LOCAL NOTINGS.

Messrs. Ben. Mollere and Ernest Charbonnier of St. James, were in town Wednesday on a flying visit.

Charles Brown, charged with assault and battery, has given a bond of \$25 to appear before the District Court next month.

The Town Council held its regular monthly meeting Tuesday evening. The official proceedings are published in to-day's Chief.

Dead animals were dumped into the river according to municipal law, and what are "Piercane" people going to do about it?

Ascension Hook and Ladder Company met in regular monthly session Monday evening. Phoenix Fire Company meets next Monday.

That very agreeable young gentleman, Mr. Louis J. Davis of Point Houma plantation, was in town Thursday and we were more than pleased to have a visit from him.

Mr. and Mrs. Patrick Reddington's baby boy was dangerously ill Wednesday evening, but under the treatment of Dr. McGalliard the little fellow has greatly improved.

We are gratified to learn from our genial friend Henry Hether, Esq., that he has a fine looking rice crop on the Bette place in St. James and expects to realize a good yield. He will begin cutting on Monday.

Prevost Hebert, a white man from New River who has lost his reason, has been committed to the State Insane Asylum by District Judge Duffel, and was conveyed to that institution Tuesday night in the custody of a Deputy Sheriff.

Judge Duffel visited town yesterday and tried a rule at chambers in a license suit. The judge is in excellent health and evinces a determination to give prompt attention to all duties connected with the important public station he occupies.

There are two insane colored women confined in the parish jail awaiting interdiction and transportation to the Jackson Asylum. Their names are Laurinda Jones and Matilda Baque, the former from Smoke Bend, the latter from Donaldsonville.

Messrs. L. W. Armistead of Derwville and W. F. Deany of the Hermitage place are both quite ill, but we are glad to say that latest reports from their bedside are favorable and encouraging, justifying the belief that they will soon recover.

The circumstances referred to by our correspondent "Uno" of hens laying eggs with parti-colored yolks is stated to be an actual fact. The fowls producing these phenomenal specimens of "hen fruit" belong to Mr. Leon Balin, an old citizen and planter of this parish.

Rev. F. D. Bowers, pastor of the colored M. E. Church in Darroville, publishes a card in another column expressing his gratitude to Dr. Ernest Raymond, Darroville's colored physician, for successfully treating the minister's son, who was dangerously ill with typhoid fever.

Mr. Wetman Bradford, who is again visiting friends here, did us the honor to call at the Chief office on Thursday. Mr. Bradford is a practical civil engineer and surveyor and is, we believe, open to engagements for work in that line. He will probably remain some little time in Donaldsonville.

Mr. H. Thompson Brown of the tenth ward has been appointed and has qualified as a special Deputy Clerk and Recorder for this parish, with a view of attending to business appertaining to that office in the ninth and tenth wards. Mr. Brown was in town Thursday and yesterday, and paid us his usual call.

We are requested to announce that immediately after the baseball game to-morrow there will be a foot race of 100 yards between those swift runners, Captain Jack and Professor Worm, for a purse of forty cents and the champion belt. The Professor will give his opponent two feet 9 1/2 inches start.

Business has been resumed at the well known Brand saw-mill, a half-mile below Donaldsonville, and sawed lumber of any kind will be furnished there at prices comparing favorably with those of any other mill. Orders by mail will receive just as prompt and careful attention as those delivered in person.

Mrs. R. S. Stuart and children reached home on Wednesday, unexpectedly to the friends of the family, who had not expected them to arrive before to-day. We have no doubt their visit to Houma was very pleasant, but we regret to learn that Mrs. Stuart's little daughter is somewhat indisposed, or was just after her return.

We had a visit recently from Rev. A. Hilton, the new minister in charge of the colored M. E. Church at Whitehall, St. James parish, and were favorably impressed by his appearance, deportment and conversation. Mr. Hilton succeeds Rev. Z. T. Gayden at Whitehall, the latter minister being now in charge of Thompson's Chapel, on Post street, New Orleans.

