Through an oversight The Chief has failed to make earlier acknowledgment of the presentation to the editor of a dish of delicious comb honey by C. A. Ours, of Port Barrow. Mr. Ours is a successful amateur apiarist, and contemplates engaging in the industry on quite an extensive scale.

Robert Dalferes, who has been employed in the New Orleans office of the Louisiana State Rice Milling Company for some time past, writes us to change the address of his paper to Crowley, and adds the pleasing information that he has been promoted to the position of cashier and book-keeper of the company's Star mill at that place.

The Methodist revival held last week in the Baptist church at Gonzales came to a close Sunday night. It was conducted by Rev. W. W. Holmes, presiding elder of the New Orleans district, who favorably impressed the large congregations at each service. The regular pastor, Rev. T. D. Lipscomb, was highly gratified at the result.

An average yield of 22 sacks of rice per acre is reported by A. E. Winkler, who is cultivating the cereal on the Klotzville plantation in upper Assumption, in partnership with Victor Loisel, of St. James. This beats anything that has been obtained hereabouts, so far as our knowledge extends, and Messrs. Loisel & Winkler will doubtless carry off the palm for the finest crop in this section.

It is with deep regret The Chief chronicles the serious illness of James P. Kock, of Belle Alliance plantation, who is suffering from a severe caruncle on his back. Mr. Kock was taken to New Orleans Thursday afternoon for medical treatment, and it is the earnest hope of his legion of friends that he will soon obtain relief from the painful affliction and be restored to his former good health.

Consul Commander C. A. Ours reports a large and interesting meeting of Olive Camp No. 18, Woodmen of the World, last week, when a number of candidates were initiated according to the beautiful Woodmen ritual. This camp has added twenty-five new members since the first of the year, and has several now elected and awaiting their policies. Olive Camp is one of the oldest in the state and very likely the strongest outside of New Orleans, with several thousand dollars saved up for a rainy day.

Mr. and Mrs. John Maher and family, who have been residing in St. Bernard parish for some time past, came to Ascension a couple of weeks ago to make their home on Mr. Maher's farm in the first ward, comprising a portion of the old Woodstock plantation originally owned by the Duffel estate. The Mahers formerly lived in Donaldsonville, and have a host of friends here who will be glad to learn of their return to Ascension and will join in wishing Mr. Maher much success in his farming operations.

The fair grounds pavilion was the scene of a delightful children's dance Thursday night, given by Dr. Jules LeBlanc, of Port Barrow, in honor of little Miss Lillian Landry, of this city. A large number of young folk attended, and to the strains of the excellent music furnished by Claiborne's orchestra they threaded the mazes of the prevailing dances with as much grace and sang froid as displayed by their most accomplished elders. Dainty refreshments were served, and the affair was altogether a most successful and enjoyable one.

List your lands and real estate with A. E. Truxillo and get results.  
Messrs. Emile and Moise Goldstein, of New Orleans, are here for the week-end with Mr. and Mrs. F. B. Lemann.

OFF TO GOOD START.

Excellent Sport Marks Resumption of Racing at Local Track.

After an interim of a year, racing came into its own again at Donaldsonville last Sunday afternoon, when a successful matinee was staged at the fair grounds under the auspices of a coterie of local horse owners and sportsmen. The threatening weather kept the attendance down, but despite the impending rain a good-sized crowd was present, and under more favorable conditions the sport promises to prove as big a drawing card as in the palm days of summer before last.

Both the harness events were won in straight heats, Sweet Sultan leading the way to the wire in the free for all, and Bone Setter outfooting the field in the 2:30 class. Gehrke piloted both winners and there were several close finishes.  
The track was a bit slow and a stiff wind also served as a handicap against the making of record time in any of the events, but the pace set by the various winners was sufficiently fast to indicate that some interesting performances may be expected of them in the future, and the sport as a whole was altogether pleasing. Summary:

Free for all:  
Sweet Sultan, Gehrke driver—1, 1, 1  
Ira Gay, Maestri driver—2, 2, 2  
Frances T. McCall driver—3, 3, 3  
Time—2:28, 2:26, 2:25 1/4.

2:30 class:  
Bone Setter, Gehrke driver—1, 1, 1  
Mack, Chittenden driver—2, 3, 2  
Derby King, Garina driver—3, 2, 3  
Gordon McGregor, McCall driver—4, 4, 4  
Time—2:33, 2:30, 2:33.

