ns sale, for Rhodes is a lew ione, and need some regulating by the seteran dis side. Taylor is not what Lea is a ground gainer. He will not be a life ball at all in the Vale game.

Rhodes is a very fair substitute for Taylor at guard, his chief trouble being his inexperience. He is built a good deal after the patern of Wheeler. He may yet make a guard of Wheeler is suamly the can hardly be called that now, however. He is cool in his head and strong upon his feet. He is quick, too, being fully as siry a runner as Wheeler, it has been frequently tried in Wheeler's play of carrying the ball through the line, between the opposing guard and tackle, with the whole team falling in behind to push. There is no play which tests a man's firmness upon his feet like this play. The only way to stop it is to fall down in front of it, and even then Wheeler often wades through half a dozen sprawling tacklers for five or ten-yard gains. Ithodes is more apt to go down when tried in this play than of a foxy head, too, and may be counted upon to give McCrea, who will probably face him, some interesting work to do. The combination of Taylor at tackle and Khodes at guard is undoubtedly the strongest Princeton can put up in the absence of Lea, but it leaves no good substitutes for either position. Church is the best tackle outside of Taylor and Holly that Princeton has now, and he has not been playing any time this year in 'Varsity form. To be sure, Taylor is one of the headtest men on the team. He and Whedler never get hurf. We must not forget, though, that tackle is a much more danderous position in this regard than guard, for the tackle has to stop most of the momentum plays. Knowing Princeton's poverty of substitute tackles, it is not unlikely that Yale will pound Taylor and Holly as much as possible. Should either of them be hurt it would seem that all hope of victory would be lost to Princeton. In the loss of Morse it is not a case of substitutes, but of any great back to take his place. Of course, Morse, in the condition he was in the Pennsylvania game, is worse than a substitute back in a good condition, but it was the hope of Princeton men that the Yale game might find him in fighting trim. He entered the practice for a day or two last week, and made just enough brilliant runs to show Princeton what she is losing by having him in. off. He has been nursed since at the home of Dr. McDonald, but grew steadily worse, instead of better, and his only hope now of escaping a severe sickness is to give up the game altogether.

Who will take his place is still some. WHO WILL TAKE HIS PLACE?

who will take his place is still somewhat of a question. It is not likely to be settled until the learn comes out on the field next. Saturday. Armstrong and Bannard are dividing honors with Barnett and Resentation now. Rosengarten is the most likely choice for Morse's splace, and Bannard for Ward's, as there is no doubt of Ward leaving for quarter. Rosengarten's strength was shown in the Pennsylvania game. Though not a great back, perhaps, he is quite a consistent is like a for experience and light weight. Hannard is less known to the public. His favor with Captain Trenchard is less known to the property of officers was gone into this pactic work. If the Captain Trenchard is less known to the public. His favor with Captain Trenchard is greathern, having gotten his knowledge of foot-ball at the Principle of foot-ball at the Principle of the Marks. According to the Captain freshman, having gotten his knowledge of foot-ball at the Principle of foot-ball a

THE TIGERS AND OLD ELI

THE FORMER LIKELY TO LOSE THE CHAMPIONSHIP.

**A Comparison of the Strength of the Teams

That Wil Land Up to a madrate a likely and not offen does he drop it. Armstrong is another man who has been playing back of the line and not some time of the showing of the Tigers when they meet old his on Manhattan the some of the showing of the Tigers when they meet old his on Manhattan the some of the season has, of course, the second year canaptomaking bee which is now permeaning every Princeson heart. The second year canaptomaking bee which buzzed in the transfer of the season has, of course, spread its wings, and departed through the high openings made by the Woodrum interference. The lath of sast year's glory, though, stan lingers around the defeated team, as viewed by severy loyal son of old Nassau. The students are steadily recovering from the shock of the Trenton game, and are growing more confident that when their team step again upon the Manhattan sed and look around them upon the seenes of their former glory a true Frinceton spiril will again the total tracking a sore ankle just now, but will probably be in shape by December 181.

THESE WHO WILL PLAY.

should be easily superior. Riggs not only has not had the experience of Stillman, but he is not so firm upon his feet or so quick. Wheeler, of course, will steady him, but Ehodes can not hope to do more than take care of himself against McCres so, even with both Wheeler and Taylor at his side, he was not able to hold his own against Bull, in the Pennsylvania game, he can hardly hope to do it with Stillman, who, though scarcely the centre that Bull is, perhaps, yet will be asconded by two veteran guards, which should this year compare favorably with any two on the field. Were Wheeler not handleapped by Riggs he should be able to play the same game against Hickok that he did last year. He will hardly do it this time, though, and these veterans should be about on a par. McCrea has the advantage of experience over Bredes, and with the Improvement he has been making recently should outclass him. Rhodes, though, will be found to be no boy in his hands. Holly can probably hold up his end at tackle as well as any man Yale has, but Taylor being so new in the position will probably go down before Beard. He is hardly the man in interference that Beard is either, and therefore not so useful for general team work. At the ends it will be nip and tuck between Johnson and Greenway or Hinkey, but on the other end, unless Captain Trenchard does better work than he has dong thus far, the slient Captain of the blue will outclass him, and Yale's interference will make

RHEUMATISM CURE.

