

Elegant Fall Showing of Men's and Boys' Clothing

We've put our house in order, dressed it all up, and are ready to serve you with a splendid showing of SUITS AND OVERCOATS from the following famous houses:

STYLEPLUS, HART SCHAFFNER & MARX, KUPPENHEIMER, KAHN, DREYFUS & COMPANY AND SPERO, MICHEL & COMPANY

The features in the new suits for Fall are the superior quality of the new cloths and the consistent prices. It will be a revelation to you to know what \$22.50 up to \$45 will do for you this Fall. A year ago these same suits sold for nearly double the present prices. We're thoroughly ready for Fall. An inspection of our stock is invited.

ADOLPHE NETTER

Donaldsonville, La.

Donaldsonville Chief

Entered in the postoffice at Donaldsonville, La., as second-class mail matter.

OFFICIAL JOURNAL OF THE POLICE JURY, SCHOOL BOARD AND CITY OF DONALDSONVILLE

SATURDAY, SEPT. 10, 1921.

SHOULD NOT RESIGN.

In a recent issue of the Gonzales Weekly there appears rather a lengthy editorial under the caption of "Ascension Confronted With Embarrassing Situation." Briefly and in substance it suggests that Representative R. S. Vickers resign his position as secretary-manager of the South Louisiana Fair, or as representative to the legislature for the reason that "he is hardly capable of conducting a fair of the magnitude of the South Louisiana Fair and at the same time give due consideration to the measures that shall come before the session of the legislature." The editorial further says that "Mr. Vickers is a man of considerable ability."

There are some phases of the situation however, that our esteemed contemporary failed to bring out. Mr. Vickers was elected to the general assembly by the people. In so doing his ability was in all probability taken into consideration. Moreover, Mr. Vickers will make an honest effort to be present at all important sessions of the legislature and vote on all matters of interest which have to do with the welfare of the community he represents. We admit that his duties as secretary-manager of the fair will occupy considerable of his time, coming as it does during the busy season. As a matter of fact it should. But this, in our estimation, is no valid reason why he should resign "one or the other of the places," especially since our contemporary admits Mr. Vickers to be a man of considerable ability. It should also be taken into consideration that his duties in connection with the fair are not of long duration, and it appears to us that a man of "considerable ability," such as Mr. Vickers' is conceded to be, can handle the two places with credit.

Mr. Vickers and Mr. H. Arthur Morgan, the latter the other representative to the legislature from this parish, have both proven themselves worthy representatives of the people and it would seem to us that it would be a good plan to let well enough alone.

Again, we doubt if during the busy season, just commenced, a man possessed of the necessary qualifications for a representative could be found who would be a logical successor to Mr. Vickers—unless possibly, he belonged in the category of those unfit for political honors.

SOME PLAIN TRUTHS.

Herbert Hoover, in a speech in Boston the other day, gave utterance to some plain truths which would appeal to all thinking persons, of whatever political persuasion. He discussed the industrial and financial situation of the world in general and in this country in particular at some length, and wound up with the following:

"But when all is said done, the best cure for all depression is courage and applied intelligence and the return to the primary virtues of hard conscientious toil and economy in living. On every side there is evidence that the vast majority of our whole nation is making an effort again in these directions, equalled only by that of 1918. While our recovery may be slower than some may expect, nothing can prevent the prosperity of a country where the people have enlightenment, the wish to work, the wish to produce, and the wish to do right by their neighbors. "We are a nation of men, women and children. Our industrial system and our commerce are simply instruments for their comfort and happiness. "When we deal with these great problems of business and economics we must be inspired by the knowledge that we are increasing and defending the standards of living of our people. Upon this soil grow all those moral and intellectual forces that make our nation great. "This is about the most statesmanlike utterance that we have read in some time. It is inspiration. "The fact that the resources of this country are so great, and the people of the country themselves are so great, that we will not have any serious business depressions for very long at a time. "And the more steadfast we are to the principles of common honesty and decent living, the more enduring and unassailable will be our prosperity."

THE NEW DAILY.

Effort Will Be Made to Launch Daily Chief About October 1.

