

FOR SYSTEMIC CATARRH. Peculiar to Summer Pe-ru-na Gives Prompt and Permanent Relief.

Clem G. Moore, Editor of the Advocate-Democrat of Crawfordsville, Ga., writes the Peruna Medicine Company as follows: Gentlemen—After four years of intense suffering, caused by systemic catarrh, which I contracted while editing and traveling for my paper, I have been greatly relieved by the use of Peruna. I gave up my work during these years of torture, tried various remedies and many doctors, but all the permanent relief came from the use of Peruna. My trouble was called indigestion, but it was catarrh all through my system, and a few bottles of Peruna made me feel like another person; noting the improvement after I had used the first bottle, Peruna is undoubtedly the best catarrh remedy ever compounded.—Clem G. Moore.

Captain Percy W. Moss, Paragould, Ark., says: "I think Peruna in undoubtedly the finest and surest catarrh cure ever prepared, and it has taken but two bottles to convince me of this fact." Judge Wm. T. Zenor, of Washington, D. C., writes from 213 N. Capital Street, Washington, D. C.: "I take pleasure in saying that I can cheerfully recommend the use of Peruna as a remedy for catarrhal trouble and a most excellent tonic for general conditions."—Wm. T. Zenor.

LOVE

Lives only in the present. Nature throws a glamour around youth and maiden, so that although they saw misery and marriage walking hand in hand in every home in the world they would fondly believe that they could marry and do no better.

Young women should be taught to prepare for marriage. They should understand how to preserve their womanly health through the functional changes of maternity. Doctor Pierce's Favorite Prescription is the most effective medicine for the preservation of womanly health and the cure of womanly diseases. It regulates the periods, drives out the menses, cleanses the system, and cures female weakness. It prepares the womanly organism for maternity and makes the birth hour practically painless.

"Favorite Prescription" contains no alcohol, neither opium, cocaine, nor other narcotic.

"My wife was afflicted with uterine trouble for several years," writes Mr. J. C. Day, of Little Britain, Lancaster Co., Pa., "and in November, 1898, the doctor said she had miscarriage. He treated her for about two months or so, but there was but little improvement. I wrote you after she had miscarried and you sent me 'Golden Medical Discovery' also. She took six or seven bottles of 'Favorite Prescription' and got out of bed and was able to attend to her household work."

Dr. Pierce's Pleasant Pellets cure biliousness.

THE FISCAL YEAR IN PETERSBURG

Dr. S. A. Hinton Elected as the City Physician.

PROMINENT MAN DROWNED. Market Street to be Paved With Asphalt. Appomattox Water to be Filtered For Urinating—Wells to Open a Theatre.

(Special Dispatch to The Times.) PETERSBURG, Va., June 3.—The City Council this afternoon and evening voted on the business of the fiscal year. Dr. S. A. Hinton was elected city physician to succeed the late Dr. Hugh Stockwell. The first vote was a tie between Dr. Hinton and Dr. J. M. Burke. The president refused to cast the deciding vote, and the second vote was 9 to 11 in favor of Dr. Hinton.

STREET PAVING. It was determined to pave the roadbed of Market Street with asphalt. The committee appointed to investigate the matter reported that there was property in Petersburg exempt from taxation to the amount of \$317,155, including churches and charitable institutions. Of this \$317,155 is owned by white and \$95,555 by colored people.

JAMES B. AUSMUS DROWNED. James B. Ausmus was drowned in the Appomattox River Sunday near the point where the Appomattox River enters the James River. David Ausmus, of Boston, registered at the Central House, in this city, Saturday, and after supper inquired if James B. Ausmus, of Tennessee, who was his brother, had registered at the hotel that day. James Ausmus did not reach Petersburg until Sunday morning. He and his brother met at the Central House Sunday for the first time within five months. The plan of the two brothers, who met in a Northern city, was that the other professor in Southern college, was to spend some of their vacation in an outing on James River, and as they had never been down the Appomattox, they decided to make a trip to this city. City Point, a small row boat was obtained from Mr. Cotton, and the two young men left on a pleasure trip. When they reached the point where the James and the Appomattox meet, David Ausmus, who was steering the boat, got up to take the oars from his brother, and in the exchange of positions the little boat toppled and James Ausmus was thrown into the river. Knowing that his brother could not swim, David Ausmus leaped after him, but he was powerless to save him, and saw his brother drown and was unable to render him any aid.

NEW FILTER. The new \$1000 filter purchased by the city has been placed in operation at the city pump-house within the next two weeks. The first installment of the filter arrived by freight to-day, and the balance will be forwarded as soon as finished. It will require considerable work to get the filter in operation, as setting basin and other necessary appurtenances must be put in proper condition.

JOINED THE STRIKERS. There was one machinist from North Carolina, who arrived here Saturday with the intention of going to work. Instead of reporting for work, however, he joined the strikers. The men are determined to hold out for the nine-hour day. In this they seem to have the support of merchants, some of whom have offered financial aid.

NEW THEATRE. Mr. Jake Wells, of Richmond, is expected to close a lease on the theatre to be erected at the park in Dinwiddie county, which belongs to the Southside Railway and Development Company. It will be associated with Petersburgers in the management of the theatre, and other rights in connection therewith. The theatre will be a fac simile of the Casino in Richmond, but will not be quite so large, and will be a Newport News, who is visiting Miss Mary Friend.
