Sewing machines sold and repaired by Mr. H. H. Willers, in the building adjoining the Wharf. Prices moderate.

Mr. Jos. St. Martin, a late resident of this place, is here on a visit, and has met with a cordial reception from his numerous friends.

The parish roads are in a horrible condition, in many places almost impassable. There will be abundance of work for the Syndics as soon as the first dry spell of weather occurs.

The names of a number of license delinquents will be placed in the hands of the District Attorney to-day, and that official will enter suit for the collection of the overdue licenses.

We are informed that Mr. Adelard Landry has refused to accept the appointment as a member of the Police Jury of this parish, and considerable curiosity exists as to who will be designated to fill the vacancy.

We see that PROCTER & GAMBLE'S EXTRA OLIVE SOAP is becoming very popular in our town. Its quality, we know, is superior, and being nicely perfumed we are not surprised that consumers prefer it, and that it has a large sale.

We are in receipt of a letter from Maj. A. K. Arnold of the U. S. A., informing us, that he will be in Donaldsonville on the 26th of June to pay bounty claims to parties whose case have been favorably considered at Washington. Claimants in St. Martin, St. James, Ascension and Assumption parishes are notified to meet him in Donaldsonville on the day mentioned.

The week just ending has been one of daily rains, and on some days no less than three separate and distinct showers have fallen. During the intervals between rains we have been blessed with warm sunshine that did much towards counteracting the bad effect of too much water in the cane and corn fields. The nights have been resplendent with silvery moonlight.

The First African Baptist Church Association of the left bank of the river is about to build a new church, and a petition for financial aid for the purpose is being circulated, which has received the signatures of a number of our prominent merchants and citizens. The ground upon which the church is to be erected has been purchased for \$475, and it is estimated the entire cost of the building and site will be \$1000.

The suit which was mentioned in the record of District Court proceedings, which we published last week,

"J. B. Hebert vs. Felix Braud," is not an action against Mr. Braud personally, but in his capacity as Sheriff, and relates to the title of some property sold at auction by the Sheriff. We make this explanation at the request of Mr. Braud, so that none may misconstrue the nature of the suit referred to.

A new and valuable publication to be called the *New Orleans Medical and Surgical Journal* will make its appearance on the first of July, and every two months thereafter, and will be devoted to the interests of the medical profession and the instruction and amusement of lovers of science. Each number of the magazine will contain one hundred and fifty pages, and the subscription price is \$5 per annum. Wilkinson will receive subscriptions at the news depot on Railroad Avenue.

The CHIEF is no longer the official journal of the town of Donaldsonville, the *Leader* having put in a bid for the publication of the proceedings of the Council at the very low rate of \$25 a year, which is \$75 less than we would undertake the job for. Having been deprived of all official pap, the CHIEF now relies solely on its merits for future success. We accept the situation cheerfully, and feel confident of our ability to make this journal a permanent institution, whose existence will not depend upon the victory or defeat of political rings or parties.

The Common Council held a session Tuesday, Mayor Smith presiding. The bid of the *Leader* to perform the town printing for \$25 a year was accepted. A committee of three citizens—Messrs. Jos. Billieisen, W. G. Wilkinson and Bernard Lemann—was appointed to examine the streets with the view of suggesting means of effective drainage, etc., to the Committee on Public Works. The appointment of a committee of three to examine the books of the late Secretary concluded the business of the session, and the Council adjourned.

At the instance of Representatives Landry and Lewis, Gov. Kellogg has appointed Mr. G. H. Hill Justice of the Peace for the fifth ward of this parish, vice Albert Braudy, and Jos. Carter Constable for the same ward, vice Daniel Butler. These appointments were made on the 10th inst. Mr. Hill held the position of Justice of the fifth ward two years, and the efficient manner in which he performed the duties and exercised the powers pertaining to the office are evidence that his renewed occupancy of the same will be creditable both to himself and Gov. Kellogg.

One improvement we have to note that has been inaugurated in the management of the railroad since it has passed into new hands is the revocation of the silly rule that all freight received at the Donaldsonville depot should be detained there until transportation charges were paid. This regulation has been the cause of considerable annoyance and inconvenience to our merchants, and was the cause of many of them patronizing steamboats in preference to the railroad. Now that the obnoxious rule has been dispensed with, the freight business of the railroad should increase materially.

The body of an unknown black man was found floating in the river in front of the store of Mr. Paul Hebert, Jr., Smoke Bend, early last Thursday morning. The Coroner was notified and held an inquest, but nothing was elicited that threw any light upon the subject of the identity of deceased. The only effects found upon the body were a single nickel, a pocket handkerchief to one corner of which was tied an iron nut, and what appeared to be a piece of a steamboat deck-passage ticket. Upon this fraction of a ticket, almost obliterated by long soaking in the water, is the printed word "Johnson," and this leads to the supposition that the man either fell accidentally or was thrown overboard from the steamer Bradish Johnson.

IMPORTANT INJUNCTION.—Mr. A. J. Braud, Jr. has filed a petition before the Fourth Judicial District Court, setting forth that the "parish warrants" issued by Messrs. Rodolphe Braud and Frederick Fobb, former and present Secretary of the Police Jury, are illegal, and praying for injunctions against the Police Jury, the Tax Collector and the Treasurer, prohibiting them from paying any of the warrants aforesaid or receiving the same in payment of taxes or licenses. In the absence of the District Judge, Parish Judge Cheevers issued the injunctions prayed for. We shall

publish in our next issue the full text of Mr. Braud's petition and comment at length upon the character and probable result of the suit which this petition will open.

