THE LATE MAJ. THOS. R. DASHIELL.

We are pained to learn of the death of Maj. Thos. R. Dashiel late General Agent of the Phoenix Fire Insurance Company of Brooklyn, New York, for the state of Mississippi. Major Dashiel was a most courteous gentleman, a man of intellect and large experience and peculiarly adapted to his chosen profession, that of Insurance. He was known throughout our State, but nowhere was he more respected than here by those with whom he came in business contact, in the adjustment of fire losses. In his death, a good citizen has passed away and an irreparable loss has been sustained by the company he so faithfully represented. His bereaved family have our warmest sympathies. May a kind Providence ameliorate their affliction, and may the sod rest gently o'er the grave of the loved one of whom they are bereft.

Mr. Sam Kohlman of New Orleans, is on a visit to Canton. We are pleased to make his acquaintance. We had a call, last Thursday, from Mr. Myer Wolf, of Oxyka. He is a live democrat, and Secretary of Oxyka Tilden and Hendricks Club. Our handsome and clever young fellow-townsman Mr. Ralph Stadelker will leave Canton, next Monday, on a tour of business and pleasure and will do the Centennial during his absence. Mr. E. S. Jeffrey, has recently started a large Dairy at the Warf place and is prepared to furnish milk, butter, and cream at all hours. Mr. Geo. Benwell has charge of the business and milks over thirty cows. Our city needed a good dairy and now that it has one, let it be sustained.

Wonder, wonder, Blood and thunder, Ax and gun, Glass and blunder.

The past week has been one of incidents, some slight, others serious. On Sunday, Fillmore Singleton and Willis Garrett, both wards of the Nation, had a scrimmage, in which a pistol exploded. Nobody was hurt, no Hayes and Wheeler vote lost, yet, we doubt not, our community sustained considerable loss by the accidental escape of one, or more, of the aforesaid wards. They were both arrested and punished. If the pistols and other arms that have found their way into the hands of these creatures, were beaten into hoes and plowshares and then placed in their hands some good would probably result therefrom.

Last Sunday night a negro man named Romeo Blackburn, residing on the Geo. Ross place five miles East of Canton, was cut in the head and body, by his wife Eliza Jane, in a most frightful manner. The bloody work was done with an ax; the skull being literally laid open, exposing the brain; one finger was cut off and a terrible gasb was made in the unfortunate man's back. Eliza is certainly a fiend. The cause of the horrible deed is said to be jealousy. At last accounts there was no hopes for Romeo's recovery, and Eliza Jane was languishing in jail.

On Monday a difficulty occurred near Camden between Holly Tucker, white and Geo. Scott, colored, about farming matters, in which the latter was very dangerously cut with a knife. The wounded man will probably die. Tucker fled the country, for Texas it is thought.

Again on Monday last, Eddie Sulm white, and Arthur Marrell colored, both young men about the same age got into a wrangle, some say good naturedly, others say not, which resulted in the discharge of a pistol in the hands of Sulm, the contents of which entered the body of Marrell inflicting a very dangerous wound. Sulm also fled the country, and has not been apprehended. Marrell is now lying in a very critical condition, there being no hopes for his recovery.

LATER—Marrell died last Wednesday afternoon.

On Monday afternoon, one of the large plate glass windows in Tinsdale & Handy's store fell out, and a bystander is attempting to catch it succeeded in breaking the glass without serious injury to himself.

On Tuesday night, Alex. Tucker and Lucy Hooker, both colored, while playfully handling a pistol, discharged it, the result of which was that Lucy lost a finger and likewise her lover, for the ball dealt her gently with Alex. and took effect in his body, causing his death. This occurred north of Canton, on Dr. Reid's place. It was an entire accident just such an one as might be expected to occur by the careless handling of firearms.

We also learn that a negro man, on Mr. P. H. Palmer's place, undertook to punch the wife of his boss, with a stick, last Tuesday, whereupon she seized an ax and went for him in regular "injustice" style. He left the place and won't go back for the "axing."

Just received by W. J. Mosby & Co. a large and complete assortment of Landreth's Turnip seed, growth of 1876. Some new varieties not sold in this market before. 723-37

If you want the best dental work, for the least money, call on Holmes & Smith.

PERSONAL.