New Unions.—The young men of the Fortier Base Ball Club appeared on the diamond field last Sunday in their new uniform, and the suits were much admired. The outfit consists of shirt and knickerbocker pants of cadet gray, trimmed with red, red letter F on shield, red belts and stockings, dark blue shoes, gray Chicago caps encircled by two red stripes.

The Nolans have also received new uniforms and will wear them for the first time to-morrow.

Rev. Arthur Barnett, pastor of the Mt. Pilgrim colored Baptist Church of the tenth ward, has had a pool for baptizing purposes constructed near the church, and on the 20th of July thirty-three persons were baptized there and admitted to the congregation. Rev. Barnett was assisted on this occasion by Revs. R. W. Allison and Thos. Brown of the Little Zion and Mt. Olive churches.

We note with great pleasure the convalescence of our handsome young friend Mr. L. Sidney Landry, one of the most popular salesmen in the establishment of Mrs. M. Israel & Co., who has been down with an attack of fever during the past two weeks. Sidney enjoys the good will and esteem of everybody who know him and his recovery will be hailed with general gratification.

CRABO BALL.—On the 11th of September a crabo ball will be given here under the auspices of the Donaldsonville Dramatic and Social Club, and of course it will be a delightful entertainment, barring cyclones, thunderstorms or other interpositions of Providence. The committee of arrangements is composed of those estimable young gentlemen Messrs. S. S. Ingman, Simon Braud, H. A. Terrio and L. Sidney Landry.

The weather during the past week has been remarkably good for the season, particularly at night and in the early portion of the day. A gentleman who has been taking same notice of the thermometer informs us that the mercury got down as low as 65 a few mornings since. People who last week found even a sheet superfluous covering at night, have been sleeping under quilts and blankets since the advent of the cool wave.

There is still some doubt as to the locality of the race to take place on the 23rd inst., between the horses of Messrs. Joe St. Amant of Ascension and Edmund Belandier of Livingston. It was agreed that it should come off at Port Vincent, but we understand that Mr. St. Amant objects to that place on account of the inferiority of the track. It has been suggested that the owners of the horses toss up for choice of ground, and this plan may be adopted as the best means of settling the disputed point.

The new Board of School Directors for this parish is to meet at the office of Judge H. N. Sims, in Donaldsonville, next Saturday, the 10th inst., for the purpose of effecting an organization. Mr. Richard McCall, who was the only member of the old Board excepting the late Dr. Love, consummated by a reappointment, has declined to serve, and we learn that Dr. W. M. McGalliard has been recommended in his stead. We have not heard who is likely to be named to fill the vacancy caused by the death of Dr. Love.

FAIR PORTIONED.—The fair that was announced to take place, at St. Amant's on lower New River, for the benefit of the new Catholic church being erected at that place, has been postponed until September. The exact date of the entertainment has not yet been decided upon, but it will occur during the month just named, and meanwhile the original programme will be improved by the addition of several attractive features. There will be horse racing, base ball playing and a number of other attractions.

BIRTHDAY PICNIC.—A picnic which promises to be a very enjoyable affair is to take place to-morrow at Galvez, in the tenth ward, in commemoration of the birthday anniversary of an old and popular citizen of that neighborhood, Mr. Miguel Gonzales. Besides other amusements there will be a game of base ball between the Gonzales club, composed entirely of players named Gonzales, and a nine selected from the members of the Glory club of Galvez and the Coconut club of Duck Roost, captained by Mr. J. B. Gonzales, a son of the old gentleman in whose honor the entertainment will be given.

SHOOTING AFFAIR.—A scrimmage occurred in Mr. J. E. Landry's store at Ascension settlement, on Sunday last, in which Andrew Baker and Henry Jackson, both colored men, were the principal parties, they becoming involved in a rough and tumble fight. While they were engaged in this amusesement several shots were fired and Baker received two wounds, one in the breast and one in the thigh. He was at first thought to be fatally hurt, but his condition has since improved and he will no doubt recover. He has made an affidavit against Mr. Landry, proprietor of the store, charging him with doing the shooting, while Jackson was wounded, and another against Jackson for shooting at him. Mr. Landry has furnished an appearance bond of \$150, but Jackson is in jail, having been as yet unable to furnish a bond of \$250.

