DISEASES OF CHICKENS Read the following letters from people who have used VICTORY POLITY FOOD, for Croup, Hoop, Gripes and other diseases in fowls:

Having had a good deal of experience with Chickens, I cannot, in justice to my brother farmers, refrain from giving them the results of my observation. Some thirty years ago my wife had one year some two hundred trying the chicken and nearly all the old fowls, and we almost despaired of raising chickens. The disease was not confined to the chickens only, but the turkeys, geese, and when they were sick, we were commended to POLK MILLER'S CHICKEN FOOD, which we used, and we have had good success ever since, never losing a fowl.

It adds greatly to the fowls' laying, and I HAVE NEVER SEEN A CASE OF GAMES IN my young chickens since I was used POLK MILLER'S CHICKEN FOOD, which was used, and we have had good success ever since, never losing a fowl.

As an evidence of our valuation of the "VICTORY POLITY FOOD" I will simply state that we are never without it in spring or summer. We carry it by the dozen, and when we have a sick fowl of any kind, we make for these powders, and that's the best of it. It is an infallible remedy with us. I have used it also with great success in Hog Cholera, and have never had a loss since I commenced using it. Behold that I lost a great many.
