A large number of excellent bills have been introduced, but, almost without exception, they have been killed on their final passage.

It is almost unnecessary to inform our readers that, despite the shafts of envy which merited success ever excites, Mr. Mason has carned a deserved reputation as nurseryman--a success due to application and attention to business, and a compreheusive knowledge of it is all its details. No man can expect to succeed in business who does not adapt himself to the wants and demands of his customers. In this regard, Mr. Mason is, in our opinion, above reproach.