Munyon's Rheumatism Cure is guaranteed to cure the place. He has learned the best man Princeton his for the place. He has learned the short time he has filled it, and with the short time he has filled it, and with the late of the list all that could be expected of him. May Ade's experience after he has passed the ball that Thorne has been making this year for goal kicking, and they will have all they can do to teach his class in random the now has before he was hurt he will suicluse either of them. A far more experience of Ull-hack than Cochran misht suicluse either of them. A far more experience of Ull-hack than Cochran misht suitsined with a place below flutter. It is not likely that Cochran will eath is missinke of the Pennsylvania for he is standing farther from he head, and A ranger of the proponents longer. and sufficiently exciting to satisfy the most ardent pleasure-seeker.

Fulton Goscip

Mr. Miles Eacho and his son, Mr. A. L. Eacho, accompanied by Mr. Burton, left last Tuesday for New Kent county to a hunting expedition. They returned home Friday with one deer, twenty radbits and quite a large number of birds. They report having an excellent time, as game was plentiful. While returning home they shot and wounded a large in bick, but were unable to capture him. The congregation of the Deany-Street Methodist Episcopal church are highly pleased on account of the re-appointment of Rev. W. A. Laughan as pastor. Mr. Laughan is very popular in the section, and has made many friends while residing in the neighborhood.

Mr. Charles Wells, who resides on Lewis street, had a large, valuable how in the yard, and afterwards made off with the pork without arousing the inmace of the house.

Surveyors were down here Friday surveying the lots on Fifth street from Denny to Nicholson streets. The purpose of their visit was to ascertain the amount of property necessary to be condemned for the opening of Fifth street to Nicholson, and to also ascertain the amount of property necessary to be condemned for the opening of Fifth street to Nicholson, and to also ascertain the amount of property necessary to be condemned for the opening of Fifth street to Nicholson, and to also ascertain the amount of property necessary to be condemned for the opening of Fifth street to Nicholson, and to also ascertain the amount of property necessary to be condemned for the opening of Fifth street to Nicholson, and to also ascertain the amount of property necessary to be condemned for the opening of Fifth street to Nicholson, and to also ascertain the cost of the property necessary to be condemned for the opening of Fifth street to Nicholson, and to also ascertain the amount of property necessary to be condemned for the opening of Fifth street to Nicholson, and to also ascertain the cost of the property necessary to be condemned for the opening of Fift

For Keeping a Cambling House, William Kendrick was brought before fustice Crutchfield yesterday on the charge of keeping a gambling house at

William Kendrick was brought before Justice Crutchfield yesterday on the charge of keeping a gambling house at 61 east Broad street. The charge was preferred by D. S. Williams, who stated that he lost the sum of \$29 at the place of the accused playing poker. He went there with \$5 in cash, and after that amount was gone he put up his watch, on which he realized \$29, but only to lose it almost as fast as he secured it. Kendrick was sent on to the grand jury. John Clackett alias John Yaung, charged with assaulting and striking with a brick Thomas Carter, was discharged for the lack of evidence.

Julia Johnson (colored) was sent on to the grand jury on the charge of assaulting Peter Cary and cutting him with a knife. ing Peter Cary and cutting him with a knife.

James Wright and J. T. Galloway had to pay \$2.50 and costs each for being drunk.

James Travers was charged with assaulting and striking Henrietta Pollard. The charge was dismissed for the lack of evidence.

William Bosher, a colored hack driver, had to pay a fine of \$2 for soliciting passengers at the Union denot.

The case of Mac. Voge was continued until December 1st. Voge is charged with stealing a lot of stained glass designs of the value of \$0, the property of W. A. Hefferman.

NEW METHOD WINS

The Fight Against Disease, Poisonous Drugs and Old Fogyism Declared in His Favor,

NINETY-ONE PERSONS OUT OF EVERY 100 USING HIS REMEDIES CURED.

It Is Estima'ed That Munyon's Cures Have Saved the Citizens of Richmond Over \$1,800 in Doctor's Bills During the Past Six Weeks and Made This City One of the Most Healthy in the Country.

The above is absolutely true. Four weeks ago the Richmond death-rate and number of cases reported showed that the health of this city did not compare favorably with others of the same size. To-day it stands on the list as one of the most healthy in the country. The death-rate has decreased wonderfully. Hundreds are enjoying life after months of suffering; the whole medical profession, after years of dosing and purging with nauseating and pursonous drugs, cannot show one-third the number of cures made by those harmless little pellets during the past three weeks. The physician who at first claimed that such remeines only made business better for him is now threatening the druggist if he sells them. Why? Because Munyon's new method cures disease, and the old school doctor finds his occupation gone. No more big fees for him alter one trial by the patient of Munyon's Hemedies. Professor Munyon has done all in his power to induce the physician to use his cures; but because he does not belong to their school they refuse, although seeing every day the wonderful results of these remedies on cases which have baffled them for years.

Munyon's Stomach and Dyspepsia Cure cures all forms of indigestion and stomach troubles, such as rising of food, distress after eating, shortness of breath and all affections of the heart, caused by indigestion, wind on the stomach, bad laste, offensive breath, loss of appetite, faintness or weakness of stomach, head ache from indigestion, soreness of the stomach, coated tongue, heartburn, shooting plains of the stomach, constipation, diggmess, faintness and lack of energy.

Munyon's Nerve Cure cures all the symptoms of nervous exhaustion, such as depressed spinits, failure of memory, restless and sleepless nights, pains in the head and diggmess. It cures general debility, stimulates and strengthens the nerves and tenes up the whole body. Price 25 cents.

Munyon's Kidney Cure cures pains in the back, loins or grouns, from kidney disease, dropsy of the feet and limbs, frequent desire to pass water, dark corored and turbid urine, sediment in the urine and diabetes.

Frice 25 cents. Frice 25 cents.
