

COL. BUFORD MAY RUN FOR MAYOR

His Friends Urging Him to Become a Candidate.

PIZZINI OUT OF POLITICS

Says All the Signatures in the City Would Not Bring Him Out—Gossip About Councilman Campaign and Municipal Affairs.

Colonel A. S. Buford will be waited upon by a number of prominent citizens within the next few days with the request that he allow himself to become a candidate for Mayor.

Among those who have expressed a desire to have him as their candidate are a number of well-known politicians, whose influence in any political fight is worth something.

Colonel Buford has in years past been prominent in politics and in the advancement of the interests of the city. He is very popular, and is looked upon as a man capable of wisely governing the city. His reply will be awaited with interest.

Mr. James Caskey's friends are still urging him to come out as a candidate, but he is giving them little encouragement. He recently stated through the Times that he was not a candidate and did not expect to become one.

A petition was in circulation yesterday for signatures. The petition was intended as a request for Captain Andrew Pizzini to come out for the Board of Aldermen from Madison Ward. Captain Pizzini said last night that he had heard nothing of it, but that all the signatures in the city could not induce him to go into politics.

Mr. A. H. Felthaus, whose name was prominently mentioned in connection with Councilman honors in Monroe Ward, has the matter under consideration, and it is more than probable that he will soon announce his candidacy.

At 8 o'clock this evening the Committee on Extension of City Limits will meet in the City Hall. At the meeting the report of the special statisticians, who have been figuring on the extension, will be presented. With the information, will be presented to the Council on a position to map out its work. Mr. Joseph Watterstein is the chairman of the committee.

The Mayor will sign the joint resolution appointing a committee to look into the fire and water situation this morning, and some time during the day the president of the Board of the Council will name their committee. The resolution calls for three men from the Board and four from the Council. One of the first steps to be taken by the committee will be to test some of the engines, and to fix the amount of water obtainable from certain mains.

Members of the Board of Fire Commissioners and men from the department will be asked to appear before the committee, and others from the Water Committee and the Water Department will be expected to appear.

The investigation will be thorough and no time will be lost in making it.

Councilman Camp, of the Finance Committee, who went on the trip over the Swift Creek water shed last Monday, said that he was very much impressed with what he saw in the way of the condition of the creek. The proposition submitted by the Swift Creek Company was one well worth serious consideration.

"There didn't seem to me to be any possibility of a shortage of water," he said, "and there need be no fear of contamination or discoloration. The country is grown up in pine trees and people are few and very far between."

Mr. Woodalso, of the Finance Committee, who went on the trip, said it was his place to hunt and fish in, but further he would not speak.

Mr. Caskey said the trip was a most pleasant one, but that he had not sufficiently weighed the proposition in his mind to say anything.

The Finance Committee held a session Monday night for the first time. Petitions from many citizens asking relief in taxes and licenses were considered most of the time, and the salary increase requests were postponed until the time when the budget will be made up. Chairman Caskey will call a meeting for one night next week, probably Thursday, when citizens will be heard upon matters that may be of interest to them.

The Committee on Health will meet at 7:30 o'clock this evening in regular session.

The Sinking Fund Commissioners will meet at noon to-day in the Auditor's office to receive an opinion from the City Attorney on the recent sale of

GLUTTONY

Is more common than we may think, if we define gluttony as eating beyond the body's need of sustenance and beyond the stomach's capacity for digestion and assimilation of food. That is a fair definition, and it fastens the name glutton on many a person who would resent the term as an insult. The fact of this gluttony is made by its consequences. The overloaded stomach becomes diseased. The popular term for the condition is "weak" stomach. The "weak" stomach fails in furnishing adequate nutrition for the body, and soon the "weakness" spreads from the stomach to other organs.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect assimilation of food, by which alone the health and strength of the body is maintained. "Your medicine helped me so much that I cannot praise it too highly," writes Mrs. C. L. Brooks, of Poland, Androscoggin Co., Me. "The first dose I took helped me. I cannot forget how I felt when I took it; I was suffering everything with indigestion, and my stomach was so bloated that it hurt me in any one. My husband said he was going for the doctor, but I said if he would get me a bottle of the Golden Medical Discovery, I would try that. I had not taken it long when I felt relieved, and have not had a touch of indigestion or stomach trouble since. I had been sick for four years, and took four bottles cured me. Some people that knew me before I began to take the Golden Medical Discovery, tell me that they never saw such a change in any one. I also say they don't see how I can do such large washings as I do now, when I had not done a washing for so long."

Dr. Pierce's Pellets cure biliousness.

Giles' Dyspepsia Tablets

The correct curative treatment for Dyspepsia according to the prescribed formulae of latest medical authority and practice is Giles' Dyspepsia Tablets. Instead of educating the stomach to inaction by artificial food ferments and paralyzing any life in it by the outrage of their operation, this new preparation clears away inflammation and stimulates natural action. A single taking affords perceptible comfort to the stomach, and entire freedom from active signs of Dyspepsia, Indigestion or Stomach Troubles soon follow. Complete permanent cures are being effected by these tablets with such few exceptions that Dyspepsia is now one of the troubles which physicians say can be cured with absolute certainty.

We have the agency for Giles' Dyspepsia Tablets, and if you are afflicted with Dyspepsia or any form of Stomach Troubles, would like you to call and let us tell you more about them.

A Large Package Containing 120 Doses, 50c. A Smaller Size for 25c.

PREVENTOR BETTER THAN CURE. A PLEASANT CORRECTIVE FOR HEAVY EATERS. One of Giles' Dyspepsia Tablets taken after a hearty meal will ward off that sense of falling sickness which is the result of indigestion. It helps you to stomach to completely digest the food you eat, and prevent clogging of the stomach through over eating.

An enjoyable entertainment was given to the inmates of the Home for Incapables by the Harmon Y's January 9, 1902. A programme was rendered, consisting of singing, recitations and playing by the Mandolin Club.

Mr. Fellows' family will remain here, probably until next March, when they will rejoin him in St. Louis. The departure of Mr. Fellows is a distinct loss to Richmond. He has hundreds of warm friends, and carries with him the highest endorsements from leading business men here.

MR. BAUGH DIES IN MANCHESTER

Well Known Old Citizen Passes Away.

STEPHEN PUTNEY SHOE CO.

Charter Granted Yesterday—School Board Meets To-Night to Hear Report of the Committee—Other Items from the Southside.

Manchester Bureau, Richmond Times, 1 No. 1102 Hill Street.

Mr. Everett W. Baugh, a well known and old resident of Manchester, died last night at 8:40 o'clock, aged seventy-one years. He had been ill for several months, but only last week was his case considered hopeless. On last Saturday he received a stroke of paralysis and grew rapidly worse. Mr. Baugh was long a resident of this city. He moved to Richmond several years ago, but moved back to Manchester two years ago. Five children survive him—Mrs. R. M. Waldrop, Mrs. William M. Lipscomb and Mrs. Walter H. Nelson, all of this city, and Messrs. William E. Baugh, of Manchester, and George S. Baugh, of Chicago.

Mr. Baugh was for a number of years employed as machinist at the Marshall Mills and was engaged there during the war. He was an active member of Union-Station Church, in Richmond, and a member of Marshall Lodge, Knights of Pythias.

The funeral arrangements have not been completed yet, but the funeral will very likely be from his church in Richmond.

SCHOOL BOARD TO-NIGHT

The Manchester School Board will meet to-night at the schoolhouse and hear the report of the special committee appointed to investigate the books of Mr. F. H. Fitzgerald, who was clerk. The report of the committee cannot yet be learned, but it is thought that beyond a negligence on the part of Mr. Fitzgerald to keep the accounts in a business-like manner, no other charge will be found. The committee, which is composed of Messrs. Shotwell, O'Brien, and L. M. Nunnally, have been hard at work on the books for the past week, and after much investigation will make a full report to-night.

CHARTER GRANTED

In the Corporation Court of Manchester, Judge Ingram has granted a charter to the Stephen Putney Shoe Company to construct and erect a large warehouse and manufacturing plant for shoes and boots.

The company simply succeeds to the firm of Stephen Putney and Company, which is now located in this city. The capital of the company which has been chartered will not be less than \$300,000 and not more than \$500,000. The steady and rapid growth of the company now in Manchester has been increased beyond the capacity of its present building, and it is understood that a new building will be erected adjoining the old one. The following are the officers of the company: President, Stephen Putney; Vice-President and General Manager, Langhorne Putney; Second Vice-President and Secretary, Walter H. Miles; Treasurer, Lewis H. Blair.

