

READY FOR OPENING.

MR. CLEVELAND WILL START THE BIG EXPOSITION TO-DAY.

He Will Only Have to Press the Button and the Great Mass of Machinery Will Move.—The Crowd Arriving.

ATLANTA, GA., Sept. 17.—Everything is in readiness for the opening of the Cotton States and International Exposition to-morrow. Great crowds are in the city, and four thousand men are at work on the Exposition grounds.

The opening ceremonies will occur at 5 o'clock in the afternoon. The military procession forms at 12 o'clock, and there will be two thousand uniformed men in line. The city is in gala attire. All the principal buildings are gorgeously decorated. Military companies from all parts of the South are arriving, and the Washington Artillery, of New Orleans, reached here to-day under command of Lieutenant John H. Richardson.

President Cleveland, from Gray Gables, will touch the electric button which starts the machinery of the Exposition, and October 15th has been fixed as the date for his visit to Atlanta. Everything is in readiness for tomorrow's opening, and the Exposition exhibits are nearly all in place. The whole work will be completed in a few days.

The date city is smothered with flags and hunting and alive with crowds at the Exposition. The opening of the great Exposition. The advance crowd of fifteen or twenty thousand people, who came in to-day did not make the city uncomfortably full but a great crush is expected tomorrow when a larger crowd will come in on the morning train.

NEWSPAPER CORRESPONDENTS. The city is full of newspaper men, among the number being Mr. Wellman, New York correspondent of the New York World, City Editor of the Chicago Tribune, with a staff of five, several members of the Inter-Ocean staff, representatives from the Times-Herald, of Chicago, representatives of the New York Herald, and correspondents from scores of papers in other cities, of this and other countries.

The early gathering of these representatives of the press indicates an amount of interest taken in the Fair. Half a dozen Governors are expected to arrive with their staffs, and the Commissioners of a number of States are on the grounds.

Representatives of several foreign countries are here, and the Federal Government has sent its consuls from New Orleans to make a report on the Exposition. The Exposition grounds is a scene of tremendous activity.

The unsightly avenues and walks have been covered with a paving of crushed blue limestone, which harmonizes with the green of the grass and evergreens.

CLASSIC FEATURES. The high columns and statues erected within the past few days give the grounds a classic appearance, greatly heightened by the architecture of the Fine Arts Building, a beautiful specimen of the Italian Renaissance, which crowns the highest of the terraces overlooking the whole park.

The crowds during the past week at the grounds have so interfered with the work on exhibits that for the past two days admissions have been stopped, except on a holding pass, and money was refused at the gates from thousands of people, who were eager to get in.

The indications are that the attendance at the opening exercises to-morrow will be far above expectations. Heretofore the management has placed the estimate at a conservative figure of 25,000 to 30,000 admissions. To-day estimates are rising, and newspaper men outside place the figure much higher, many as high as seventy-five thousand.

By noon to-morrow it is said that at least thirty thousand visitors will be in the city, and as many or more Atlanta people will go out. It is not expected that 25 per cent of the crowd will be able to get in the Auditorium, and it may be that the exercises will be delayed by the failure of the crowd to get in, in order the people may see, if not hear, the exercises.

To-morrow the progress of the show will be far beyond the expectations of a week ago. The long line of barges and the Government's State barges on horseback, with the members of their staffs, will parade to the grounds from the center of the city.

The committee will be in carriage, together with the directors of the Exposition. The procession will start from the city about 10 o'clock, and will reach the Exposition grounds about 2, when speaking will begin.

Judge Emory Speer has prepared an elaborate oration, and President Collier a short speech of about twenty minutes. One of the notable speeches of the day, it is said by those who have seen the manuscript, will be the address of the Hon. Booker T. Washington, the representative of the negro race on the programme, and the champion of industrial education among the negroes. His speech will be a convincing plea for the education of negroes to make friends of the white race, and to train themselves in technical education, as the best means of gaining property and acquiring independence.

A newspaper code, written for the occasion by Mr. Frank L. Stanton, of the Atlanta Constitution, will be read by Mr. Albert Howell, Jr., one of the most prominent attorneys at the Atlanta bar.

Among the many attractive features of the decoration of the city will be a tribute of flowers to the memory of Henry W. Grady. The Grady monument will be wreathed with flowers—a touching tribute from the Grady Monument Association.

