I invite competition with the dealer to whom you have been selling, and will meet him at any time and any place and compare prices. If you want the most money for your furs, call on me.

TOYS

ARE not for children only—for does it not cheer the adult heart, and for the time being chase dull care far away to see the little ones so happy? So intensely interested, so thoroughly oblivious to everything but the one toy that strikes the juvenile fancy for the moment. If you've never taken a child to a toy exhibit, you have a great treat in store. If you have—perhaps you are wise and do it every year, we say come to our Bargain Basement, to Santa Claus' headquarters—it's the greatest radiator of joy in town. You will have to hurry, tho', as it is only a few days to Christmas.

About the Fit of High Art Clothing

A suit is only as good as it fits. If the collar projects from the neck, or if the shoulders slope, or if the front sags, puckers or breaks, of what account is the quality of cloth, or the smartness of cut or skill of the tailor?

High Art Clothes

fit—not only neck, shoulder, under arms, or over the front, but all over the body, because they are cut over individual patterns and fitted on living forms.

High Art Clothes

are a distinct achievement and living force in the world of superior men's dress, and an absolutely satisfactory alternative for fine but overpaid and annoying custom work.

We pride ourselves upon our special HIGH ART models at \$17.50, \$20, \$22.50 and the more exact and extensive your knowledge of fine clothes, the greater will be your enthusiasm at these productions.

Jno. S. Bottimore.