In the issue of The Donaldsonville Chief of July 30 mention was made that the management contemplated the launching of a daily paper, providing proper support was given to the enterprise. With that end in view a new linotype was installed and the building in which The Chief is now published was enlarged. The project has not been abandoned, and within a comparatively short time a canvass for advertisements and subscriptions will be made. It is obvious that this must be done before the contemplated daily can be started. The canvassing of the city would have been made before this, but owing to the volume of business The Chief is handling at the present time, and the fact that other business matters prevented, it was deemed advisable to delay the work until a future date. Just when this will be done it is impossible to say, but it is hoped that it can be accomplished some time this month so that the first issue of the daily will make its appearance on or about October 1 or sometime in November.

The paper will not be published with the idea that it will meet a long felt want, to use a trite expression, but with the belief that Donaldsonville and territory contiguous thereto should be furnished with a daily paper in which will be chronicled the principal news of the day, especially relating to the territory it serves.

Something more than mere moral support is necessary to get out and maintain a daily paper. Subscriptions and advertising are necessary in order to meet the expense of such an undertaking. It is hoped that a generous response will be given to the solicitors and canvassers when they call.

To revert to what already has been said in the former announcement: Many towns in the state, some smaller than Donaldsonville, support a daily paper, and the management of The Chief sees no valid reason why this community should not come in the category of towns that have their own dailies. If proper support is given to the enterprise, every effort will be made to give to the people of this community a clean, wholesome paper, carefully edited, and containing all the news it can possibly gather.

Coal of An Exceptional Quality.

Liberty coal is an exceptionally good grade of coal for either steam or domestic purposes. The seam where this coal is mined, is unusually free from impurities. The coal will not clinker and repated tests by a large manufacturing plant in this city, show that liberty coal runs much higher in heat units than the average coal from the same fields. The Liberty mines are equipped with the very latest modern mining machinery. The coal is cut by electric cutting machines, which operation produces the minimum amount of stack and brings the coal out in large, blocky lumps. The coal then passes over vibrating perforated screens, which takes out all the slack and separates the coal into the different sizes; nut, egg, No. 1 lump and 6-inch fancy block. The coal then passes over a picking table where foreign matter such as rock, slate, etc., is picked out by hand. We are very proud of liberty coal and the many letters we get complimenting us on its good qualities, prove that it has a very enviable reputation. Elray Kocke, dealer, Donaldsonville, La.

Dan Foley, formerly an attaché of this office but for the past few months employed as a linotype operator in the Times-Picayune office, New Orleans, left last Monday for San Antonio, Texas, where he will spend several months for the benefit of his health. Dan is one of Donaldsonville's highest esteemed and most popular young men and The Chief sincerely hopes that the change of climate will soon restore him to his former good health.

Perceval Bringier, John Landry and Lawrence Noel, three stalwart young men of this city, who enlisted about ten months ago in Uncle Sam's army and were assigned to the Seventh Infantry, stationed at Camp Pike, Arkansas, were honorably discharged recently and returned home the early part of this week. They are all looking fine and report that their experience in the army is worth much to them.

A movement is on foot to establish a rice mill and ice factory at Estherwood. There is neither within six miles of that place.

CYCLE RACES TOMORROW

Professional and Amateur Riders to Race at Fair Grounds.

Tomorrow at 3 o'clock one of the most sensational motor-cycle track meets will take place at the fair grounds in this city. Eight professional racers will make a thrilling fight for the southern title to championship honors. State records probably will be broken, as every contestant is alive with enthusiasm over the winning of the championship title. It is the belief that a new state record will be made for a half-mile track.

A local man, Jack Richardson, a veteran motor-cycle rider and holder of many track records, will be one of the contestants. His friends are anxious to see him come out with flying colors and beat racers from Minneapolis, St. Louis, New York, Memphis, San Antonio and other places. T. J. Butler, who made a big hit at Lattonia last spring, is another fast entry and probably the auditors should have raising thrills. A. N. Russell, who rides a Datonia Indian, is the holder of the southern mile record and one of the racing stars of the Indian wigwam. Another is "Cyclone" Treen, a veteran of the track, who promises to loosen some of the gravel on the track. Treen is the tri-state champion. Then we have "Tiny" Miranda, who holds the five mile world record and winner of the northwestern championship at Minneapolis. He will ride a Chicago-500-Harley Davidson motor. Gasquet will steer a big valve Excelsior; Ramirez will be astride a Torres Triple, and Walker will handle an eight-valve Indian. There will be a time trial, two, three and five mile, in addition to Australian pursuit races for the professionals. For the amateurs there will be bicycle races, a five-mile solo race, and a side car race.

