MAN MISSING IN MANCHESTER

Left Home Three Weeks Ago—Relatives Are Uneasy.

MR. TONEY'S IMPORTANT BILL.

Rev. Mr. Spencer Will Preach His Farewell Sermon To-night—Personal and Brief—Church Services.

Manchester Bureau, Richmond Times, 1112 Hull Street, Seattle Block.

Mr. Martin Sadler is missing from his home, No. 10 east Ninth Street, Mr. Sadler left his home on January 4th, stating that he was going to Wilmington, Del., where he hoped to get employment with a horse-shoe works. Three weeks have now past and not one line have any of his family or friends had from him, nor have they heard indirectly.
Mr. Sadler had been living in Manchester several years and much of that time he was employed at the Belle Isle Iron Works, but for some time prior to his disappearance he had not been working, and was thought by his brother, Mr. J. W. Sadler, who lives next door, to have seemed blue and discouraged for several weeks before leaving. This missing man leaves a wife living in the city who was a Miss Mebey before her marriage. They have no children.
The relatives of Sadler are much disturbed and uneasy over the unexplained absence, and have written several times to Wilmington and other places they thought possibly Mr. Sadler had gone, but have not received the slightest information or clue. Sadler is about forty-seven years of age, of medium height and weight.

TWO BILLS.

Hon. D. L. Toney will introduce in the Legislature Monday a bill providing certain corporations to give to their discharged employes or agents the causes of their removal or discharge. The bill provides that the corporations shall, upon application from the discharged person, render written statement giving full reasons, and should false charge be made the corporation or company will be liable to the discharged person. Mr. Toney is of the opinion that this bill will be passed, though he expects considerable opposition to it from some members of the Senate.

FAREWELL SERMON.

At the time of her death she was in her seventy-ninth year. She leaves three children, eight grand-children and four great-grandchildren. Her children are Mr. Chas. Blankenship, Mrs. W. J. FOUR WATCHES.

Four watches and other articles were stolen yesterday morning from the store of Mr. J. W. Craze, No. 1300 Hull Street. A negro man entered the store and going behind the counter, opened the show case and took his choice. Mr. Craze was out at the time but his wife and children were in the back of the store-room. Mrs. Craze heard the negro close the case, which was the first she knew of his presence. The negro hearing Mrs. Craze coming, did not run, but stood his ground and knocked on the case as though to call her attention. After Mrs. Craze arrived, the negro remained in the store some little time and priced several articles and upon leaving stated that he would return in the evening. Scarcely had he gotten out of the door when, from the unusual ordered conditions of the show case, Mrs. Craze realized what had happened, but it was too late, the negro had disappeared. The case was reported but no arrest has been made. This is the second affair of this kind that has happened in this city within a week. Mr. Pollock's watch-shop was lifted last Monday of two watches.
