CLASSICAL FIGURE FOR GREAT EXPOSITION COURT, PAN- AMA-PACIFIC INTERNATIONAL EXPOSITION, 1915.

THE vast west court, the Court of the Four Seasons, at the Pan-
ama-Pacific International Exposition in San Francisco in 1915
will be adorned with a number of the finest productions of the
world's greatest sculptors. Not only will free standing groups
and independent pieces of statuary be set throughout the court, but
its walls, its lofty colonnades, the picturesque recesses, will be em-
bellished by much sculpture of a decorative type. The classical piece
above will be used to decorate the arcade of the court and is by August
Jaegers, the famous sculptor.

CANADA AT THE PANAMA-PACIFIC INTERNATIONAL EX- POSITION, SAN FRANCISCO, 1915.

PLANS for the Canadian building at the Panama-Pacific Interna-
tional Exposition at San Francisco in 1915 have been approved,
and the work on the great structure has started.
The Canadian Palace, as it is officially named, will be one
of the largest and most imposing of the foreign buildings, having a
length of 340 feet, a width of 240 feet and a height of 50 feet, and will
cost in the neighborhood of \$300,000. It will be the largest building
erected by Canada at an international exposition, covering 65,000
square feet, and will house one of the most elaborate and compre-
hensive exhibits of the Dominion's resources and products ever shown on
foreign soil. Six hundred thousand dollars has already been voted by
the Canadian parliament for the building and exhibits, but a further
grant, bringing the appropriation up to \$1,000,000, will be recommended
by the government.

Canada at the Panama-Pacific Exposition is following the same
policy that has obtained at former expositions—namely, the display
of specimens or exhibits of the natural products of the country—agricul-
tural, horticultural, mineral, forest and fisheries for the purpose of
showing her climatic advantages and her resources to the great number
of people who will visit the Exposition. Attention will be devoted to
transportation facilities, and the railways will be assigned considerable
space in the building. Practically the entire exhibit of Canada at the
recent Ghent exposition—and it was conceded by all judges a most
magnificent display—is en route here now, while many new and attrac-
tive exhibits are being prepared in the various provinces.
The exhibit will be under the supervision of Colonel William Hutch-
ison, who will represent the Dominion government.

This Year's Enormous Wheat Crop.

In the current issue of Farm and
Homeside appears an editorial about
this year's wheat crop, an extract
from which follows:
"The nation rejoices in the big
wheat crop. Nine hundred million
bushels is a wonderful yield, and it
will do the world good. It will do
the farmers much good too. It will
tend to make living easier for the
people in the cities. It will give us
what amounts to almost an assur-
ance against financial troubles. Its
value is not like an increase in the
value of stocks or lands, for it is
taken from nobody, and it is wealth
actually created. It lays no new
burden on any man in rents or divi-
dends. It is to the soil, rain and sun-
shine transformed into life."

Condition of Cotton Crop.

In its issue of Aug. 24 the Times-
Picayune presented the report of its
correspondents on the history of the
cotton crop during the last thirty
days. The consensus of opinion is
to the following effect:
1. Taking the belt as a whole, a
distinct improvement has occurred,
timely rains in most sections having
helped the plant over a critical pe-
riod.
2. From some districts come com-
plaints of the weevil and the army
worm, but it is too soon to form an
approximate idea of the damage.
3. The supply of labor is ample and
no trouble would be anticipated on
this score, except for the decline in
price caused by the war.
4. Farmers are greatly disturbed
by the prospective difficulty in mar-
keting the crop, but there is a gen-
eral disposition to hold as much as
possible.
5. Despite the improvement, the
crop is still an exceedingly spotted
one, and later developments may rad-
ically change the result.

Remember that money sent away for goods you should buy at home never returns, and goes toward en- riching another city instead of your own.

The Season of Fairs.

A very large number of parishes of
Louisiana and Mississippi are ar-
ranging for fairs to be held in Sep-
tember, October and November of the
present year. It is believed by many
progressive farmers that no better
way can be found to encourage the
growing of better crops.

Besides the large state fair at
Shreveport to be held during the
latter part of October, there will be
fairs at Donaldsonville, Baton Rouge
and Hammond, in which a number of
parishes will join the one effort. The
fair at Donaldsonville will include the
parishes of Assumption, Ascension,
Iberville, St. John, St. James, St.
Charles and Jefferson, and probably
Lafourche, Pointe Coupee and West
Baton Rouge.

Over \$4000 will be given in prizes
at this fair, and the large territory
included in the organization augurs
for a large attendance.
The big state fair at Shreveport
has been known as the leading event
of its class in Louisiana for some
years, and will be bigger than ever
this year.

The Florida parishes have a com-
bined fair, and the big state fair at
Jackson, Miss., is attracting attention
in four states. As the farming inter-
ests become more important, the ag-
ricultural fairs in each community in-
crease in importance, in this way be-
ing actually barometers of the devel-
opment in those sections.—Southern

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging
Conditions, Mrs. Bullock Gave
Up in Despair. Husband
Came to Rescue.

Caton, Ky.—In an interesting letter
from this place, Mrs. Bettie Bullock
writes as follows: "I suffered for four
years, with womanly troubles, and during
this time, I could only sit up for a little
while, and could not walk anywhere at
all. At times, I would have severe pains
in my left side.

The doctor was called in, and his treat-
ment relieved me for a while, but I was
soon confined to my bed again. After
that, nothing seemed to do me any good.
I had gotten so weak I could not stand,
and I gave up in despair.