Alfred J. Landry, the popular jeweler, has shown his good sportsmanship by offering a silver loving cup to the winner of the time trials. The cup is on display at Mr. Landry's store in Railroad avenue.

NEW STATE DRY CHIEF.

Hugh Larre Becomes Prohibition Director for Louisiana.

Hugh Larre, a native of Assumption, but for many years a resident of New Orleans, has been appointed prohibition enforcement director for Louisiana succeeding Jess Johnson, who has held the job since the country became dry. It is expected that the appointment will be confirmed by the senate and that the new appointee will take charge of the office in a few days. The new director states that he will do everything in his power to strictly enforce the provisions of the Volstead law. One of his first moves against bootleggers will be to have the present crew of enforcement agents increased from ten to twenty-five. The present Democratic employees will be retained but all new appointees will be Republicans.

"Fitrite" Bloomers.

Attention of our lady readers is called to the "Fitrite" bloomers which are being advertised and sold by B. Lemann & Bro.'s store. If you are looking for beauty, comfort and service in a bloomer, be sure to purchase a "Fitrite." They are guaranteed to fit nicely about the waist, the cuff elastic is so anchored that it will lie perfectly flat, and great care has also been given to the sewing of the crotch reinforcement (which doubles the life) to prevent any cause for irritation. Come in and look them over. They are the best bloomers in the shops today and women are rapidly coming to know this fact.

The suit of Assistant Attorney General L. E. Hall to disqualify Judge Emile Godchaux as the Democratic nominee for justice of the supreme court on the grounds that Mr. Godchaux is not a resident and qualified elector of the state, was decided adversely to Mr. Hall by Judge Porter Parker of the civil district court of New Orleans, Thursday. Judge Parker decided that Judge Godchaux is a citizen of Louisiana and a bonafide resident of the city of New Orleans and as such entitled to the nomination to the supreme bench. The attorney for Judge Hall immediately appealed the case to the supreme court.

Curtis Babin, son of Mr. and Mrs. Armand Babin, formerly of this city, but now residing at Port Arthur, Texas, arrived here last Sunday for a two week's visit to relatives and friends, and while here will stay at the home of his aunt, Mrs. Joseph Michel. This is Mr. Babin's first visit to Donaldsonville since he left ten years ago.

Marriage Licenses.

The following marriage licenses were issued at the clerk of court's office this week: Louis Piazzo to Miss Angelina Macabuso. Colored Abe Hilliard to Louise Grey.

A stock company has been organized for the purpose of establishing a creamery at Alexandria. It is said that more than 500 cows will furnish milk for the new concern.

"HOT DOGS" MAKE 'EM HAPPY

The toothsome "hot dog" can bring a wider smile to a boy's face than any other known delicacy. Balloons, "hot dogs" and many other fun producers will please the children who visit the South Louisiana Fair, Donaldsonville, Oct. 2 to 9.

FALL STYLES ON DISPLAY.

Local Merchants Receive Large Shipments of Fall and Winter Goods.

Fall and winter clothing, lots of it, for men, women and children, all kinds and prices, are now being displayed in the windows of merchants who handle such things. Without doubt the shipments to Donaldsonville this season have been the largest in several years. There is everything for milady, the little ones, boys and girls, and the men who have to pay for them. And this year the styles for both sexes are classy and chic. Stores in Railroad avenue and Mississippi street seem to vie with each other regarding their displays. Everything from footwear to headgear is being shown, and the prices in most instances are reasonable compared with those of last year.

There is also showing a superior line of footwear, something that will meet the demands of cool and wet weather and the clothing stores are neat and nifty with bright, new stocks of overcoats, suits and hats. Of course everything for milady is also on display and millinery showings are perfect dreams. Otherwise they would not attract the fair sex. Then, too, there is everything for the children.

"We are anticipating brisk business this fall," said a clothing merchant to a representative of The Chief, "and as a consequence nearly every firm has stocked up for fall and winter. True, the real fall business has not started as yet, but in a week or two we anticipate a good business. The styles this year are somewhat different from last year's, and if anything they show more class. Prospects are good for an upward tendency in business, not only in the line of clothing, but in everything else."