ANOTHER GREAT DAY. The indications are that Saturday will be another big day in the history of the Exposition. The transportation facilities from Louisville to Knoxville and Chattanooga will be taxed to their utmost by the crowds that are coming down, and it is said that thirty or more thousand veterans will come to Chickamauga Saturday, which is blue and gray day at the Exposition, where they will be joined by the 100,000 Confederate veterans. All the departments of the Exposition are working with tremendous energy and barring some confusion attendant upon moving from the city to the offices on the Exposition grounds, the public comfort department is working smoothly. Its agents meet all trains, one hour out of the city, with lists of the hotels and boarding houses and rooms for rent to place the visitors and check their baggage so that on arrival they have only to take a car or bus. This gives a great deal of confusion and embarrassment.

The bicycle messengers employed by the department of public comfort canvass the city daily, getting reports from every available route, as advertised, every to-day opened in public. Six bids were received, ranging in estimates from \$4,000 down to \$3,792.23. The lowest bid was made by Messrs. Luck & Palmer, of Roanoke, which was accepted. Work will begin Monday, to be completed by Christmas.

Mr. Frank Burke, of the Richmond post-office, has started the circulation of postal checks, which met last week at St. Paul, Minn., and reports a delightful trip.

ATLANTA CREDIT FOR THE BEST MANAGEMENT EVER SEEN AT AN EXPOSITION.

MR. CLEVELAND WILL START THE BIG EXPOSITION TO-DAY.

He Will Only Have to Press the Button and the Great Mass of Machinery Will Move.—The Crowd Arriving.

AT CHICKAMAUGA PARK.

THE EXERCISES OF LARGER MAGNITUDE THAN EXPECTED.

"Battle Above the Clouds" Being Fought Over Again—Go vernors and Other Important Men Who Will Attend.

CHATTANOOGA, TENN., Sept. 17.—Indications now are that the celebration beginning here to-morrow will be of larger magnitude than was at first anticipated. Twenty-two Governors will be in attendance with their staffs, and will take part in the dedication of the various State monuments Wednesday and Thursday, as well as army reunions, which are on the programme.

General Schofield will arrive Wednesday from Cincinnati and address the army of Cumberland's reunion Wednesday evening. The actual dedication of Chickamauga Park is to occur Thursday. The centre of attraction will be upon Snodgrass' hill, where the heaviest fighting of the celebrated battle took place.

Vice-President Stevenson will preside in the absence of Secretary Lamont. The principal orators will be General John M. Palmer, of Illinois, and General John B. Gordon, of Georgia. Blue and gray will be well represented, in both numbers present and prominent speakers. There are about one thousand United States troops encamped on the historic ground, and their snowy tents are a vivid reminder of the scene of thirty-two years ago.

The exercises of Friday will be held principally in the city of Chattanooga. Lookout Mountain is swarming with visitors, and the "battle above the clouds" is being fought over and over again.

The city is beautifully decorated, and the citizens are endeavoring to maintain their record for hospitality. During to-day and to-night arrivals were very heavy, as all those who are attending the Son of Veterans' encampment at Knoxville will move on to Chattanooga.

THOSE WHO WILL ATTEND. To-day has been the busiest since the opening of the National Park Commission headquarters in this city. Generals Fullerton and Hoyt and Private Secretary Lowland were here at work at 5 o'clock this morning. General Fullerton, an army member of the board, came in last night. The entire New York delegation, headed by Governor Morton, and the Ohio Commission have arrived, while the rest of the official parties, from the Northwest States will come in by to-morrow.

EX-Governor J. E. Campbell, of Ohio; General William D. Whipple, late United States Army; Governor Werts, New Jersey; General J. O. Morgan, of Indiana; and perhaps a score of the generals engaged at Chickamauga, are already on the ground. The list of States which will be represented by their executives and their staffs, as reported to date, are: Ohio, Illinois, Colorado, Connecticut, Georgia, Illinois, North Carolina, South Carolina, Mississippi, Massachusetts, New York, New Jersey, Rhode Island, Michigan, Ohio, Vermont, Nebraska, Minnesota, Montana, Tennessee, and Wisconsin.

