

MARKET CLOSED AT ABOUT LOWEST

Bulls Were Unable to Check Drooping Tendency of Prices.

BONDS DULL AND IRREGULAR

St. Paul Was Under Severe Pressure and Declines of One to Two Points Were Numerous Among Prominent Stocks.

(By Associated Press.) NEW YORK, Jan. 9.—Speculation came to a halting place today and showed much hesitation about branching out into new courses. The sharp upward movement in the latter part of yesterday's session was evidently due to a drive against the shorts which were put out in the course of the speculative liquidation on previous days.

There were efforts, which persisted during the greater part of the day, to contest the drooping tendency of the market and to continue yesterday's recovery. The marking up of special stocks was the device resorted to.

The principal stay of the market during the time of retreating was the decline in Manhattan. This stock was taken on an enormous scale by brokers who have been anxious to get out of the market since the advance began. They made it touch 140 1/2, an extreme rise of 4 1/2, after which it retreated, closing with a net gain of 2 1/2.

The action of the United States Steel stocks has proved a decided factor. Both classes of stock were sold today, both for home and foreign account. The host steps still in prospect against the Southern Securities Company continued to form a repressive influence. The money market has lost its stringent tone, but renewal of supplies is by no means so abundant as expected.

Bonds were dull and irregular. Total sales, par value, \$3,600,000. United States refunding 2 1/2 coupon advanced 3/4 per cent. The total sales of stocks for the day were \$89,900 shares.

MONEY AND EXCHANGE—Money on call firm at 4 1/2 per cent; closed bid and offered 4 1/4 per cent; prime mercantile paper, 5 1/2 per cent. Sterling exchange steady with actual business in bankers' bills at \$4 7/16 @ \$4 7/8 for demand and at \$4 1/4 for sight. Commercial rates, \$1 3/8 @ \$1 3/4 for sight; Mexican dollars, 44 1/2.

STOCK MARKET WAS AGAIN WEAK

Union Pacific Did Not Hold the Gait it Had Scored. Some Feeling of Uneasiness is in Evidence but the News Generally is of an Encouraging Character.

The action of the London market yesterday was rather disappointing, and our market did not open with the snap which was in evidence at the close of the day before.

A rather heavy tone developed in the first hour, especially known in the Union Pacific was not maintained, and it was suspected that there had been inside selling of that stock.

RUMORS OF TROUBLE. There were rumors of financial trouble in the case of a prominent promoter, whose name is not given.

THE NEWS ENCOURING. The Philadelphia Press gave out the report that the United States Steel Corporation had decided to sell its stock in the market.

THE OTHER BREAKS. About 50,000 pounds of tobacco or a little more were sold on the Richmond breaks in all yesterday.
