He and his brother Will were on a motorcycle jaunt, Will riding in the side car. The cycle got away from Mose in some way, and as soon as he came too, an inventory showed that Will's arm was broken and that Mose was scarred up badly. It is presumed that the motorcycle was accustomed to Tazewell roads and that an effort to drive her over the rough roads of Wise county at so many miles per hour more than she would stand for. Mose is expected back on the job at North Tazewell right away and will give an account of the near fatal accident.

John Gets His.

John Crawford, a well known character of Bristol, was caught selling whiskey at the Fair on Thursday night and was tried last Saturday night before Magistrate Patton and given a sixty day sentence in the county jail and a fine of \$100. The star witness in the proceeding was "Mountain John" Helmandoller, who said he bought the "booze" from Crawford. Crawford strongly denied that he had sold any of the stuff, but the trial justice seemed to be pretty well convinced that he did. A witness was put on the stand in behalf of Crawford who swore that he would not believe "Mountain John" on oath. Crawford is said to have been in trouble in Bristol frequently.

SHRADERS NEWS.

Mr. T. G. Crockett, a prosperous and enterprising farmer of Crockett's Cove, was awarded the first prize for Boone County white corn at the Tazewell Fair. Many citizens of the Crockett's Cove community attended the Tazewell Fair, which was considered the best fair ever held in Tazewell county.

The farmers of this section acquired much inspiration by attending the Fair. There is a determination here among our citizens to raise more wheat and to improve the type of beef cattle.

The cattle from this section of the county contain too much Jersey blood. The short horn cattle are the best all purpose cattle that can be reared in this region. Farmers realize the good qualities of the short horn cows—larger quantities of milk, size and showy appearance. Farmers, if you wish to make stock raising profitable raise shorthorns.

The new road is being built in Big Creek district in McDowell county. This road, with a Tazewell highway, will connect the county seats of McDowell and Tazewell. This is an important highway.

Sunday Mrs. T. G. Crockett left for Abingdon, where she will undergo an operation. Her family and many friends in this community hope she will be restored to health.

Miss Hayden is teaching the Shraders school. She is an earnest, capable teacher. The patrons are pleased with her teaching. Our school now has an enrollment of 50 pupils. The school made a good appearance at the Tazewell Fair.