THE ARMY OF TENNESSEE. CINCINNATI, O., Sept. 17.—There was an increased attendance at the second day's business meeting of the Society of the Army of Tennessee yesterday called for the purpose of electing a permanent Grand, chairman of the Committee on Grand, stated that General O. O. Howard had been elected to deliver an address at the next reunion, and Colonel August Jacobson, alternate. St. Louis was chosen as the place for the twenty-eighth annual meeting, and the officers of last year were re-elected, with the exception of the twelve vice-presidents, who are to be succeeded by Colonel Nelson Cole, of St. Louis; Captain A. C. Kennel, of Cincinnati; Capt. Joseph Dickerson of Washington, Capt. E. B. Hamilton of Illinois, Colonel W. T. Shaw of Iowa, Colonel George H. Hill of Missouri, Captain S. S. Frowe of Illinois, Colonel Milo Sisson of Iowa, Colonel F. W. Barnes of Missouri, Captain Louis Kelly of Ohio, and O. O. Howard, United States Army.

GRANT MONUMENT. The Grant Monument Committee, Judge Tutbill, chairman, reported as follows: "Resolved, That in order to secure the erection of a suitable statue to the memory of General U. S. Grant, to commemorate his great service to his country as a soldier and commander, and the president of the committee shall designate a committee of nine to call the attention of congress to this matter, and the president of this society shall be the chairman."

The resolution was adopted, and President Dodge stated he would announce the committee later, but probably not before the battle-field reunion at Chattanooga. The final adjournment of the business session of the reunion was voted shortly after noon. The society will leave here for Chickamauga at 7:30 A. M., Wednesday, where they will be the guests of the Army of the Cumberland.

MEMPHIS, TENN., Sept. 17.—Company A, Confederate Veterans, the only Confederate company in existence, left this afternoon to attend the ceremony at Chickamauga. The company is fifty strong, and is a member of the State Guard. The members carry the old time marching rifle and drill. Their tactics, they carry a United States flag when on the march. Half of them were in the fight at Chickamauga.

THE SECRETARIES GO. WASHINGTON, Sept. 17.—Secretary Hoke Smith, Secretary Herbert, Attorney-General Harmon, and Postmaster-General Wilson left Washington for Chattanooga to attend the dedication of the Chickamauga Park at Chattanooga.

THE GREAT CROWD. CHATTANOOGA, TENN., Sept. 17.—The North, East, West, and to a lesser extent the South have swept down upon this city with mighty swiftness, and tonight, by the glare of the electric lights, the streets seem a sea of surging, restless humanity.

Mexico, alone of foreign countries, has contributed a delegate in the person of M. Lewis Buford, United States Consul at Mexico, and a member of the Illinois Commission. Three times during the day special trains followed one another so close that there was anxiety lest there be a congestion of the thousands of tired and hungry travellers who crowded the depots.

Perfect satisfaction, however, is felt by the visitors over the preparations made for their accommodations, as well as might be. Few towns of 40,000 could absorb as it were—house and feed 50,000 people. The indications are now for still larger crowds. At midnight 20,000 to 30,000 strangers are within the city.

Many families are giving up the best part of their homes to strangers, while they themselves lie on cots and other makeshifts, while the Government barracks furnish beds to many old soldiers. Lookout Mountain, and Mission Ridge, and all suburbs for five miles around, have opened their doors. Governor Alfred and staff, of Illinois, came at noon, and followed later the day by the following: Governor Upham and staff, of Wisconsin; Governor

WERTZ AND STAFF, OF NEW JERSEY; GOVERNOR RICH AND A LARGE PARTY, ESCORTED BY THE INFANTRY AND A BATTERY OF ARTILLERY.

FEELLESS HENRY OF NAVARRE.

HE Easily Won from Domingo, Rey of Santa Anita and Sir Walter.

GRAVENSEND, Sept. 17.—The fall meeting of the Brooklyn Jockey Club began under most favorable circumstances to-day. The air was soft and balmy, and it was a typical September day.

The track was in perfect shape for the battle of the grass of the day. A large crowd took advantage of the weather to see the brilliant programme run off.

There were at least 7,000 persons present. The attraction was the first special event of the season for Sir Walter, for which Clifford was to blame, they finally got away in good order.

Sir Walter at once took up the role of task-master. Thad pursued different all but Clifford, however. He endeavored to make a waiting race of it, and kept him in the fear of Clifford.

They passed the grand-stand the first time with Sir Walter a length and a half, but Clifford, however, was a bad fourth, and Domingo was eased up in the last half furlongs. The time, 2:39, was not sensational.