CRIMINAL COLLUSION.—Nelson Washington, Justice of the Peace of the fifth ward of this parish, was arrested and jailed last week on an affidavit made before Justice Martinez by District Attorney Gandet, charging Washington with extortion and oppression in office for illegally demanding and receiving \$10 as costs from Henry Miller on the 27th of June. The accused furnished an appearance bond of \$200, with Alfred Stephens as surety, conditioned for his appearance before the District Court on the first Monday of September.

Gustave Poydrus, charged with embezzling \$2 65 belonging to Ernest Enalhart, on the 30th of July, has furnished a bond of \$50 to appear before the District Court at its next term.

Julienne Anderson made affidavit before Justice Brandy of the sixth ward on the 21st ult., charging Thos. McNeil with making an assault on Allen Anderson with a double-barreled shotgun on the 11th of July. The particulars of this case were published in the Chief of the 26th ult. McNeil shot Anderson in the left arm, inflicting a wound that was not believed to be dangerous at the time, but which festered and became gangrenous through lack of surgical attention, necessitating an amputation of the limb, from the effects of which the patient died. McNeil was arrested shortly after the death of Anderson and is now in the parish jail.

Alfred Talien, who seems to be an inveterate and incorrigible thief, is in jail again charged with his standing offense, petty larceny. The property upon which he is now accused of laying unauthorized hands is a catch of clothing belonging to a colored man working on the New Hope plantation. There were about twenty prisoners in the parish jail yesterday, most of whom are charged with the commission of minor offenses.

LABOR TROUBLES IN LEBEVILLE.—A gentleman who rode from our parish to Bayou Gola this week returned with the intelligence that there is serious trouble in Leveville, resulting from the reduction of laborers' wages on the sugar plantations. At the time of our informant's visit the hands on all the places between the Ascension line and Bayou Gola excepting three had stopped work, and gangs were going from one place to another encouraging a general strike. Mr. Alfred Goutier, manager of St. Anne's sugar plantation, ordered one of these gangs to leave that place and was fired at by a striker. Fortunately the bullet missed its intended mark, and the ring-leaders of the disturbance were arrested. Much blood has been spilled since by the movement to reduce wages at this time of the year, and we believe many sugar planters will prefer to stand the burden of the present rates until the close of the current season rather than demoralize their labor by forcing a reduction just now.

Dora Harrison, a servant employed in the family of Mr. Bernard Lemann, was adjudged guilty of contempt of the court of Justice Martinez on Thursday, and the Judge imposed a penalty of twenty-four hours' imprisonment for the offense. While on the way to prison in charge of Constable McGray, Dora requested permission to go to the residence of her employer to get some necessary articles of apparel. Once inside the residence she refused to come out again, vigorously defied the authority of the court and its executive officer, and held the fort until yesterday morning, when she succumbed to the majesty of the law and was locked up.

Died.
RICHARD.—At her residence in the parish of Ascension, La., on Wednesday, Aug. 6, 1884, KATHERINE, widow of Thos. Richard, a native of Donaldsonville, aged 65 years.

This respected lady was the mother of Mrs. Arthur Cires and those estimable gentlemen Messrs. Aimé, Armand and Fernand Richard, to whom, as well as to the deceased husband, the Church offers hearty sympathy in their bereavement. The funeral took place Thursday at the Catholic cemetery, and was largely attended by the friends and relatives of the lamented deceased.

THOMPSON.—In the parish of Ascension, on Tuesday, August 5, 1884, at 2:45 o'clock P. M., FARR, R. THOMPSON, Jr., aged 25 years and 15 days.

The death of this handsome, manly and highly esteemed young gentleman after only a few days' illness was a terrible shock to his aged mother, and sent a pang of regret to the hearts of all who enjoyed his friendship or acquaintance. His remains were buried here on Wednesday and were followed to the tomb by a long line of sorrowing and sympathizing friends. May he who tenderly strove to the shore land give strength to the stricken mother to bear the loss of the consolation, the pride and the ministry of her old son.
