. C. Sedwick & Co., whose pleasing manners and liberal expostions, and a more polite set of clerks cannot be found in the west, their faces all aglow with readiness to wait upon their customers.

The druggists here are: Meyers & Johnston, who keep a good assortment of the best drugs; also, Richmond & Carlton (at post office), have a fine new stock of drugs. Hobbitts Bro., have one of the finest lumber yards, and the greatest variety of pine lumber in the county—all fresh from the Minnesota Pinerias; and they sell to suit the buyers. Shoe shops, meat shops, carpenter shops and blacksmith shops, and great many other branches of business, too numerous to mention.

We also have three physicians, namely: Dr. S. S. Bacon, a young man of promise and unequalled skill, and a thorough graduate. He can cross the prairie with as much speed as any man of his age. Dr. J. L. Johnston, a man of ample ability and widely known as a first-class physician. Dr. W. L. Burnes, a very prominent man and has his share of the practice.

We also have a corps of carpenters, all busily engaged in building stores and dwelling houses. Also have a livery and feed stable of which Wm. Simms is proprietor. The officers in charge of the railroad depot deserve a kindly remark at my hands. All patrons of the road and passengers receive uniform kind attention. The heavily loaded passenger and freight trains which do business and pass through here daily is an item of great magnitude, but I have not time to speak of this now.

H. B. S. MILLINERY AND FANCY GOODS. Just received and still receiving a large stock of Millinery and Fancy Goods of the latest styles. Trimmed Hats, all the way from one dollar to ten.

New Goods just opened and offering at extremely low prices, at Chadwick & Co., Oregon. A complete general stock, consisting of Dry Goods, Clothing, Boots, Shoes, Hats, Caps, Groceries and Queensware, &c. Bought for cash. Post office building. 41w3