The other big event on the programme to-day was the race for the handicap of the month, the Henry of Navarre. Sir Walter a neck to the good of Rey of Santa Anita, and Henry of Navarre, as usual, did not relish waiting all but Clifford, however. He endeavored to make a waiting race of it, and kept him in the fear of Clifford.

AGAINST FREE COINAGE.

NEW YORK REPUBLICANS DENOUNCE THE ADMINISTRATION.

CHAUNCEY M. DEPEW USED TO FILL IN THE MOMENTS OF WAITING AT RECESS-RESOLUTIONS ADOPTED BY THE CONVENTION.

SARATOGA, N. Y., Sept. 17.—Chairman Hackett called the Republican convention to order to-day and introduced the Rev. Dr. Joseph Carey, Episcopal rector of Saratoga, who invoked Divine blessing upon the convention.

Clarence N. Bowen, of New York, offered a resolution endorsing the administration of Governor Morton, and recommending him for the presidential nomination of 1896. The resolution was read from the platform, and once and carried with only one dissenting vote.

The Committee on Permanent Organization, Resolutions, and Credentials were then appointed.

At 3:30 P. M. a recess was taken until 3 P. M.

At 3:30, there being no signs of resuming the crowd got impatient and called for Mr. Depew. He responded very promptly and took the platform, soon set his audience in a roar.

Mr. Depew spoke for half an hour, and was given an ovation of applause when he closed at 4:25.

The Committee on Permanent Organization reported at 4:45, naming Senator Lexow for permanent chairman, and named the temporary secretaries as the permanent secretary, Charles A. Chickering and Senator Hackett as a committee to escort Senator Lexow to the chair. The Senator from Rockland was introduced by the chairman in the following words:

"Republicans need no introduction to Senator Lexow; Democrats want none."

THE RESOLUTIONS. At the conclusion of Senator Lexow's address the Committee on Resolutions was called to order by Hamilton Fish handed up the platform.

It contained no excise plank. The vote on omitting the plank was 21 to 7. The seven were Barleigh, French, Batschler, Mitchell, and Underhill, and Allen. The resolutions are in part as follows:

"We reaffirm our adherence to the American policy of protection, and we demand such legislation as will afford an adequate income for the maintenance of the Government while giving encouragement to American capital and remunerative wages to American labor."

"We denounce the Wilson tariff bill with its iniquitous income tax attachment and the proposed tariff on sugar, as arranged to sell to-morrow from here to his native country via Annapolis, Mexico, for the purpose of overthrowing the Government of President Outzere."

"The measure is neither a tariff for protection nor a tariff for revenue, but a tariff for deficit, failing by scores of millions a year to raise the amount of revenue necessary for the expenses of our National Government."

"We welcome the dawn of returning prosperity following the Republican victories of 1894—those victories giving assurance that the Democratic party has been rendered powerless to work further destruction to American industries, and that the duty of repairing Democratic inroads upon them will be prosecuted with untiring vigor."

"And we denounce the attempts of the Democratic administration newspaper or the executive to unduly interest in the regard to the real character and extent of the recent restoration of wages. In behalf of American citizens in other countries, who are entitled to the most watchful and undying interest in the Federal administration, which has made the Stars and Stripes the emblem of such neglect and wretched incapacity."

"The executive's foreign relations with foreign powers, where American doctrine should have been the supreme guide and inspiration, the administration, by yielding established rights, truckling to foreign influence, and the wholesale sacrifice of American prestige and national dignity, has finished an unmatched spectacle of Federal disgrace and imbecility."

FAVOR SOFT MONEY. "We believe that the nation's honor, as well as the material interests of our citizens, demand the maintenance of a national currency, every dollar of which, whether in gold or paper notes, shall be equal in purchasing power and equal to the full value of silver."

"Last fall, for the first time in twelve years, the people of the State entrusted the Republican party with the control of the executive and legislative branches of their government."

HAMILTON FISH MADE A MOTION TO proceed to the nomination of candidates. His motion was adopted, and the names of Judge Celore E. Martin, of Binghamton, Supreme Court Justice; Porcino Williams, Jesse Johnson, Henry A. Clark, and William H. Adams were placed in nomination for Associate Justices of the Court of Appeals.

Judge Martin was nominated on the second ballot, and the nomination was made unanimous.