Mr. Robert Kemp and his wife, who have been absent several weeks, on a visit to relatives and friends in Delaware, returned the first of the present week. They took in Philadelphia in their travels and saw the big American Bonanza, the Centennial. Mr. K. says "it is a sight worth seeing" and "never expects to see another."

Mr. Dave Stadelker also returned home on Tuesday last. He too, has been to Philadelphia and reports the Centennial as the biggest thing of the sort he ever witnessed. He says that our special correspondent Gus, was on the go all the time sight seeing, and hadn't the time, in the day, and was too tired at night, to write us a letter. We guess its so, and know that if we had to carry as much legs as he, we would be tired too.

Mr. Sam Kohlman of New Orleans, is on a visit to Canton. We are pleased to make his acquaintance. We had a call, last Thursday, from Mr. Myer Wolf, of Oxyka. He is a live democrat, and Secretary of Oxyka Tilden and Hendricks Club. CORRESPONDENCE.

Concert at Waverly.

The northern portion of Madison witnessed another occasion of festivity on the 22d ult., in the closing exercises of Waverly Academy, in charge of Mrs. Ella Nichols. The school, located in one of the most beautiful portions of the county, closed another term with unusual attendance and deserved success; the literary department being under supervision of the charming and accomplished Miss Neva Brown of Madison Station, and the music and art department in charge of Mrs. E. M. Nichols, who is well known to our citizens as having no superior and few equals in this portion of the state. The night concert opened at 7:30, and the programme printed in front of the stage, after its illumination, showed the order of exercises to be as follows:

Rat, a play (grand chorus.) Katy-did Polka, (duet.) Misses Wales and Durden. Fanny My Lamb, song by the little folks. Copenhagen Waltz, (duet) Misses Cauthen and Nichols. Faith, (tableaux.) Moonlight and Starlight, Bettie Wales. Surprising, charade. Cautienna, (song), Miss McMurray etc. Spring Waltz, (duet), V. and J. Ward.

Roll of Lucerne, (song), L. Nichols and L. P. Wales. Triumph of Satan, (Tableaux.) Cousin Jiddiah, (song, comic.) Love at Sight, (duet) Misses Durden and Lillian Nichols. The two Cousins, (duet) Viola Ward and Bettie Wales. Duet March, Misses E. Durden and McMurray. Checkmate, (charade.) Moonlight on the Lake, (quartet) by Misses Durden, Wales, and McMurray. The two Cousins, (duet) McBrice, Leodoff, (polka) Misses E. Durden, and Lillian Ward. In the Starlight, (duet) Misses A. Visson and Lillian Ward. Nobody's Child, (song.) Lillian Nichols.

The old Home ain't what it used to be, (solo.) Horace Doty. Prince Imperial Galop, (duet) B. Wales, L. Nichols. Mollie Graem, (song and chorus) Mr. McBrice, Miss Durden. Fairy Feet, Misses Wales and McMurray.

Who's Who; or All in a Fog, (comic farce). Address by T. S. Ward. We were pleased with the exercises throughout, but more especially with the thorough training exhibited by the young ladies in vocal and instrumental music. The brilliant and accomplished Miss E. D. Carrollton, rendered efficient assistance in the entertainment of the evening, and her dazzling execution in music was universally applauded. Our friends, Mr. Wm. McBr. rendered the most efficient assistance with his fine voice, in music. We were much struck with the serio comic play, Who's Who, Misses D. and B. played their parts with professional skill. They were succeeded by Misses D. of Sharon, B. of Central and W. of Madison, who interpreted the spirit of the play very creditably for amateurs. We admired Misses D. and B.'s rendering very much indeed. Prizes were then awarded as follows:

1st prize in spelling, Miss Lillian Nichols. 2d prize in spelling, Frank Vinson. Prize for deportment, Viola Ward. The prize for music was contested by six young ladies; as their proficiency could not be determined, they drew lots on the stage and the prize fell to Lillian Ward. A handsome prize (in dictionary) was awarded to Misses McMurray and Wales; their standing being the same, a prize was awarded to each. The young ladies and pupils reflected much credit upon themselves during the entire exercises, showing that the training imparted by their instructors was not without happy results. The citizens of Madison should deem themselves fortunate in having in their midst a school in charge of such a corps of teachers as those of Waverly. Located in a most healthy and delightful portion of country, in a fine community, it commands advantages of a superior nature over other schools of far higher pretensions. They should sustain the enterprise founded in their midst, as an ornament to the community, and an honor and a benefit to all parties concerned. We heartily recommend Waverly Academy to the attention and patronage of all our citizens, as combining thorough training in all the branches with social cultivation, at extremely moderate rates. School re-opens on the first Monday in September.

