#### HOW TO FRINGE CREPE PAPER

So That It Will Have the Appearance of Being Curied.

When one is using crepe paper and tissue paper in decorations let the writer tell how to fringe both kinds. Fold the paper several times, then clip it closely to make a very fine fringe. Gather the paper together and twist the fringe around in the palm of the hand. This will crush the fringe into thousands of little wrinkles so that it will look curled when the pa-

## MANNISH WAIST IS POPULAR

Severity of Lines Seems to Appeal to Those Who Follow Latest Fads of Fashion.

Young girls are finding the mannish shirts made of striped or plain washable silk or crepe de chine very much to their liking. Most of the models are absolutely masculine in the sever ity of their lines. This, however, ap peals to the girl who likes to exploit the latest fad of fashion. Those who dislike the plainness add a jabot of lace or a bow at the neck line, but the majority prefer to wear the waist as it is, with a simple fastening of buttons down the front.

The buttons are of crystal, white or colored to match the waist, and stitch ed with heavy white silk.

A cape collar finishes the neck and is most becoming to girls. It exposes the throat in front and is comfort able. It differs from the polo collar, inasmuch as very little of it shows from the front. At the back there is ample width and, in some cases, con-

TS NUTRITIVE VALUE IS NOT SUFFICIENTLY APPRECIATED.

Either by Itself or Mingled With Other Comestibles It Gives Variety to the Domestic Menu-Some Hints Worth Heeding.

The banana is certainly a food fruit and contains, in an agreeable form, all the essential elements of nutrition. It gives, moreover, a variety to the domestic menu and mingles well with other comestibles. It is excellent eaten raw, but must be quite ripe, and that is only when every trace of green has disappeared.

By way of variety, a few recipes are appended. These are all delicious and are bound to be appreciated:

Banana Custard.-Peel six bananas and pass through a sieve; add two tablespoonfuls of sugar, four well-beaten eggs, two cupfuls of milk and one teaspoonful of lemon extract; pour into a buttered fireproof dish and bake till set in a moderate oven. When cold ornament with cherries cut in halves.

Banana Salad.-Select large ripe bananas, one for each person; peel and place on a lettuce leaf. Cover with a good mayonnaise sauce and sprinkle with chopped English walnut meats, and serve at once.

Another method is to add one tablespoonful of olive oll by degrees to an equal quantity of vinegar, mixing care fully; then add one teaspoonful of sugar. Peel three ripe bananas, and slice them across in equal slices of medium thickness; place in the salad bowl and pour the dressing over. Dust with white pepper and salt.

Banana Charlotte.--Line the bottom of a plain mold with a layer of lemon jelly and decorate with strips of neat-ly cut angelica and candled cherries. Trim the required number of lady fingers and line the sides of the mold so that they fit closely. Beat up three eggs in a basin and stir in two cup fuls of boiling milk, sweetened with three tablespoonfuls of sugar. Return this to the saucepan, add one heaping tablespoonful of powdered gelatin which has been dissolved in half a cupful of boiling water, one teaspoonful of vanilla extract, and stir over the fire with a wooden spoon until it thickens. Remove from the fire, add the pulp of four ripe bananas and when cool fold in one cupful of whipped cream. Just before the mixture sets pour it into the prepared mold and

place it on ice to firm. Unmold the

shape carefully on to a cold dish and

serve. Banana Tartlets.-Soak eight table spoonfuls of chopped cocoanut in sufficient milk to cover, beat up till smooth and the thickness of batter, then add three tablespoonfuls of melted butter, four beater yolks of eggs, half a cupful of whipped cream, one teaspoonful of vanilla extract and the stiffly beaten whites of two eggs. Peel 12 bananas and rub them through a sieve, then add them to mixture. Line gem pans with pastry and fill with the mixture; bake in a hot oven for ten minutes. Beat up the whites of two eggs until stiff, then add half a pound of confectioners' sugar and one tablespoonful of cornstarch, and mix well together. Put a thin layer over the tartlets and put them in the oven to

### Fruit Whip,

Flavor and set aside to get Beat the white of the egg till stiff. Fold in carefully from two to four tablespoonfuls of fruit pulp, a few drops of lemon juice and two tablespoonfuls of sugar. Fresh or canned fruit will do, but it must be pressed brough a sieve. Apricots or prune are especially good. The whip should be made just before serving. Put some of the custard around the whip.

## Snow Pudding.

Snow is an excellent substitute for eggs either in puddings or pancakes. Two large spoonfuls will supply the place of one egg, and the article used in will be equally good. This is useful, as snow often falls at the season when eggs are the highest in price. The snow may be taken up from any clean spot before it is wanted, and will not lose its virtue, though the sconer it is used the better. volks and whites of eggs beaten lone and separately make the article they are put into much lighter.

### Roast Duck

Prepare your duck for roasting the same as any poultry and stuff with this kind of stuffing: Two good-sized chopped onions, two cups mashed potatoes, one cup bread crumbs, salt, pepper and powdered sage to taste Sometimes I add an egg, but you can omit it if you wish. Another way is to stuff entirely with small onions (nothing eise). Bake about an hour for an ordinary-sized duck.

Okalona, Ark .- "I had a bad case of itching and burning piles, and tried many remedies without relief. I could not sleep nor rest at night. The affected parts were irritated, also inflamed, and my family physician said I would have to undergo an operation.

Unpicked Grapes Go to the Poor. A curious old law, which dates from 1779, has been used to sentence the owner of a vineyard at Capestang, near Beziers, France, to a fine and costs for picking her own grapes. She was picking the grapes which had been left on the vines in her vineyard after the fall gathering, when the policeman told her that she was committing an offense against the law, as all grapes left on the vines after the harvest were the property of the poor. court at Beziers confirmed the policeman's opinion, and the woman was convicted.

This home is dedicated to good will. It grew out of love. The two heads of the bousehold were called together by a power higher than they. To its decree they are obedient. Every tone of the voice, every thought of their being, is subdued to that service. They desire to be worthy of their high calling as ministers of that grace. They know their peace will go unbroken only for a little time. And often they suspect that the time will be more short even than their anxious hope They cannot permit so much as one hour of that brief unity to be touched by scorn or malice. The world's judgnents have lost their sting inside this door. Those who come seeking to continue the harmony which these two have won are ever welcome. The rich are welcome, so they come simply. The poor are welcome, for they have already learned friendliness through buffeting. Youth is welcome, for it brings the joy which these two would learn. Age is welcome, for it will teach them tenderness.-Collier's Weekly.