The ticket named is as follows: For Judge of the Court of Appeals—Celore E. Martin, of Broome. Secretary of State, John M. Palmer, of Albany. Comptroller, James A. Roberts, of Erie. Treasurer, A. B. Colvin, of Warren. Attorney-General, Theodore E. Hancock, of Onondaga. State Engineer, Campbell W. Adams, of Oneida.

A resolution empowering the State committee to fill all vacancies occurring on the State ticket was adopted, and at 7:30 the convention adjourned sine die.

THE RULING heard, and Warner Miller took the floor and argued for a plank for Sabbath observance.

MORE CUBANS CAPTURED.

Great Excitement Caused by the Expedition at Key West.

JACKSONVILLE, Fla., Sept. 17.—A telegram to the Times-Union from Key West says that during the past few days this city, owing to the report that a Cuban expedition had started from this island.

The reports differed greatly as to the number of men. Some claimed as many as two hundred, while others, who claimed to know, said only one hundred had left.

Spanish report the customs officers and the captain of the revenue cutters, Winona, Merrill, and McLane, under instructions of Deputy Collector Knight, have not left to attempt to capture the expedition.

Both the day and night force of the customs officers are on patrol, all night and doing their duty in the day. Deputy Knight has patrolled the coast around the entire coast at night in the launches furnished by the cutters.

Yesterday, believing that the party had effected a landing on one of the near keys, the cutter Winona was dispatched to the Key, where she arrived this morning and captured a schooner Lark, of one tons, off Key West.

When first sighted there were but two persons seen on deck, but when the cutter approached, she was seen to be on board the schooner, who upon entering the schooner's hatch, found thirty-five Cubans secreted in the hold.

The captain, whose name appears on the license of the Lark was not aboard. One Cuban, Reyes, was acting as master. Reyes not being able to give satisfactory explanation as to the unusually large number of persons were on board, the Lark was taken in tow by the Winona and brought to this port and turned over to the customs officers, who were no arms or ammunition on board.

This fact will no doubt make it difficult for the captain to make a case against the party.

The Winona with her prize is lying in the stream, and all the wharves are crowded with spectators. The schooner Cubans have been waiting around the court-house door, prepared to sign any writ that may be issued against their unfortunate countrymen.

By those who are up in international law, it is claimed that nothing can be done with the captives, as sections 6251 and 7201 of the Revised Statutes, will not apply to this case.

Thirty-five Cubans arrested were landed this afternoon at 4:30 and carried before Commissioner Otto, who released them until the following morning, to appear before him Thursday morning. Carlos Reel and M. M. Cordeiro gave surety on each bond.

The court was liberally packed with their sympathizers. Cubans here claim that the party were on a plank.

MOJING ON SAN SALVADOR. Ex-President Ezeto Will Attack from Their Point at Sea.

SAN FRANCISCO, CAL., Sept. 17.—Ex-President Ezeto, who has been here, has arranged to sail to-morrow from here to his native country via Annapolis, Mexico, for the purpose of overthrowing the Government of President Outzere.

At Acapulco, he will be met by his supporters, Generals Colcho and Clenquias. He will hold a council of war and take the decision as to whether to proceed already arranged, and move on the three points of the Gulf, Acapulco, La Libertad, and San Salvador.

"We will be furnished at these ports with sufficient reinforcements to commence operations. We will land simultaneously at Acapulco, San Salvador, and Casin. I will land at La Libertad and General Casin will take La Union, Colcho and Colcho will land at Acapulco."

"By these arrangements the northern and southern arm of San Salvador, as well as the central part, will be in our possession. I am advised that fifty thousand rifles will be on hand at the time the expedition will be our final objective point."

HAVANA, Sept. 17.—A dispatch from Havana says a force of 10,000 men was made an attack yesterday upon a camp of rebels, eight hundred strong, under the command of Insurgent Leader Ulalupiedra, between Felicidad and Rio Seco. The rebels fled, leaving eight of their men killed and a large quantity of arms, provisions, bombs, etc. The Government loss was eight wounded. A dispatch received here this morning says that in the battles which took place last week at Rio and in vicinity twenty-five rebels were killed and a rebel leader Sanchez wounded. Leader Cantero, who led the attack upon the plantation of Alamaia, was killed.

A rumor is prevalent in Santiago de Cuba that Jose Maceo, the general commander of the rebel army in the vicinity of Guantanamo, is dead.</
