UNRECONCILED WITH BUTLER

S. Otho Wilson, Populist Chairman, Will Bolt IF BUTLER IS NOMINATED

Governor Russell Finally Grants Extradition for Baxter Shemwell, A Republican Paper Advocates White Supremacy.

RALEIGH, N. C., April 14.—Special.—The oral argument in the Durham vs. the Southern Bell Telephone case, which is to test the Craze law, was heard in the Supreme Court yesterday. The case, as has been stated, was argued by briefs some time ago. The decision will be of much interest.

It was reported that S. Otho Wilson, the county chairman of the Populist Committee, had become reconciled to Senator Butler, but he says that is not true, and that he will bolt the State Convention if Butler is named on the ticket. The Populist County Convention met here to-day.

The State Journal begins publication here to-day. It is a Republican paper, but is for white supremacy. It is edited and owned by Mr. James M. Allen.

The Western Union telegraph office here this morning found that the strikers and their friends had cut the wires in several places between here and Goldsboro at Neuse and at Princeton. Yesterday all were in order except at one point.

Sheriff Page was this morning asked to send from here deputies to protect the offices and operators at Cary, Garner, Morrisville and Auburn. Cary is the only important point, as it is there that the Southern and Seaboard tracks cross. The State chatters the Montauk Water and Electric-Power Company.

There were quite a party of Republicans and Populists in Washington on the quiet Thursday night. Secretary Thompson was one.

MUSIC BY MEANS OF THE PIANOLA ANY ONE CAN PLAY THE PIANO. No musical knowledge whatever is required on the part of the performer. It is a significant fact that the Pianola is the only piano-player which has been ENDORSED BY MUSICIANS.

The Pianola brings into use thousands of pianos which are now lying idle. It makes every member of the family a player and master of a repertoire which includes the musical classics, both ancient and modern, the latest popular airs, and an endless variety of both song and dance music.

The sixty-five fingers of the Pianola strike the sixty-five keys of the piano by means of a pneumatic, according to the technic of the composition, the elasticity of the air producing the plaint, yielding, and remarkably sympathetic attack that is almost identical with that of the human fingers.

You are invited to call and hear the PIANOLA. WALTER D. MOSES & CO., 1005 Main St., Richmond, Va.
