BABIN-BONICARD.

Prominent Young East Ascension Couple Joined in Wedlock.

A brilliant social event of the past week in east Ascension was the marriage of Miss Nettie Bonicard, of Dutchtown, to Alex. R. Babin, of Duplessis, which was solemnized Wednesday afternoon, August 22, at 5:30 o'clock, in the Sacred Heart church at Cornerview. The ceremony was performed by Rev. J. C. Gonon, local pastor, and the edifice was filled to overflowing with friends and relatives of the contracting parties. The bride was charmingly gowned in a graceful robe of georgette crepe made over satin messaline, and her veil of illusion was held in place with orange blossoms. She had as her sole attendant her sister, Miss Leona Bonicard, while the groom had for his best man his brother, Joseph A. Babin.

Following the ceremony the newly wedded pair returned to Duplessis, where they have gone to housekeeping in the attractive cottage recently built for their occupancy.

The bride is the daughter of Mrs. George E. Bonicard, of Dutchtown, and was formerly a member of the faculty of the Dutchtown High School. She is a young woman of charming personality and many admirable attributes, and numbers among her devoted friends all who have the pleasure of her acquaintance. Mr. Babin was also a teacher in the Dutchtown High School during past sessions, and is now in business at Duplessis. He ranks among the most progressive and influential young citizens of the community in which he lives, and enjoys the highest esteem and respect of everyone who knows him.

The Chief joins in expressions of congratulation to this popular young couple, and wishes them a serene and blissful journey upon the sea of matrimony.

Return from Cuba. Mr. and Mrs. Lee Dalferes and baby daughter returned Wednesday night from Guantanamo, Cuba, where Mr. Dalferes has been employed since December last as a member of the sugar-making corps of the Guantanamo Sugar Company's big factory. He reports that the grinding campaign was delayed two months by a shortage of labor resulting from the revolutionary outbreak in that portion of the island. The season's output totaled 115,000 bags, which was something like 35,000 bags less than was expected to be made. The curtailment of the yield was caused by the burning of thousands of tons of cane in the fields, as well as by the interruption of work in the factory due to labor troubles.

R. S. Vickers returned Wednesday afternoon from a several days' stay in New Orleans. He spent Monday and Tuesday at Camp Nicholls "brushing up" on military tactics and the manual of arms, in preparation for assuming command of the Donaldsonville High School cadets during the session about to open. SPECIAL MEETING OF COUNCIL.

Finance Commissioner Authorized to Negotiate Loan of \$1200.

Donaldsonville, La., Aug. 29, 1917. A special meeting of the commission council was held this day at 7:30 p. m., with Commissioners E. K. Sims and Alex. Bloomenstiel present. Absent—John H. Schaff.

This special meeting was called for the purpose of authorizing the commissioner of finance to make such arrangements as are necessary to secure a loan of sufficient funds to take care of the semi-annual interest due September 1 on the outstanding certificates of indebtedness of the city, and to meet the necessary current expenses of the city until the taxes and licenses for this year are due and collectible.

Mr. Bloomenstiel moved the adoption of the following resolution: Be it resolved by the commission council of the city of Donaldsonville, that the commissioner of finance be and he is hereby authorized and empowered to borrow from the Bank of Ascension the sum of twelve hundred (\$1200) dollars for the purpose of paying: 1, the semi-annual interest coupons due September 1, 1917, on the certificates of indebtedness of the city; and 2, the discount on said loan, and current expenses of the city until this year's taxes are collectible.

Be it further resolved, that the said commissioner of finance be and he is hereby authorized and empowered to issue in favor of the said Bank of Ascension, or order, a certificate of indebtedness for the amount so borrowed, as provided for in the first section of this resolution; said certificate of indebtedness to bear interest at the rate of eight per cent per annum from maturity, and to be made payable on the second day of January, 1918.

The motion was seconded by Commissioner Sims, and on roll-call the resolution was adopted as follows: Yeas—Sims, Bloomenstiel; absent—John H. Schaff.

The council then adjourned. A. J. MELANCON, Clerk of the Council.

Steamer Virgie in Dry Dock.

The steamer Virgie left here Tuesday morning at 6 o'clock for Morgan City, where she has been placed in dry dock to undergo a thorough overhauling. She is being replaced in the Donaldsonville-Burnside run by the steamer Hustler, of Grand Bayou, which has been specially provided with safety appliances and fire-extinguishing apparatus in conformity with government regulations. Local Inspector Cagle, of New Orleans, inspected the Hustler last Saturday and issued the requisite certificate permitting her to carry passengers. Capt. C. J. Labarre, owner of the Hustler, piloted the Virgie from Donaldsonville to Morgan City, and George Chapman, the Virgie's capable young chief engineer, was at his regular post. Mr. and Mrs. James P. Armistage, of Donaldsonville; Mrs. J. F. Saxon and son, Jim, and Messrs. Hy. C. Braud and Joseph Belle, Jr., of Burnside; Miss Annette Graugard, of St. Patrick, and John Lapeyrolerie, Jr., of Sunshine, constituted a party who enjoyed the trip to Morgan City on the Virgie, returning by rail. It is not known definitely how long the Virgie will be out of commission, but the probabilities are that at least two weeks will be required for the completion of the repairs to her hull and upper works.

