

Contractor Has Gained 30 Lbs. on Tanlac

"Tanlac fixed me up so I gained thirty pounds. I have never seen or heard of such a wonderful medicine in all the sixty-six years of my life," declared William Magee, well-known retired contractor, 3840 Lafayette Ave., St. Louis, Mo.

"I began picking up soon after I started taking Tanlac, and now I have a fine appetite, sleep like a log and that tired, worn-out feeling has all left me. I could not do otherwise than recommend Tanlac."

LOVED TWO GIRLS, ONLY ONE WAY OUT

Hero of Chateau Thierry, Who Came Back Covered With Medals, Jumps Into Sea.

Los Angeles, Cal.—There was only one way out. He was in love with two young women. One of them was a society girl, a thoroughbred, a wonderful, cultured, intelligent woman, one his parents would like to have him marry.

The other was but a child, sixteen years old, daughter of his father's gardener. Ernest V. Campbell-Bennett, who saw service with the Eighteenth United States field artillery at Chateau

The Waves Rolled His Body on the Sands.

Thierry and who came back to California covered with medals, found it impossible to make a choice. He was the son of E. J. Bennett, 611 One Hundred and Twenty-first street, Los Angeles, secretary and treasurer of the Woodward Bennett Packing company.

He thought he loved both maidens. And he could not choose. There was only one way out and that was out to sea.

A few weeks ago some of his clothing was found on the pier at Redondo beach. With them was a letter, 12 pages. Only one paragraph was made public.

"I have gone west. I think God will understand. I have long intended some day to swim until I was exhausted and could swim no more."

Yesterday the waves rolled his body on the sands at Redondo beach and his father identified it.

The society girl denied her engagement. And the gardener's daughter fell on her knees and wept and said over and over again, "He was so good to me."

HAS WRONG MAN ARRESTED

Brooklyn Woman "Thought He Was My Missing Husband"—Doubtful in Court.

New York.—Mrs. May Harrison, Brooklyn, was certain James F. Pearce was her missing husband, Joseph Harrison, when she saw him playing cards a few days ago. She was not so sure in the Brooklyn family court, when her charge of desertion was heard before Magistrate Dooley.

She was asked flatly by Assistant Corporation Counsel Flanagan: "Is this man your husband?" "I'm almost sure," hesitating. "But, is he your husband?" "I can't swear to him out and out."

"Then why did you have him arrested?" "Well, I thought then that he was Joe Harrison."

"The case is dismissed," said the magistrate. Pearce sighed and hurried from the courtroom.

STEALS DOGS FOR HIS BABES

Young Man Releases Most of Dogs in Kansas City Pound and Grabs Two for His Kids.

Kansas City, Mo.—Most of the dogs in the city pound were freed by a young man who appeared in a taxicab in front of the city pound, climbed over the main gate into the stockade and unwired the gate. The young man jumped into the taxicab, taking with him a couple of dogs that caught his fancy, and departed. He said he wanted dogs for his two babies.

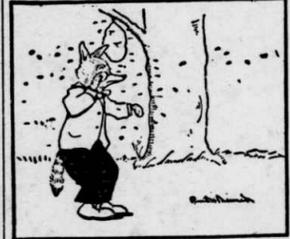

Woman Rout Bandit With Trusty Hatpin

San Francisco.—As a weapon of defense Mrs. Horace O. Little is recommending to her friends the useful and at the same time deadly hatpin. Returning to her home, she was stopped by a footpad who demanded her money. Four jabs with her hatpin discouraged him and he took to his heels. She reported the incident to the police.

The SANDMAN STORY

FOX TAKES A SWIM

MR. FOX wanted some honey to eat with his hot cakes, but he did not want to go hunting for it and he did not want to ask Mr. Bear for some of his, or where to get any, because Mr. Fox and Mr. Bear were not on very good terms of friendship just then.

Mr. Fox Did Not Stop to Explain.

kept his eyes wide open for a chance to show Mr. Fox he had not forgotten. As I told you, Mr. Fox wanted some honey very much. So he watched Mr. Bear until he saw him go to an old tree and, as he thought, take some honey, and soon after he saw Mr. Bear sitting on the ground eating honey and making a great ado about how nice it was.

But though Mr. Fox was clever, he was this time not as clever as Mr. Bear, for Mr. Bear knew all the time that Mr. Fox was watching him. For some time he had seen Mr. Fox scud along behind the bushes every time he went out for honey and knowing that Mr. Fox was up to something, Mr. Bear did not go near the place where he really did find honey.

"I do believe that sly fellow is trying to find out where my store of honey comes from and then help himself," said Mr. Bear. "Now, if that is what he is up to, I will soon find out."

That was the reason Mr. Bear carried a jar of honey hidden under one shaggy arm the morning he went to the tree and, as Mr. Fox thought, took out some honey.

Mr. Fox could hardly wait for Mr. Bear to get far enough away so he would not see him go to that tree and

hand, and would even pay the woman by the day for a day's work by check. If the woman had no checking account herself, it would be a simple matter to have the check cashed, either at the bank or by some business man to whom she was known. But in a large city it often causes inconvenience to the one paid to use checks for such small amounts.