SPECTATOR.

Barbecue.

On Thursday of last week there was given at the house of Mr. James Wales, (one of the best and most hospitable of Madison County's citizens.) a barbecue in honor of Mr. William Wallace who has returned from California on a visit to his venerable father and his family. The meats were done to a turn and were most savory and exquisitely seasoned.

There were a hundred guests present, ladies and gentlemen, and the tables fairly groaned under their load of good things, and all the arrangements for the feast, presided over by Mr. Wales and his estimable lady, were so complete, that everything moved as smoothly as fine machinery, and after all had eaten, there was still left the greatest profusion of good things.

The ladies were out in all their grace and beauty, and amongst

those we noticed the queenly Misses B—n, the lovely blonde Miss W—l, the graceful and charming Miss Bettie W—n, the pretty and engaging Misses C—b and the intellectual, handsome Miss W—e. They were also there many other ladies of grace, beauty and elegance but man's head gets in a whirl almost so much fascinated and his recollection of all is almost an impossibility. There were various gentlemen from town and county there, who were glad to see the school heartily, and among them all none were more entertaining than our friend Dave G—y, Tom D—e of Sharon, and Robert Wales the gallant son of our host, while our Wm. McBr—e fairly outshone his royal self, one of the best of our boys is called "Then, as it is to make the cup of pleasure full to overflowing, there was most excellent music discoursed by an amateur band composed of our genial friends Collin Pearce, Henry Luckett and Ab. Wallace from whom we heard some of the more accomplished musicians canny where he found and these gentlemen were accompanied by the accomplished Miss Wilhoit on the piano, and it can not be doubted that sweet strains never floated in the air and charmed the ear than those which issued from the piano. All in all the festival Thursday was a most complete success and brought back the days of good old times, before the war, when this kind of genial, old fashioned hospitality was chiefly in vogue.

Hepatic! discovered in southern Nolia, cures all diseases of the liver at PHILLIPS & JONES

The Scriptures say Namaan would not believe when told that he could be cured of his leprosy, he had to bathe in the river Jordan. His unbelief brought days of suffering upon him, as it does upon those who delay taking MERRILL'S HEPATICE for the liver. When the skin and eyes become yellow in the spring season, with pains in the head and bones of the body, and a heavy feeling about the stomach after meals; there is but one cure, unless sickness of some sort is sure to come, unless the bile and bad blood is carried out of the system. It is a sure cure for Phillips & Jones, and get a bottle of MERRILL'S HEPATICE, that cures all diseases of the liver.

GRAND RALLY OF DEMOCRATS.

There was a large and enthusiastic meeting of the Democratic citizens of Canton last Saturday night the 15th inst., at the Mayor's office, for the purpose of organizing a Tilden and Hendricks Club. Addresses were made by Messrs. H. S. Foote, Jr., R. B. Campbell, Robt. Powell, Sam. C. Divine and B. J. Semmes. The club was organized with the following list of permanent officers: Geo. Harvey, President; Wm. B. Hoddie, R. B. Campbell, Vice-Presidents; A. P. Lusk, Secretary. The club will meet again next Monday night the 21st, at which time John Handy, Esq., will address the public on the political issues of the day.

A Widely Applicable Remedy.

Few remedies are applicable to such a wide range of disorders as Hostetter's Stomach Bitter, and this not because it has special properties adapted to the cure of each—such a pretence would be manifestly absurd—but on account of its wonderfully improving effect upon the general tone of the system, and its iterative action upon the organs of nutrition, secretion and discharge. Besides its well known property of curing indigestion, it invariably proves to be highly serviceable in overcoming anæmia, hypochondria, rheumatism, neuralgia, dyspepsia, nervousness and all the ailments originating in poverty or impurity of the blood, nervous weakness or over-excitation, or in any impairment of the physical functions.