Running race, 4 1/2 furlongs—Little Maid, Morse rider, 1; W. C. Hewes, Hennyson rider, 2; Miss Kingsberry, Steeler rider, 3. Time—0:57.  
Steele, the colored rider of Miss Kingsberry, was thrown heavily to the ground while the mare was rounding the first turn at full speed in a false start, but escaped injury and pluckily remounted and rode the race.

Judges—J. J. Lafargue, J. Stone Ware, V. Maurin, Emile LeBoeuf. Starter—John Cary.  
The fans are anticipating some class sport tomorrow afternoon, when the following interesting card will be presented:

Free for all, mile heats, 3 in 5—L. B., Dr. L. Beson owner and driver; Sweet Sultan, A. Adams owner, Gehrke driver; Ira Gay, C. Maestri owner and driver.  
2:25 class, special, mile heats, 3 in 5—Brownie Brooks, A. Tujague owner, Chittenden driver; Frances T., Evan J., McCall owner and driver; Bone Setter, E. Bertonniere owner, Gehrke driver; Fair Play, A. Katz owner and driver; Billy G., R. Anderson owner and driver.

Running race, 4 1/2 furlongs—W. C. Brown, Cassanova, Miss Kingsberry, Dewey Drop.  
A rubber barrier will be used in getting the field away in the running races, assuring an even and expeditious start.

In addition to the horses named, a number of speedy animals are expected from Hammond, Opelousas, Iberville, and if they arrive in time some of them will be seen in action tomorrow.

STORM DAMAGE SLIGHT HERE.  
Ascension Not in Path of Disastrous Tropical Hurricane.  
Apart from possible damage to the rice crop, no ill effects were caused in this section by the tropical storm which swept the Gulf coast of Louisiana and Texas during the early part of the week. The weather was squally all day Monday and apprehension was felt that a repetition of the disastrous hurricane of 1909 might attain a velocity of more than 35 miles an hour, and as subsequent developments proved this section was not in the path of the storm and only a minor manifestation of the disturbance was experienced here. A great deal of fruit was whipped off the trees and some rice was blown down, but there was no damage of any consequence to property.

Heading the warning sent out by the federal weather bureau, precautions were taken by water craft in the local harbor to ride out the blow. The steam ferryboat Ruth, plying between Donaldsonville and Darrow, left her mooring place shortly after 6 o'clock Monday morning and steamed up to Philadelphia Point in about eleven miles above Donaldsonville, where she was tied up to remain until after the hurricane had passed. Philadelphia Point is regarded as one of the best and safest landings on the river in this section, and is where the reserve coal fleet of the West Kentucky Coal Company is permanently maintained. At present this fleet and the one at the West Kentucky Company's coal loading station in Port Barrow contain one hundred barges of coal, which, with the pump-boats and other craft and the equipment for handling the coal, represent a valuation of close to half a million dollars. Both fleets were safeguarded with extra lines, splashboards and other precautionary measures, and men were kept on watch to detect the first sign of trouble and apply whatever remedy might have been possible.

Whiteman Bros.' towing outfit was also moved from its landing in Port Barrow to the Philadelphia Point harbor which was "on the job" Monday was the staunch little passenger packet Virgie, operating between Donaldsonville and Burnside, which made all her trips as usual.

Dancing Tomorrow at Germania Park  
Owing to the disturbed atmospheric conditions last Sunday evening the open-air dance at Germania Park was necessarily pretermitted, but weather permitting the delightful entertainment will go on as usual tomorrow, and every Sunday thereafter. The largest attendance of the season is expected tomorrow evening, and a visit to the park while the frolic is in progress will be found an enjoyable and interesting experience. Automobiles charging 25 cents per passenger for the round trip will be operated from this city, leaving the X-Ray Pharmacy at intervals between the hours of 6:30 and 8:30 p. m., and on the return trip departing from Germania Park at 11:30 p. m. and every fifteen minutes following up to 1:30 a. m. Music for dancing will be furnished by Claiborne's full orchestra.

Messrs. Emile and Moise Goldstein, of New Orleans, are here for the week-end with Mr. and Mrs. F. B. Lemann.

RICE MILL TO OPERATE.

Negotiations for Reopening of Big Plant Successfully Concluded.

The good news that the Donaldsonville plant of the Louisiana State Rice Milling Company will be opened this season was made public during the week, and has been received with cordial expressions of gratification. This mill, admittedly one of the best owned by the Louisiana State concern, has been closed for the last two seasons, but owing to the greatly increased acreage planted in rice in this section, it has been deemed advisable by the company to reopen the plant, and preparations for inaugurating the season's run are now under way.