JENSEN OPTIMISTIC.

T. and P. Official Confers With Secretary-Manager of Fair.

Frank Jensen, assistant general passenger and ticket agent of the Texas and Pacific road, was in Donaldsonville Tuesday for the purpose of conferring with R. S. Vickers, secretary-manager of the South Louisiana Fair, regarding matters relative to the annual exhibition which takes place from October 2 to 9 inclusive.

"We are looking forward to a good business during the fair," said Mr. Jensen, "and we shall make every effort to give adequate service both to exhibitors and visitors. From my conference with Mr. Vickers I gather that the fair will be one of the best ever held in Donaldsonville. I understand that the agricultural, stock and other exhibits will be larger and the variety greater than ever."

Mr. Jensen said that his road was endeavoring to give as good service as possible, and that improvements would be made from time to time. He was optimistic regarding business for the coming year and predicted that it would not be long before business would show more of an upward tendency than it does at the present time.

A Deserved Appointment.

Ferrier Blanchard received a telegram this morning from the grand exalted ruler of the Elks, apprising him of his appointment to the position of district deputy grand exalted ruler for this state, with ten lodges under his jurisdiction. Mr. Blanchard succeeds Clyde S. Moss of Bogalusa. He is one of the former exalted rulers of the Donaldsonville lodge, in which capacity he served two terms, and is fully qualified for the duties of his new office. The appointment of Mr. Blanchard to this important post is a good one. It is a tribute to his fitness as an Elk and a compliment to the local lodge, and the members of which rejoice at the honor which has been conferred upon their ex-ruler.

Deer Season Opens September 15.

Thursday, Sept. 15, deer may be hunted in this state. The season closes December 31. Squirrels may be hunted from October 1 to March 1, and quail and wild turkey from November 15 to February 15. Migratory game birds, such as duck, geese, brant, and coot, may be hunted from November 1 to January 31. The dove season opens on October 16 and closes January 31.

Services at Methodist Church.

At the Methodist church tomorrow, there will be Sunday school at 10 a. m. and praying at 7:30 p. m. by Dr. Snelling of New Orleans. The night services which have been suspended during the summer will be resumed for the fall, beginning Sunday night. Mrs. Evans will be present and help in the music. The public is cordially invited.

President Harding has appointed Napoleon Underwood, Democrat; Chas. E. Higgins, R., Lodge and Ethel Root, Republicans, as the United States delegates to the disarmament conference.

LOCALS IN TWO GAMES.

Defeat Brusly St. Vincent But Lose Out to St. Gabriel.

The local baseball team journeyed to Brusly St. Vincent last Sunday and administered a severe drubbing to the nine of that place, the score being 6 to 2 in favor of Donaldsonville. The "long necks" made their two runs in the first inning and failed to score thereafter. After the first the home boys got down to business and therefor the game proved a one-sided affair. The rain made the ground slippery and the ball heavy and only seven innings were played. Robert for the locals pitched a splendid game and his team mates gave him splendid support. Falcon, who pitched for the Brusly lads, did effective work, but the support given him was not what it should have been. The official box score follows:

DONALDSONVILLE.		A. B. R. H. S. H. E.			
Ramirez, c	4	1	1	0	0
Blum, 2b	4	1	0	0	0
Vitale, ss	4	0	1	0	0

Runs by inning: Donaldsonville.....003 210 0xx—6 St. Vincent Stars.....200 000 0xx—2

Summary—Two-base hit, Vitale, H. Forest, Smith, Ed. Daigle. Struck out, by Robert 7 by Falcon. First base on errors, Lee Landry, Smith and Robert. Earned runs, Donaldsonville 4 Stars 1. Bases on balls, off Robert 2 off Falcon 2. Hit by pitcher, by Robert 1. Stolen bases, Robert 2, G. Forest, Balk, Robert 1. Time of game, 1 hour and forty minutes. Umpires, Tridico and Marquette. Scorer, V. A. Rodrigue.

Last Monday the Donaldsonville club went to St. Gabriel where they played and were defeated by the strong bunch of that place.

Burnside Notes.