TOWN SCHOOL BOARD.—The newly appointed Board of School Directors for the Town of Donaldsonville met at the Court-House on Tuesday last and effected an organization. Mr. N. M. Conway was chosen temporary President and Mr. Milton Sagendorph temporary Secretary. The selection of permanent officers being declared in order, Mr. Chas. F. Smith was unanimously elected President and Mr. W. G. Wilkinson Secretary and Treasurer. A committee of two was designated to ascertain the amount of money due the town school treasury, after which the Board adjourned subject to the call of the presiding officer. Messrs. Sagendorph and Burbridge constitute the committee mentioned.

We hardly think it probable town schools will be opened prior to the first of September.

The proceedings of last Saturday's session of the Parish School Board are published in another column. It will be noticed that a committee on school-houses was appointed, consisting of Messrs. Rod. Braud, Jacob Warner and Jackson Starks. This committee is constituted for the purpose of exercising a general supervision over the buildings used for public school purposes throughout the parish, and is endowed with full power to order such repairs as may be necessary and warrant upon the Treasurer for the payment of the same. We believe it is the intention of the members of this committee to make a tour of the parish at an early day for the purpose of inspecting the various school-houses, and they will take steps to have the buildings prepared for the opening of the schools in September so that the children may have comfortable and healthful places for the prosecution of their studies.

The corn crop of our parish is almost ruined. The long continued rains have caused the young plants to rot in the ground, and the prospect is that less than third the usual yield will be realized upon most of the plantations here. The best crop will probably be that upon the New Hope place, owned by Gen. Allen Thomas, where the corn was luckily planted upon a ridge instead of the lower ground as is usually done. From the cotton growing sections of the parish more cheerful accounts reach us of the crop outlook, and in a number of instances the cotton is exceptionally fine for the season. The cane suffers somewhat from the excessive rains, but several planters inform us that no irreparable injury has yet been done the stand, and with a return of favorable weather we may look for a renewal of the cheering indications of a large sugar yield that existed previous to the commencement of the little deluge with which we are visited.

The magnificent steamer Katie will pass Donaldsonville upon her downward trip every Sunday afternoon between the hours of one and three, and will carry passengers to New Orleans at the rate of \$2 50 each. The Katie will stop for hails at all points along the coast, charging \$3 each for passengers who embark below Donaldsonville, and will also bring passengers from New Orleans to Donaldsonville or intermediate points at the same price. Many of our people who have occasion to visit New Orleans will hail with pleasure the opportunity afforded them to make a trip upon the beautiful Katie at a rate not exceeding the cost by rail. The officers of the Katie are all agreeable and obliging gentlemen, and the appointments of the noble steamer are not excelled either as regards elegance or completeness by those of any craft upon the Mississippi, and a ride upon her must, in the very nature of things, be a most enjoyable episode in one's experience.

The bounty claims of the following parties, residents of this parish, have been allowed by the Government, and they are notified to meet Maj. A. K. Arnold of the U. S. Army, at the Court-House, in this town, on the 26th inst., where the money will be paid them:

Marcellus Johnson, Harrison Blunt, Peggy Brown, John Blarsk, Orange Miles, Parker Patterson, Hypolite Leroux, Emma Dupray, Thomas Koco, Billy Williams, Joseph Washington, Asa Williams, Angell Williams, Geo. Warren, Anderson Winchester, Emanuel Williams, Ellis Weakly, Judge Turner, Landin Tompkins,

Edward Thomas, Alfred Samson, Wilson Simons, Horace Simmonds, Jesse Scott, James Robinson, Dick Richards, Milley Robertson, Simon Rodley, Douglas Rogers, Joe Lyon, David Alexander, Henry Clay, Henry Cow, Prince Curtis, Fleming Harding, Jonas Hudson, Thomas Hall, Abraham Johnson, William Johnson, Jonas Henry, Olmsted Pinckney, Martin Robinson, Lewis Alexander, Vincent Atkinson, Joseph Carlos, John Coo, Gideon Cahilan, Jack Hall, Betsy Hunter, Henry Harrison, Abram Johnson, Robert Jackson, Frank Arce, Horace Jates, Ermauntie and Ursin Black.

Nothing could be more unfair than the strictures upon the Parish School Board contained in the report of the Grand Jury. The statement that the School Board "has grossly neglected its duties" is a fabrication conceived in a spirit of personal dislike for the members of the Board, and uttered with the intention of prejudicing the minds of the State and Division Superintendents and the uninformed public in general against them and thus probably securing some changes in the membership that would be palatable to the individual who led the intelligent Grand Jury by their several noses and kindly connected the report to which they attached their names. While it is true that "no schools have been opened since last October," and that there was "not a cent in their treasury" at the time the Grand Jury reported, there is no reason to be found in these facts for the assertion that the School Board grossly neglected its duties. The indebtedness which has been hanging over them precluded them from opening schools and incurring additional obligations, either in justice to themselves or the needy teachers to whom they were indebted for services rendered. The inexplicable action of the recent Tax Collector in withholding the school tax from the educational treasury so long a time embarrassed the Board considerably, and tended to produce the inaction which has been most unjustly termed by the Grand Jury's report a "gross neglect of duty."

PARISH COURT. A session of this court was held Monday, Judge Cheevers presiding, and the following cases were considered:
