

CHAIRMAN OF THE COMMITTEES TALK

Carnival Matters Going Along Most Encouragingly—Several Meetings.

The monkey balloonist that will give daily free exhibitions here during the Carnival is creating quite a sensation in the west, where she is now giving daily trips to the clouds and to realize and pride herself in the sensation she creates.

In Horse Show circles all is activity and Manager Smith reports entries already reaching heavy numbers. All have read of the great attendance and enthusiasm at the horse show of last week, and everything points to still greater success for Richmond.

Chairman Gans, of the Booth Committee, reports great progress and flattering prospects. This committee will meet again Monday at 5 P. M.

Col. G. Percy Harvey, of the military, having obtained rates to suit, will see that this feature is properly handled.

Mr. W. C. Noland, chairman of the Design and Structure Committee, says: "Although very busy with my own work, which cannot wait for anything, I am catching moments to devote to Carnival structures and am now working upon the several arches."

Mr. E. H. Clowes, of the Music Committee, reports many applications and from good hands. This committee is now corresponding with the famous Phinney United States Band (formerly the Iowa State Band) that would furnish a band for the World's Fair, Chicago, and which is now at the Buffalo Exposition, the musical feature for two months, with the view of setting them if possible for a series of their spectacular concerts during the Carnival.

O. A. Hawkins, of the Industrial and Trade Exhibits, reports a very encouraging outlook.

Colonel Boykin, of the Parade Committee, is on his continual smile, assured that all affairs are in splendid shape for success.

Mr. Leo Lorraine, of the Premiums Committee, says: "I am working and want your prizes, and good ones that we may again make this feature a grand success."

The Board of Directors will hold a meeting Tuesday night, 8:15 o'clock, at T. P. A. rooms.

There will be a meeting of the Military Committee of the Carnival Association at the Seventeenth Regiment Armory, Seventh and Marshall Streets, Monday night at 8:30 o'clock.

MUSIC IN ROCKBRIDGE.

Association Formed for Betterment of Music in the Churches.

(Special Dispatch to The Times.) LEXINGTON, VA., Aug. 17.—The Rockbridge County Musical Association held their annual session at Bethany Lutheran Church Thursday and Friday. The object of the association is to encourage and stimulate improvement in church music of Rockbridge. The various sections of Rockbridge were represented.

The following officers were elected to serve the coming year: President—Rev. J. W. Shey, of Abing; Secretary—Mr. J. Frank Stratton, of Buena Vista; Musical Director—Mr. J. P. Meador, of Buena Vista; Treasurer—Mr. J. D. Deacon, of Collierstown; Mr. F. T. Snider, of Rockbridge Baths.

Mr. Charles M. Walters, of the Post-office Department, at Washington, was in Lexington this week looking into the status of the postoffice here. This office has been advanced to second-class, more commodious quarters will be provided.

Mr. and Mrs. Harvey C. Decker, of Athens, N. Y., who left New York on August 1st for Texas, to travel on their automobile, have returned to New York. They will be compelled to stay at that point until the roads are in better condition, as the stiffness of clay mud renders traveling too laborious. The travelers are much pleased with Virginia.

Summer Terrors Acne, Tetter Eczema Salt Rheum Psoriasis Nettle Rash

The torrid heat of Summer is almost unbearable under the most favorable conditions, even when the blood is healthy and the skin doing its allotted work properly, and the sweat glands open and pouring out an adequate supply of perspiration to keep the body at an even temperature, but, unfortunately, there are many who must endure not only the suffocating, debilitating heat, but in addition the unspeakable tortures of some burning and itching skin disease. The acid poison in the blood that causes Eczema, Tetter and other diseases of this type seem warmed into life and renewed activity by the Summer's heat. The action of these acids upon the blood soon destroys all of its life-preserving qualities, and it becomes hardly more than water. The skin, instead of receiving a supply of pure and cooling blood, is blistered and burned by the fiery fluids that are carried to the surface, and the pores are soon so swollen and inflamed that perspiration is checked, and the whole body feels like an overheated furnace. Night and day, almost without intermission, the burning and itching continues. No sleep or rest for the tired body. At last the nerves grow weak and the constitution breaks down under the terrible strain. The almost distracted sufferer finds some solace in scratching, and temporary relief from bathing and the application of soothing

Two doctors said I had Pustular Eczema, which was confined mostly to my face and hands. Crusts would form and scale off, leaving the places inflamed and raw. I was tormented for five years and used many different applications without relief. A short time after beginning S. S. S. I noticed a great improvement, and a few bottles cured me entirely. My skin is now as clear and smooth as anybody's. (Signed) E. E. KELLY, Urbana, O.

constitutional treatment can do this. A trial of S. S. S. will soon convince you of its wonderful curative qualities and its virtue as a remedy for all skin affections, no matter in what form the disease appears, whether as sores, pimples, watery blisters or the dry and scaly kind. At this season, when the blood and skin are endeavoring to throw off the poison, is a much more favorable time to begin treatment and help nature to do the work. S. S. S., being a purely vegetable remedy, is best suited for this purpose; it neutralizes the acids, purifies and cools the blood, and leaves no vestige of the poison to re-ferment and bring on a fresh outbreak of the disease. There is no Arsenic, Potash or other harmful ingredient in S. S. S. It is a safe and pleasant purifier and tonic that completely and permanently eradicates all impurities from the system, and makes a lasting cure of blood and skin troubles. Skin diseases are not incurable, as some doctors would have you believe.

