

THE SUNDAY SERVICES.

ANNUAL REUNION OF THE EPISCO. PAL SUNDAY SCHOOLS.

St. Paul's and Holy Trinity Churches Filled With Young People—Other Services. Drs. Kerr and Hyde Speak.

Five years ago, when the union meeting of the various Sunday schools of the Episcopal churches of Henrico Parish was started, St. Paul's church was sufficiently large to accommodate all the teachers and scholars.

St. Paul's church was set aside for all schools east of that thoroughfare, including St. Mark's, while the others assembled at Holy Trinity.

At St. Paul's church the services were read by Rev. Mr. Houghton, assistant rector of that church, Rev. Mr. Goodwin, of St. John's, and Rev. Mr. Spencer, of Peterborough, who filled the pulpit of Bishop Penick, of St. Mark's in the latter's absence from the city.

Bishop Penick was down on the programme for a brief address, but his place was supplied by Rev. Mr. Christman, of Epiphany church, at Barton Heights, who gave an address which interested the children very much.

Holy Trinity church which seats over a thousand people, was also crowded to its fullest capacity. The introductory services were carried out in a similar manner as at St. Paul's.

At Holy Trinity, the services were read by Rev. Mr. Houghton, assistant rector of that church, Rev. Mr. Goodwin, of St. John's, and Rev. Mr. Spencer, of Peterborough, who filled the pulpit of Bishop Penick, of St. Mark's in the latter's absence from the city.

IN SOCIAL RICHMOND.

DR. W. S. GORDON BEFORE THE WOMAN'S CLUB.

A Most Attractive Lecture on "The Nervous System"—Miss Dora Jones to Lecture Before the Club To-Night.

The Woman's Club having had only a tea last week, gave a particularly warm welcome to Dr. William S. Gordon yesterday afternoon. There was, with the exception of the Loan Exhibition, no counter diversion for the fashionable interest, although certainly Dr. Gordon's reputation is so delightful and his popularity is so genuine a kind that he can stand in the capacity of lecturer, a pretty varied test in the way of counter diversion. The parlors were full and in the audience were Mrs. James Gordon, Mrs. Harry T. Smith, Mrs. George C. Jordan, Mrs. J. D. Pichard, Miss Louisa Blair, Miss Lottie Pleasants, Miss Helen Montague, and Miss Virginia Pleasants, all guests of the chairman, Miss Ellen Guigon and Miss Sylvia Taylor of Boston, were non-residents of Richmond present.

Mrs. J. Arthur Lefroy, chairman, made a most graceful introductory speech commenting upon the pleasure with which the club welcomed Dr. Gordon.

The doctor's subject was "The Nervous System" and to make his lecture clear he had some eight or ten fine charts, a large blackboard, two brains, vertebral column, and a skull.

The talk was divided into the following headings: The Anatomy, Chemistry, and Histology of the Nervous System; Functions of the Nerves; The Spinal Cord and the Brain; Theories as to the Higher Functions of the Brain in Relation to Metaphysics; Definition of Reflex Action; Insanity; Hypnotism; Automatism; Somnambulism; Theories of Dreams.

By way of preface, Dr. Gordon paid a high compliment to women in general, and the work which they are doing in various professional fields.

Some of the best biologists in the country, the "strong women," he also complimented the Club upon its growth and place in the community.

Proceeding to his subject proper, he spoke of the difficulty of discussing his subject intelligently in one hour. He could not give more than a cursory talk.

However, his instructive talk was one of the most interesting ever given by the Club. Under the heading, "Anatomy of the Nervous System," beside much other valuable information, all illustrated by recourse to the charts, etc., some interesting facts relative to the weight of the brain and spinal cord were given.

The weight of the brain and spinal cord was from sixteen to seventeen pounds, and weighed one and one-half ounces. The brain of the adult male weighs forty-nine and one-half ounces; of the adult female, forty-four ounces.

However, the doctor got himself quickly out of the difficulty by emphasizing the fact that it was the texture, not the weight of the brain, that decided intellectuality. He apologized for the missing four and a half ounces as gallantly as possible, like a true Southern gentleman.

He proceeded to show that relatively man's brain is heavier than the brain of any other animal, although not usually so. The elephant's brain weighs from eight to ten pounds; the whale's from six to eight pounds.

In commenting upon the fact that it is composed almost entirely of water, phosphorus, and fat, and spoke of the highly important part which the phosphorus plays.

By the histology of the nervous system, he said, its microscopic anatomy, and this he proceeded to make beautifully clear by the aid of his charts.

But the most interesting portion of the lecture was that which concerned itself with the functions of the various parts of the nervous system.

The human mechanism designed to carry impulses. Ganglion was defined, and the subdivisions of the nerves enumerated. Inhibition was finely explained, and numerous entertaining illustrations were also automated.

The spinal cord was defined as conduction, reflex action, and automatism.

The front, parietal and occipital lobes, the doctrine of substitution was touched upon, and experimental illustration given.

Other things that came in for a share of the doctor's attention. Throughout the lecture happy anecdotes and illustrations were introduced, and several times questions were passed up from the audience, notably by Mrs. C. Robertson, Miss E. C. Minor and Mrs. J. R. V. Daniel.

At its conclusion, congratulations and expressions of pleasure were heard on all sides.

An informal reception was held, as is the custom after the lectures, tea being served by Mrs. J. Smith Brockenbrough.

To-night at half-past 8 o'clock, Miss Dora Duty Jones, of Washington, D. C., will lecture before the club on "The Madonna in Art." The lecturer will have sixty slides and many illustrations.

