Oh, the Pain of Rheumatism!

Rheumatism often causes the most intense suffering. Many live for years vainly sought relief from this disabling disease, and are to-day worse than ever. Rheumatism is the only cure, and Swift's Specific is the only remedy which can reach such deep-seated diseases.

A few years ago I was taken with indomitable Rheumatism, which became so intense that I was for weeks unable to walk. I tried several prominent physicians and took their treatment most faithfully, but was unable to get the slightest relief. In fact, my condition seemed to grow worse, the disease spread over my entire body, and from November to March I suffered agony. I tried many potent medicines, but none relieved me. I was then advised by a friend to try Swift's Specific. I bought a bottle, and before allowing me to take it, however, my gardener, who was a chemist, analyzed the remedy, and pronounced it free of poison or mercury. I felt so much better after taking two bottles, that I continued the remedy, and in two months I was completely cured. I have never since had a touch of rheumatism though many times exposed to damp and cold weather.
