DIED.

On Wednesday night, June 9th, Mrs. SARAH M. YERGER, after a lingering illness.

Mrs. Yergler was one of the most honored ladies of the community, and beloved by her large circle of relatives and intimate friends for her many noble traits of character and the unostentatious but constant exercise of charity and good works which characterized her life.

She was a daughter of the late Harvey Miller, one of the great landed proprietors of the Delta, whose name was familiar to all the lower valley. She married Mr. Hal Yergler, a brother of the Hon. Wm. G. Yergler of Greenville; and, in addition to her own family of three sons and one daughter, Messrs. J. Shall, Harvey Miller, Wm. G. Yergler and Miss Bettie Yergler, and her brother and sister, Mr. Harvey Miller of Greenville and Mrs. Shortridge of New Orleans, she is mourned by a circle of relatives and connections by blood or marriage which includes a great number of the most prominent families of Greenville and the county.

The funeral took place on Thursday afternoon from St. James' Episcopal Church, and was attended by a great concourse of friends who assembled to pay a last tribute of respect to one of the best of women.

On Wednesday June 9th, at his home near Lake Washington, Mr. Edward C. James, Mr. James was a venerable gentleman who has been a familiar figure in the life of the lower part of the county for many years, being the last of the sons of the original settler of that name, and was at one time a very large land holder and man of great wealth.

He was the father of Mrs. J. B. Hamner of Greenville and leaves a large family of children and grand children. His health had for some time been alarming to his friends, and his daughter, Mrs. Hamner, had just left his bedside to return home, leaving him much improved, when a relapse occurred and death ensued suddenly. The Times extends sincere sympathy to the family in their affliction.

The St. Mary (La.) Banner thus explains the origin of hay fever: "An Ohio editor says that hay fever is caused by kissing grass widows. A Missouli editor says it is caused by a grass widow kissing a fellow by moonlight. An Iowa editor says it is caused by the fellow kissing his girl while he is feeding hay to the cow, and an eastern Kansas exchange is of the opinion that it is caused by misgiving the girl and kissing the cow. A postscript editor says that it is caused by too much kissing in the hayday of youth."

LOOKING AHEAD. What Planters are Doing. Said a prominent planter to a reporter: "It is quite evident to an observer that there will be a heavy shortage in the corn and bay crops of the Delta next season, as every available bush of ground is being put in cotton. However some of our progressive planters are now buying cow peas and will sow the same for a forage crop. This should be the program of every planter. Pea vine hay is unsurpassed as a feed for stock, and besides it is the most economical hay that can be raised, requiring no attention after sowing. With a little care at the right time it can be saved bright and sweet. A few dollars invested now means the saving of many dollars next winter."

The above is sound reading, and our planters would do well to save some of their land for hay.