Appeal in Behalf of Leland Academy.

The Leland Academy for colored clerks, located in Port Barrow, will begin the session of 1917-18 next Monday morning. Funds for the maintenance of this school are derived by means of public subscription, and Prof. E. D. Wright, who has assumed the task of raising the amount required, informs us that a total of \$100 has so far been contributed by the parents of the students and business men of Donaldsonville, New Orleans and Franklin. Other firms and individuals have promised to help, and Prof. Wright will shortly make a canvass of the community to solicit donations in aid of the worthy cause. He will also appear before the public boards and banks of this section to request their assistance, and in view of the fact that with the single exception of St. Augustine's Academy in Donaldsonville the Leland Academy is the only public school for negroes in the entire parish of Ascension, he feels confident that his appeal will meet with a prompt and generous response at the hands of the public-spirited white citizens of the community. Any amount contributed will be thankfully received. Teachers of the school and officers of the association vested with its management are as follows: Mrs. P. J. Wright, principal; Bertha H. Robinson, assistant; Rev. James Robinson, president; Prof. E. J. Ellis, secretary; Dr. J. H. Lowery, treasurer. The public is invited to attend the opening exercises next Monday morning at 9 o'clock.

VACATION DAYS OVER.

Local Schools to Reopen Next Week for 1917-18 Session.

All of the public and parochial schools of this city will open Monday for the session of 1917-18, with the exception of the St. Joseph Commercial Institute for boys, conducted by the Brothers of the Sacred Heart, which will inaugurate the scholastic year Thursday, Sept. 6.

St. Vincent's Institute, under the direction of the Sisters of Charity, will again have as its superior Sister Catherine, who has served in that capacity with conspicuous ability and success for the past few sessions. The other members of the faculty will be: Sister Lucia, high school department; Sister Bertrand, second and third grades, and boys; Sister Cecilia, third and fourth grades; Sister Clementine, fifth and sixth grades; Sister Marguerite Mary, kindergarten; Miss Odalis Pedesclaux, first grade. Boys are accepted up to the fourth grade, and then turned over to the Brothers' college.

Brother Herman, formerly of Alexandria, will head the faculty of St. Joseph Commercial Institute, succeeding Brother Theodosius, who has been appointed president of St. Vincent's Academy at Mobile, Ala. The remainder of the teaching corps will comprise Brother Norbert, vice president, and Brothers Damien and Frederick.

The faculty of the Donaldsonville High School will be composed of R. S. Vickers, principal; Miss Marceline Monceret, French and English; Miss Marguerite Bisland, domestic science; Miss Maud Tyson, science; Miss Annie Laurie Pujos, first grade and librarian; Miss Dora Kaffie, advanced first grade; Miss Mary Jane Stuart, second grade; Miss Jeanne Landry, third grade; Miss Freda Singer, fourth grade; Miss Norma Gisclard, first division, fifth grade; Miss Isabel Folse, second division, fifth grade; Miss Mary Evans, sixth grade; Miss Eunice McGalliard, seventh grade. The commercial course heretofore embraced in the curriculum of the school has been abolished, and a literary course substituted in its stead. This was done because of the difficulty of obtaining a competent commercial teacher at the salary offered, and rather than continue the work with inferior results, Supt. Broussard decided to abolish the course.

St. Augustine's school for colored children, under the supervision of the Sisters of the Holy Family, will henceforth be a free school for Catholics and non-Catholics alike. This institution has heretofore been conducted as a Catholic parochial school, but through the instrumentality of Rev. Father C. M. Chambon, the broadminded and public-spirited local Catholic pastor, arrangements have been perfected to make the school free to all colored children, irrespective of religious denomination. Sisters Helena and Kostka will have charge of the classes.

The series of revival sermons being preached at the Methodist church by Evangelist T. J. Norsworthy have proved to be instructive, uplifting and entertaining, and have been heard by representative audiences. A special feature of the meeting will be a sermon at 7:45 o'clock tonight for men only. A similar service for women will be held at 3:45 p. m. Sunday. In view of the opening of the public school next Monday, the day services after tomorrow will be held at 4 o'clock in the afternoon, in order that the school children may attend. Following the morning sermon tomorrow, the Sunday school will convene as usual. The public is invited to attend all of the services. P. O. LOWREY, Pastor.