Mrs. Ernest Williams, nee Miss Beatrice Hebert, youngest daughter of Mr. and Mrs. Alex Hebert of this place, died at her home in Baton Rouge last Monday evening, aged 20 years. She is survived by her husband and an infant child, her parents and two sisters. Her death was a shock to the people of this community. Burial took place in Magnolia cemetery, Baton Rouge.

Leon Chaney, a tenant farmer living near Brewerton, while in his sweet potato patch last Wednesday morning, was bitten by a rattlesnake on his left leg and died the same night after suffering the most excruciating pains for fifteen hours. The only attention he received was from a "snake hoodoo doctor"; he died without medical aid.

With the opening of all the public schools last Monday, the Burnside two-room school with one teacher, Miss Levie Medus, and nearly fifty pupils enrolled, began its scholastic term under very favorable circumstances. How can one teacher, untrained in the practice of teaching, alone, teach and control fifty children, divided into five grades? The failure of the undertaking—and failure it will be—is a gross injustice to the teacher and scholars. To attempt such an impossible task amounts to a farce, and will end in a tragedy. The remedy lies with the school board, or its superintendent of schools. The overcrowded schoolhouse is situated between the Burnside chapel and the fruit stand on the road to the railroad depot. Those in authority, find out.

Continuation of the history of the Burnside chapel: "Donations for the furnishing of the chapel were made as follows: Communion table, Miss Betty Miles; prayer desk, Miss Sally Miles; lectern and cross, Miss Linda Miles; alms basin, Dr. Wm. Parker; the bible came from the St. Thomas House, a memorial to John Burnside; this bible was found among his effects after his death. Bookmarker, Miles and Caspar Chisolm; chancel carpet, Mr. Miles; prayer book and hymnal, Henry C. Eustis; baptismal font, Mrs. W. G. Chisolm; chancel rail, Messrs. G. Bright and E. Simmons. The pews were the contributions of Drs. Miles, Colomb and Bringier, C. S. McFarland, Miss Mary Johnson, Alfred Becker, H. C. Braud, J. R. Brothock, J. W. Stephenson, J. C. Green, Mrs. Brown, Mrs. Morgan and J. J. Boote; chair, Mrs. J. T. Bringier, being a memorial to her father, Dr. Joseph Jones. In order to raise funds for the payment of the debt of \$414.69, the ladies of the community, with the assistance of the Burnside Gun Club, gave a fair, dinner and shoot on the grounds of the gun club on Feb. 12, 1898; at this time \$287.20 was realized, reducing the debt to \$127.49."

Plant Working Full Capacity.

The big bottling plant of Moutero & Brande is running to its fullest capacity, turning out Coca-Cola and the other high-grade carbonated beverages which are fast making this factory one of the most popular in the state. The superb quality and excellency of the drinks manufactured by it is a strong advertisement for the plant, and is creating a demand which is increasing every day. The high grade of the flavoring syrups and purity of the water and the absolute cleanliness and sanitation of every thing connected with the bottling operations insures a product of incomparable quality and cooling and refreshing properties. There is a big glass full of joy and contentment in every bottle.

Plant Working Full Capacity.

Fine Entertainment.

"The Moth," with clever Norma Talmadge in the title role, was the feature at the Community Theatre last Tuesday, with Charlie Chaplin comedy following, and this combination was the means of drawing a crowded house, with standing room at a premium. The recently organized community orchestra furnished excellent music, which was fully appreciated by the large audience. The performance was given for the benefit of the Catholic church repair fund, under the auspices of the Knights of Columbus.

The vaudeville part of the show was especially pleasing, the comedy jazz dance by Miss Colette Mazzolotti was heartily applauded, and the singing of Miss Clara Rodrigue proved very entertaining, and the songs rendered by Miss Agnes Landry and Henry Kocke, Jr., were satisfying to the audience.

Next Tuesday night there will be another benefit, the feature picture will be "The Road to London," featuring Bryant Washburn, followed by a vaudeville program consisting of orchestra selections; Lowell Giscard, blackface artist; singing by Miss Ethel Werner and Henry Kocke, Jr. See ad elsewhere.

Following next Tuesday's show the following photoplays will be shown: Friday, September 16, "Water Lily," and fifth episode of "Diamond Queen"; Saturday, September 17, "Danger Ahead," and a Century comedy; Sunday, September 18, "The Journey End."

The baseball umpires, too, are in favor of disarmament.