No little credit for this desirable accomplishment is due to the efforts of the local Chamber of Commerce, which took up the matter several months ago with the management of the rice milling company and has been in constant correspondence since with a view to removing the objections offered by the corporation. These negotiations culminated Tuesday when John Gray, of New Orleans, representing the owners of the plant, and conference with Mayor Walter Lemann and President Alex. Bloemestiel and Secretary R. S. Vickers of the Chamber of Commerce.

As a result of this conference, free wharfage for rice was offered the company by the city, while the Municipal Light and Water Commission agreed to furnish free power for the operation of a portable electric conveyor, which will be installed on the river front to convey rice from boats and barges to the top of the levee. A rate of 1 1/2 cents per sack for transportation of the rice from the wharf to the mill was secured from local freighters. These concessions removed all obstacles in the way of a resumption of operations at the local mill, and after they had been submitted to and approved by the management of the company, announcement was made that the plant would be reopened.

A crew of machinists is now engaged in overhauling the equipment of the mill and getting everything in readiness for the season's run, which will probably be inaugurated next week.

NOTED TENOR TO SING HERE.

Robert Gottschalk to Take Part in Fair Association Benefit.

One of the attractive features of the minstrel show to be given at the Grand Theatre Wednesday evening, Sept. 1, will be the appearance of Robert Gottschalk, the gifted young New Orleans tenor, who has kindly consented to take part in the entertainment. Much interest is centered in this announcement, since Mr. Gottschalk is regarded as one of the foremost tenors of America, and recently achieved new laurels by his magnificent work in the oratorio, "The Messiah," produced in New Orleans. Local music lovers are indeed to be congratulated on having an opportunity to hear this noted young singer, and his participation in the entertainment should alone be sufficient to assure its success. In addition to this notable feature, it is also stated that a soprano of much renown will delight the audience with a demonstration of her art.

The performance will be staged under the direction of Pierre V. Blanchard, and the proceeds will go to the benefit of the South Louisiana Fair Association. An attractive program has been arranged, consisting of a regular minstrel first part in which catchy songs, clever jokes and original dancing will be featured, followed by an olio of sparkling specialties, mainly musical. Among the fun-makers who will contribute to the hilarity of the occasion will be Walter Lemann, Evan McCall and two of the Pfizer brothers, and their "stunts" will certainly be worth coming a long way to see.  
Music by the Napoleonville Orchestra, under the leadership of Xavier Dugas, will be another enjoyable feature of the production, which bids fair to be a most notable one.

WILL ORGANIZE TODAY.

Promoters of Packing Plant to Meet at Napoleonville.

Donaldsonville and Ascension parish will be well represented at the meeting to be held in Napoleonville this afternoon for the purpose of effecting permanent organization of the South Louisiana Packing Company. The hog raising and business men of this section appreciate the importance and practical value of the enterprise it is proposed to establish, and will give the project their unanimous encouragement and co-operate to the extent of their ability in making it a success. At the meeting this afternoon, officers and directors of the corporation will be named, and other matters in connection with the formation of the company will be taken up.

"The organizers of this movement want to make the organization as co-operative and as representative as possible, and are entirely unselfish in its promotion," said Walter Godchaux. "We want to leave nothing undone to make the enterprise a success beyond doubt. We know we are pioneering, but if the issue is successful it will mean more hogs and more prosperity for hog-raisers throughout the state as the result of finding and solving that most important problem of the hog industry, namely, the market for the product. Therefore, every one interested, directly or indirectly in the swine industry, every one who has at heart the welfare of this section of the state and its rehabilitation, to not only stand back of this movement, but to actively aid in its successful issue."

Babin-Howard.

From the Dutchtown correspondence in the Baton Rouge State-Times of Aug. 13, we learn that "Larry Babin, principal of the local high school, recently married to Miss Olive Howard of that place. The happy pair left immediately after the ceremony for New Orleans." Both the bride and groom have a large number of friends in this community who, in common with their extensive circle of friends throughout the parish, will take pleasure in extending them cordial felicitations upon their happy marriage, and sincere good wishes for a multitude of blessings in the years to come. Mr. Babin, who has served as principal of the Dutchtown High School with conspicuous ability for several years past, will again fill that position during the approaching session.