The Board of Directors consist of the officers above named and Messrs. Robert W. Williams, Carter B. Snow, and John E. Metzger, all of Richmond. The purpose of the company is to manufacture and sell of boots and shoes. This manufacturing plant will give employment to a number of citizens of Manchester. The business of the firm now in the city, and which this firm succeeds to, has been in operation for many years, and this charter is granted to accommodate the heavy demands which the present company has had for shoes.

The manufacturing plant will have not more than 15 acres of land here, and not more than 100,000 square feet of floor space. It is known just exactly where the company will erect this building, but it is thought likely it will be near the present warehouse of the company.

The race for the mayoralty between Captain A. C. Attkisson and Mr. H. A. Maurice is now assuming a more interesting form, and within the next week the campaign promises to wax so warm that every citizen will be discussing it. Mr. Maurice, for re-election, is making an active campaign among his friends, and expresses the opinion that he will be elected.

Mr. Attkisson is not slow in the race. Mr. Attkisson is an old official of the city, having served as Commonwealth's attorney for a long time, and was at one time Mayor of the city. Mr. Maurice succeeded him, and has been Mayor for the last two years. Both men are well known workers in a campaign and the office will be contested for as never before.

LODGE OF ELKS

The establishment of a Lodge of Elks over here now seems certain. Mr. Harold Maurice, of his barber shop a list of names which he will present to the Grand Lodge, asking for a charter. Mr. Charles Donati, of Richmond, will come over to-night and speak to those who have signed their names to the list.

The meeting will be held in the bar-ber shop of Mr. Harding at 8:30 o'clock to-night, and every man is earnestly requested to be present. Mr. Harding deserves much praise for his efforts in getting a lodge started over here, he being the originator and instigator of the petition.

Rob Smith (colored), who was captured Tuesday by Officer Wright, was before Mayor Maurice yesterday morning, charged with felony. Smith was shooting "craps" with Henry Green, and losing all of his money. He became mad and took a brick and went to work on the head of Green, with the result that yesterday Green appeared as though he had been through a threshing machine. Smith was sent to the grand jury, while Green was held in \$100 bond for his appearance in court. He will be heard on the city until the next session of the grand jury.

EX-BRIGADIER GENERAL J. FLOYD KING

General J. Floyd King of Louisiana, was a member of the 49th Congress, and was Brigadier General in the Confederate Army from the commencement to the end of the Civil War. He writes from Washington, D. C., as follows:

The Peruna Medicine Co., Columbus, O.:

Gentlemen—"Being personally acquainted with many distinguished men, national statesmen and others of high character from all over the United States who I observe by the public prints have given their endorsement to your great catarrh remedy Peruna, I unhesitatingly state that I am convinced it is a medicine which will effect all the cures which is claimed for its use."

CAPT. MC CARTHY ON THE ISSUES

Will Speak at the Academy To-morrow Night.

It is expected that the Academy of Music will be packed to its utmost capacity to-morrow night, when a mass meeting will be held, at which prominent speakers will be heard on questions of municipal government.

The meeting is gotten up by some business men, and will not be under the auspices of any political organization. While it has not yet been definitely determined who will preside, it is not unlikely that the honor will fall to Hon. John Gardner Pollard, of the Constitutional Convention, Mayor R. M. Taylor, Captain Cartton McCarthy and others interested in city affairs have been invited to be present and address the meeting, and those in charge extend a cordial invitation to all who will to come. There will be no tickets of admission, but all seats will be entirely free. The meeting will be called to order at 8:20 o'clock.

It is likely that Captain McCarthy will be the only speaker, as Mayor Taylor has time and again declined to meet his opponent thus early in the fight. The invitation, however, extends to all who propose to become candidates for office at the ensuing primary election. Those in charge of the meeting are not making a show with any candidates or candidates as yet, but they believe that the free and full discussion of public matters is in the interest of the public well, and it is this that they desire to encourage. It is believed that the meeting will be a lively one, as are, indeed, all those addressed by the "Live Wire."

Much interest is being manifested by those who love the honor and excitement of politics, and the meeting will, doubtless be a perfect success.

Mr. R. H. Harris, No. 206 Potomac Ave., Buffalo, N. Y., writes: "I have never enjoyed such perfect health as I have since I learned the value of Peruna as a tonic and invigorator. Last winter a severe cold attacked me and I lost my appetite, and was unable to do my work. Peruna was called to my notice, and after taking it for four days I began to improve, and the cold disappeared after taking one bottle. I find it a safeguard against colds, and I often take a dose as a preventative."