Some people seem to think that postage stamps are legal tender, and although, as a matter of convenience, some business concerns receive them in payment for small sums by mail, they should never be used in this way save where there is the understanding that they are acceptable. If you owe a friend any money, save a few cents, the use of stamps in this way is inconsiderate. Such a debt should be paid either by check or by money order—never should you send a bill in a letter.

If you send a check, make sure that you either include the exchange fee in the amount for which the check is made, or that there is no fee between your bank and the one of the person to whom it is sent.

In transacting business with a large concern out of town, you need not include the exchange fee, as it is quite likely that a good many checks between the two places are handled weekly and the amount of the exchange would be inconsiderable.

in many small towns, especially, the custom of paying almost all obligations by check prevails. Thus the housewife would carry almost no money on

just as soon as he thought he was, Mr. Fox ran to the tree.

What he did not notice was a broken twig—that is, he did not look to see that this twig leaned against a big wasp nest. Mr. Fox did see that it was right in his way, so he gave it a knock and reached into the hole for the honey.

He was very intent upon reaching the honey and did not see the angry wasps flying over his head, but they soon saw him, and down they came right at Mr. Fox's head.

One wasp flew on his nose. Mr. Fox thought at first that a limb had fallen and struck him, but it was for only a second, because the wasps did not keep him in doubt about their anger. They told him plainly what they thought about his rudeness in disturbing their nest.

Mr. Fox did not stop to explain that he did not intend to be rude. He just jumped down and ran for the pond not far away, and in he plunged, going right over his head, and then he swam to the other side, far away from his tormentors.

Mr. Bear was not far away, you may be sure. He was watching all that happened and when Mr. Fox was safe at home that afternoon Mr. Bear passed his house and stopped long enough to ask: "Did you enjoy your swim this morning, Mr. Fox? I saw you running for the pond and I thought at first you were going to teach the Wasp family to swim. I saw them all following you."

Mr. Bear did not stop for a reply to this remark. He just trudged right along towards home, but Mr. Fox looked after him in a very questioning manner. "Now, I wonder if he has been holding that trap affair against me all this time," he said. "Some folks have a very unforgiving disposition, that is all I have to say."

"What's in a Name?" Dr. MILDRED MARSHALL. FACTS about your name; its history; meaning; whence it was derived; significance; your lucky day and lucky jewel.

JANET JANET, sometimes spelled Janette, bears no relationship to Jane, paradoxical as it may seem. As early as the Thirteenth century, Geneta appeared as a feminine proper name, long before Jane, Joan, or Johanna were known to us. In the Fourteenth and Fifteenth centuries, Genet made her appearance and by a process of evolution there came Janeta, Janette and finally Janet, though the latter is by far the most modern form of the name.

History, which records innumerable instances of Janet and her derivatives being used with extreme popularity in those early times, likewise chronicles the amusing and almost unbelievable story of one Willelmus Richardson and his wife Christiana who had a family of eighteen children and became so destitute for names for this extraordinary brood that they had two Johannes, two Willelmuses, two Christians, and three Janets. Strange to relate, this was not an unusual custom of duplication in those days.

Geneta was an old Frankish form of Janet which was exceedingly popular, indeed, it is thought to be so direct a forerunner as to be conclusive proof that Janet sprang from it and from Geneta—not from any form of John. Geneta is another early form that appears in old Frankish chronicles. Undoubtedly Janet was left behind in France and became confused with Jean, hence erroneous modern belief that the two names are interchangeable. Like its offspring Jessie, Janet means "grace of the Lord."

Her talismanic stone is onyx, which unless it has some mystic significance for the wearer as in this instance, should be avoided, since it cools the ardor of love, provokes discord and separates lovers. Worn by one who has a mystic right to it, a happy marriage is promised. Monday is Janet's lucky day and six her lucky number. An unforgettable poem was written by an early poet to "Janette": "Your eyes had a swimming glory, Janette, Revealing the old dear story—my pet, They were grey, with that chastened tinge of the sky, When the trout leaps quickest to seek the fly, And they matched with your golden hair—my pet." THE ROMANCE OF WORDS

"HUMBLE PIE"

THE expression "to eat humble pie"—meaning to humiliate or abase oneself or to make an abject apology for a fault committed—dates back to the days of medieval England, when the forests of the nobles were well stocked with deer and venison pie was a distinctly common article of diet.

The refuse of the deer, together with the other portions of the animal which were considered unfit for the consumption of the nobility, were known as the "umbles" and were given to the poor, who, in turn, made pies of them in imitation of their masters in the castle. "Umble-pie" therefore became suggestive of poverty, of the acceptance of favors and was later applied to degradations of other kinds in a metaphorical sense. In time, possibly through the Cockney habit of using h's where they don't belong, the word "umple" became "humble" and, as such, is in general use today—though the vast majority of people would see no connection between it and the refuse left after cleaning the carcass of a deer.