If you are a sufferer from Eczema, Tetter, Acne, Psoriasis, Salt Rheum or other skin disease, write to our physicians about your case and receive advice and special directions from them without any cost to you whatever, and our free book on blood and skin diseases will be a valuable aid to you, also, while treating yourself.

WANT IT TO COME HERE.

Effort to Bring the General Episcopal Convention to Richmond.

Special interest is felt here in the session of the General Convention of the Episcopal Church to be held in San Francisco in October, as an effort will then be made to bring the body to Richmond in 1907. As the convention meets once in three years and the place of meeting is shifted as far as possible over the country from one session to another, the selection of Richmond six years hence depends upon the choice of some distant city next time, and so the Richmond deputies are hoping New York or Boston will be chosen for the next session. In that event, Richmond, which has not entertained the convention since 1859, would receive the honor in 1907, the year which it is proposed to celebrate as the tri-centennial of the founding of the English Church and nation together in America.

The general convention is the Supreme Council of the Episcopal Church in the United States, and resembles very much in its make-up the National Congress. There are two houses, the House of the Bishops, who hold their seats for life, and the House of Deputies, composed of four clergymen and four laymen from each diocese. The Episcopal Church in this country is most democratic in its government, the constitution of the church, indeed, having been framed at the same and largely by the same men.

The bishops in the general convention, represented by Senators, the deputies to correspond to Representatives, and the missionary jurisdiction, represented by one clergyman and one layman, are analogous to the territories of the Union.

The coming convention will discuss several points of great importance. The church constitution, the entire body of the canon, or working-laws of the church, will all be under consideration. The especially important points which will come under discussion are the canon on marriage and divorce, and the provincial

system canon, which provides for a court of appeals in every province, composed of the diocese divided geographically. This is the first general convention ever held west of St. Paul, Minn., and for that reason the attendance is expected to be very large. Of the eight deputies who will represent the diocese of Virginia, four are from Richmond. Rev. W. Meade Clark and Rev. Landon R. Mason, and Messrs. Joseph Bryan and John L. Williams. J. Pierpont Morgan, who is a vestryman of St. George's Church, New York, will be one of the four lay delegates of the diocese.

FRONT END OF A SWITCH. A Question That Caused a Man to Be Filled With Lead. (Special Dispatch to The Times.) BLUEFIELD, W. VA., Aug. 17.—Last night at Graham, Va., Robert Mitchell and Sam Truman, members of the Norfolk and Western section force, had an argument as to which was the front end of a switch, and the discussion became so warm that Mitchell pulled his gun and emptied it in Truman's body.

They were standing just a few feet apart and four of the bullets took effect, two in the left side and two in the shoulder. He was arrested and his victim is reported as being in a precarious condition.

Was Not a Game. Editor of The Times: Sir.—In your Sunday's issue of August 12th, on page two, you published an account of a game of ball between Bowling Green and Barton Heights; in it you state that the latter won by a score of 2 to 1. We beg to say that this an error, as no game was played, only two innings being played, which does not constitute a game.

TIME SET FOR CITY PRIMARY

Central Committee Decides Upon August Twenty-Eighth. DISTRICT CONVENTION DATE. County and City Representation Agreed Upon—Church Services To-Day—News, Personal and Brief Items of Manchester.

Manchester Bureau, Richmond Times. No. 1102 Hull Street.

At the meeting of the City Central Committee held last night it was decided that the city primary should be held on August 28th for the election of delegates to the District Convention, which will nominate candidates for the Legislature. The meeting was held in the Police Court room and was attended by the full committee. The chair appointed the following committees: On Election—Redford, Gallagher, White and Carr; on Primary plan, Pettit, Dennavant, Owens, Ferguson and French. These committees are instructed to report on next Thursday night. The ticket nominated by the convention at Norfolk was unanimously endorsed. All three of the local candidates for the nomination were present and asked that primary be held rather than ward meetings, in view of the recent action of the Norfolk Convention, endorsing primaries, in preference to ward meetings or any other mode of choosing delegates.

Mrs. Sarah E. Holt and daughter, Miss Ruth, of Matoaca, are visiting Mr. G. W. Holt on Fourteenth and Porter Streets.

DISTRICT CONVENTION. The District Convention to nominate candidates for the Legislature this fall will meet in Manchester at noon Thursday, September 25th. The convention will be composed of fifty delegates, as follows: Chesterfield, 2; Powhatan, 19; Manchester, 12.

The above date and representation was fixed yesterday morning at a meeting of the District Committee, held in the office of Messrs. Cogbill & Wells.

There were present Senator F. V. Cogbill, of Chesterfield, and Mr. Robert S. French, of this city, chairman of the Central Committee.

Mr. A. M. Howard, member of the committee from Powhatan, was unable to attend, but by letter instructed the other two members to make the arrangements. The basis of representation is derived by doubling the number, the counties and city sent to the gubernatorial convention.

The means of electing delegates to the convention will be left entirely with the county and city committees.

COUNCIL CELEBRATES. Select Council, D. of L., No. 25, celebrated their anniversary at Toney's Hall Friday night. Messrs. E. W. Miller, Past State Secretary; Jos. Lenney, Past Councilor, and R. E. Criddle, State Secretary, were present and gave good talks on the working of the Order.

Mrs. James O'Brien, of Woodland Heights, was present and entertained the large crowd present with several selections from the gramophone, after which refreshments were served by the committee. Mrs. Annie L. Pugh and Mrs. R. A. Bowen.

Mrs. Roach was taken quite ill yesterday morning at her home, on Hull Street, between Eighth and Ninth.

Mr. P. C. Carroll, of Swansboro, has returned from Norfolk, where he has been attending the convention.