Miss Mary McLean has returned from New York. Dr. Charles M. Edwards, eldest son of Dr. Landon Edwards, graduated yesterday afternoon his degree in the practice of medicine, spending his office at 199 West Grace street.

Dr. Edwards graduated a year ago from the University College of Medicine, and has for the year past been in the practice of his profession at the Virginia Hotel.

Opinions in that capacity, as his father's son, he enters upon his career with a hearty God speed from hundreds, and there is every reason to believe that he will bear his name worthily, and add honor to it.

Dr. Moses D. Hoge, Jr., has purchased the house on east Grace street, formerly occupied by the late Dr. Chalkley, and will shortly remove into it. His present house, 7 north Third street, is so identified with his benevolent and able practice of his profession that it will take residents of the square some time to grow accustomed to the change.

Mrs. James Pissano leaves today for "Copley," in Albemarle. Mrs. L. N. Pace, of Culpeper, Va., is the guest of her sister, Mrs. W. G. Neale, West Franklin. The others were Wilberlyn on the 25th ult., which is of interest to many people in this city.

The marriage of Miss Zora Slocowich and Mr. Walter St. John Hendrix, took place at the home of the bride's parents.

The bride is a niece of Mrs. A. R. Tatum, of Richmond, and she has frequently visited here, and is still pleasantly remembered by many of those who smile.

The bride's only attendant was her cousin, Miss M. Tatum, daughter of Mr. and Mrs. A. R. Tatum, of this city. The bride's gown of ivory white satin was handsomely trimmed with pearls and diamonds, and her hair was styled in a bun.

The Royal-White and Pure as the Driven Snow.

end of Mayo's bridge, suspended work on that structure, and to statement has been made as to when the mills will resume work.

Mr. Matthew Morton, the superintendent, said yesterday that the suspension was due to the high price of cotton and the low price of the manufactured goods.

He could not say when it would be resumed, but he expected it would be in the near future.

By the shutting down of the mills about 175 people are laid out of work. Most of these employees are people who depended solely on what they made one week for their livelihood the next.

Mr. Morton said that his assistants were at the office yesterday attending to business.

PERSONALS AND BRIEFS. Miss Ethel Davis is visiting Mrs. Davis on Porter street.

There was a good attendance at Odd-Fellows' Hall last night to hear Colonel John S. Harwood, address Social Education among Confederate Veterans.

The meeting to organize a bicycle club was postponed to some future time.

The gentlemen who are interested in the Y. M. C. A. met at Central church last night but nothing of importance was transacted.

Miss Alice and Eva Jeter were called to Keokoh yesterday on account of the illness of their sister.

Miss Cattie Lassiter is visiting Mrs. J. M. Robertson, at 1112 Hull street.

Only civil cases were tried in the Hustings Court yesterday.

The suit of Davidson vs. the Richmond Railway Company will claim the attention of the Hustings Court to-morrow.

Sergeant Fitzgerald has summoned a jury to meet at 10 o'clock to-morrow to try the case of the killing of a little son of Mr. Davidson by a car on the Perry street line.

Miss Louise Willis, who has been visiting in this city, has returned to her home in Lynchburg.

Those who anticipate becoming candidates for the City Council will have to notify Clerk H. E. DuVal by or before the 15th of the month.

Hardly the little child of Mr. Walter A. Jones, is quite sick.

Judge B. A. Hancock, who has been sick for some time, is improving.

The Saturday afternoon dancing class was not held at Leader Hall last Saturday as usual, consequently will be held this afternoon.

To Vote for Amendments. At the convention of the "T. P. A.'s," which adjourned Saturday afternoon, a number of amendments to the Constitution, which will be presented at the coming convention, were submitted for action, and the delegates from Virginia were instructed to vote against all amendments, save the two following:

"Amend Section 4, Article 3, by striking out the word 'citizen' in line three."

"Section 7. Any member meeting with an accident must notify the State secretary of the division of which he is a member, and the national secretary, within ten days of said accident, giving full particulars of same, and name of attending physician. In case of failure to so notify, except because of unconsciousness or physical inability, the member shall forfeit all right to insurance benefits."

To be Drawn Up this Week. The contract under which the Free Bridge Commission will grant the Chesapeake and Ohio Railway Company the privilege of crossing their steel viaduct over the Free Bridge, will be drawn up during the latter part of the present week.

Mr. Meredith said yesterday that the final meeting had been fixed for last Thursday, but that it had to be postponed for about the latter part of the present week. Judge Clement, being absent, the case will be argued in the Hustings Court of Manchester on that day. Mr. Axtell is at present out of the city and will not return before the latter part of this week.

"Under ordinary circumstances," continued Mr. Meredith, "it would be imprudent to consent to allowing the chitling of trains on the proposed viaduct, not over the Free Bridge, but in this instance we must first ascertain from the railroad people whether the shifting of the viaduct is a necessary."

A Delightful Dance. A delightful soiree was given Friday night at Northside Hall and a number of couples were engaged at the shrine of Terpsichore until the wee sma' hours.

The dancers were Miss Dacie and Lillie Todd, Thompson, Shelton, Fleming, Gunn, O'Hannon, and Stacy, and Messrs. Gunn, Adams, Goodall, Shackelford, Curtis, Stacy, Adam, Gibson, and Cherry. The chaperones were Messdames Stacy, Gunn, and Starkie.

American Railway Accountants. The American Association of Railway Accountants will meet at the Jefferson Hotel, Wednesday, May 20th next, and will be in session for several days. Between two and three hundred people are on the rolls of membership of this association, and their sessions are expected to be very interesting and instructive to all the members. Railroads in all parts of the United States will be represented in this association.
