SUPPLEMENT  
TOWN AND COUNTY.

—The Missouri river is booming. A general overflow is feared.

—Leigh H. Irvine last Monday commenced teaching a term of two months at the Bluff City School house.

—W. A. Graham of St. Joseph came up and spent last Sunday with his many friends in this city.

—Rev. Mr. Miller has removed into the Kreek property, lately occupied by W. B. Davis.

—Clarke Irvine has commenced the manufacture of soap-stone monuments at St. Joseph.

—Mrs. McNair and Mr. Stephen Sweetman, sister and brother of Mrs. Henry Watson, are visiting Holt county.

—Miss Christina Titus died suddenly at Bigelow last Friday. She was an estimable young lady, twenty-two years old, and her death is mourned by a large circle of friends.

—Phillip Schulte, of the firm of Schulte Brothers, went down to St. Joseph and bought a big stock of spring goods last week, which are now being placed on the shelves and counters of their store in this city. Drop in.

—The many friends of Rev. B. T. Stauber, will be glad to learn that he was restored to full church relation by the late M. E. Conference, and is now engaged in the ministry again. Mr. Stauber was suspended on account of some difficulty with the Rev. Shumate, which is happily settled.

—The State Board of Equalization has ordered the assessed value of all lands in Holt county to be raised ten per cent. This will cause drops of sweat as big as goose eggs to pour down the face of County Clerk Curtis when he goes to make out the revised assessment book.

—At the city election in Forest City last week the following officers were chosen: Mayor, T. J. Wilkinson; Marshal, H. H. Brady; Assessor, R. P. Zook; Attorney, John Anderson; Councilmen, Dr. M. D. Brown, J. M. Ford, Wm. H. Terry, John France, Wm. Burgess, Michael Howley, Joseph Groves, J. A. Demuth, Wm. R. McDonald.

—Married at the residence of the bride's parents, by Rev. E. Evans, on Sunday March 30th 1879, Mr. John M. Burger of upper Holt County, to Miss Lizzie M. Rung, daughter of Adam Rung, 2 miles East of Oregon. On Monday the happy couple started for their new home near Ross' grove. May their path be smooth and bright.

—The St. Joseph District Medical Society, embracing all the counties in this portion of the State, held its fourth annual and sixteenth quarterly meeting in St. Joseph last week. Dr. A. Goslin of this city was elected President for the ensuing year, which was an honor worthily bestowed, as he is one of the most scientific and successful physicians in the west. He was also chosen delegate to the National Medical Society which meets at Atlanta, Georgia, on the first of May.

—The conspicuous advertisement of Chambers & Marney of St. Joseph will deservedly attract attention this week. We know these gentlemen quite well and can unhesitatingly bear witness to the excellence of their goods, the fairness of their dealings, and the moderation of their prices. They carry none but good goods, and make no effort to secure the patronage of shoddy patrons for shoddy stock. But those who wish good material at exceedingly low prices can never be suited better than by going to Chambers & Marney.

—The county court has been in session as a board of equalization for the past ten days, and, as is shown by the lengthy advertisement which appears elsewhere, has made an immense number of changes in the valuation of property in Holt county. Hence, every property owner will read the report of their proceedings with interest. In addition to this it must be remembered that the State Board of Equalization has added ten per cent to the assessed valuation of lands in Holt county, and the two together will undoubtedly cause a large increase in the taxes of many farmers. Still, we are honest enough to say that we believe both the County board and the state board only properly discharge their duties in the adjustment of the taxes.

## The Other Side.

EDITOR SENTINEL:—Several times lately I have read articles in your paper about Female Suffrage. As I do not agree with your correspondents, will you permit a few words from the other side?

My creed is found in the following poem:

God has made me a woman,  
And I am content to be  
Just what He meant—not reaching out  
For other things—since He  
Who knows me best and loves me best  
Has ordered this for me.  
I am not strong or valiant;  
I would not join the fight;  
Or jostle with men in the highways;  
Or stain my garments white—  
But I have rights as a woman,  
And here I claim my right:  
The right of a rose to bloom  
In its own sweet separate way,  
With none to question the perfumed pink  
And none to utter a nay  
That it reaches a root of points a thorn,  
As even a rose-tree may.  
I do not beg for a ballot,  
Though very life were at stake,  
I would beg for the nobler, juster war,  
That men, for manhood's sake  
Should give ungrudgingly, and not withhold  
Till I must fight and take.  
If you will publish the above you  
will oblige  
A FARMER'S WIFE.

—Augustus Broacher of Whig Valley still has his fine stallion, a tact to which we call the attention of farmers.

—Remember that Mrs. McKnight's private school commences in the Normal building on next Monday morning.

—Rev. Mr. Miller of this city was chosen by the Presbytery of the Platte, which met at Hamilton last week, as their delegate to the National Presbytery which meets at Saratoga Springs, New York, on the 15th of May. He will attend, and will be absent between two and three weeks.

—Noah Kunkel, who removed to Kansas ten or twelve years ago, is back in Holt county, visiting his old friends. His son Ferdinand, a young man about twenty-six years old, whose foot was accidentally shot off two years ago—a full account of which was given in the SENTINEL at the time—started for St. Louis on Tuesday to purchase an artificial foot.

—The Oregon public schools closed last week with examinations in the various departments and exhibitions in Miss Gardner's department on Wednesday afternoon and in Miss Soper's department on Wednesday evening. Both the examinations and the exhibitions were largely attended by the patrons of the schools, all of whom were highly pleased with the progress of the pupils. The crowded state of our columns this week precludes a more extended notice.

—The great rash of advertisements this week necessitates the first supplement of the season. Others will follow from time to time, whenever the occasion demands; and the amount of local news will not be greatly curtailed. The amount of advertising in a paper is an unfailing indication of its popularity; and the crowded state of our columns to-day is a flattering tribute to the readers of the paper,—showing, as it does, how anxious live merchants are to obtain the patronage of its subscribers. Advertisers care nothing about whether patrons are Republicans or Democrats, and they unvaryingly spend their money where it will "do the most good;" hence, to-day's SENTINEL shows the estimation in which it is held by those who are the most critical observers.

—Adam Klippel returned from Colorado on Thursday afternoon of last week while the SENTINEL was being printed. He was quite ill from Mountain Fever, contracted while making his toilsome journey above the clouds, so vividly described in the letter from him which we published, and has been confined to his bed ever since his return. On Monday a representative of the SENTINEL called on him for the purpose of interviewing him in regard to Colorado and obtaining his honest opinion as to the advisability of persons going to that country for the purpose of bettering their fortunes; but, while he was quite willing to express his views, he was evidently enduring such physical suffering that our reporter deemed it his duty not to prolong the interview. Mr. Klippel is, however, we are glad to state, steadily improving, and we hope to have in our next issue, his views in extenso. They will have great weight, we know, with many persons in Holt county whose thoughts are now directed toward the newly discovered land of gold and who are hesitating whether or not to go.
