

SENATE WILL BE HELD BLAMELESS

House Responsible for No Commission.

SO SAY SOME SENATORS

State Will Not Suffer by Reason of Passage of Few General Laws—Present Ones in Full Effect—Will Adjourn This Afternoon.

The short session of the Legislature will end this afternoon. The body will reconvene to put the new Constitution into more thorough and general operation on November 12th next at noon. This action was made certain yesterday by the adoption in the Senate of the House joint resolution on the subject. It is not believed the State will suffer in any way by a failure of the body at this time.

To be on the safe side, however, the Senate has passed amendments to the present election law designed to clear up any apparent conflict, and also a bill putting the reservation ordinance into operation. The House will adjust these measures to-day. Both branches have cleared up the doubt on the subject of qualified jurors, and they have passed bills authorizing the Auditor of Public Accounts to pay the mileage and mileage of the body under which the bodies must now operate, in view of constitutional changes, make it difficult to dispose of legislation rapidly, and very few bills can now be passed in the course of a day. The session therefore to-day promises to be a long one.

The failure of the Legislature to adopt any plan for mapping out the work of the long session is creating much adverse comment. Members of the Senate are disposed to lay the blame at the door of the House. "We are on record," said Senator Sale, of Norfolk city, last night, "as having been willing to any reasonable plan, and the blame must rest where it belongs. It will be recalled that the Senate at its former session adopted a plan which provided for committees to come out of the body without the Legislature, so we have offered them both plans, and they took neither."

The unfortunate management of the affairs on the House side is responsible for the failure of that body to agree to anything, and there should be a deep regret and suspicion that every scheme offered was "killed" after the "state" talk was started.

No more delay or trouble will arise in the Virginia Courts in the jury cases as a result of doubt as to whether there are any qualified jurors in the State. Bills which were passed in the House and Senate clearing up the doubt, and by to-night they will have been signed by the Governor.

The point raised by one Hicks in Louisiana the other day, upon which he gained a victory, was not a new one, though it had not been taken advantage of by a prisoner up to that time. Judge J. M. Mullen, of Petersburg; Judge G. Taylor Garnett, of Mathews, and other judges had passed by in many cases on the subject of anticipated action by the Legislature on the subject.

The members of the committee of Americanized Nelson citizens and lawyers who came here to lay the Campbell-Crawford matter before the Legislature last night for their homes yesterday afternoon will plead with the result of their mission. "We have done our duty," said one of them, "and the matter is now up to the Legislature. The people have a right to and do expect action at their hands, and we feel confident that the matter will be thoroughly sifted by that body."

The case is losing none of its widespread interest and it is being freely discussed by members and by citizens. It is not at all likely that any action will be taken if at all, until the next session of the body. Meanwhile it will have been disposed of by the court, where it is now pending and set for trial on July 31st. Senator Bland Massie desires it stated that he is doing no work whatever in the case.

Hon. C. Conway Baker, of Westmoreland, will, before leaving for his home, have packed and shipped to that county the large portrait of William Pitt, Earl of Chatham, which has long hung on the walls of the hall of the House of Delegates. The portrait was sent here for safe keeping years ago by the county of Westmoreland after the burning of the County Courthouse, and now that a fine new building has been erected, it will be returned to adorn its walls. Messrs. Snyder and Hundley, furniture dealers of that city, will have charge of the shipping of the portrait.

The House Committee for Courts of Justice met yesterday and considered some local measures. The Campbell-Crawford resolution presented on Wednesday by Mr. Jennings, of Lynchburg, (by request was not taken up, the patron not having attended the meeting of the body. It will undoubtedly go over until the long session.

The many friends of Captain A. O. Sullivan, the veteran doorkeeper of the House of Delegates, will be glad to learn that his health is improving and that he hopes to be able to return to his duties when the House meets in November.

ILLNESS OF DR. MARSHALL

Prominent North Carolina Minister Reported in Extremis.

A special to The Times from Raleigh, N. C., says: "Attending physicians announce there is no hope for the recovery of Dr. A. A. Marshall, pastor of the First Baptist Church of Raleigh, who has been suffering from a complication of liver trouble some time. Death is only a question of possibly a few hours."

The news of the extreme illness of Dr. Marshall will be received here with deep regret. He is one of the leading ministers of his State, and is pleasantly remembered in Richmond as having made one of his finest speeches delivered at a meeting of the General Association of Virginia held here a year or two ago.

SUITS BROUGHT ON BEHALF OF PECUNARIANS

House Caught Fire from 'Phone Wire and Owner Seeks to Recover Damages.

ONE SUIT BROUGHT ON BEHALF OF PECUNARIANS

(Special Dispatch to The Times.) CHESTERFIELD, VA., July 24.—Decisions were filed yesterday afternoon in the Circuit Court Clerk's office in the suits of H. J. Rubin vs. The Long Distance Telephone Company of Virginia, et al.; H. J. Rubin vs. The Richmond and Petersburg Electric Railway Company, and of L. Blacker against both of said companies, which suits have been recently instituted in the Circuit Court.

Blacker is suing for \$500 on account of a fire which destroyed his store-house at the old "Halfway House," on the Manchester and Petersburg Turnpike, on the 21st day of February, last, and Rubin is suing for \$2,700 for merchandise destroyed by the same fire.

The same suits have been brought against each of the above named companies, as it is difficult to decide which should be liable for damages.

A singular fact about the fire is that it was caused indirectly by ice. On the night of the 21st of February this section of the country was covered by a heavy snow, and all the telephone and telegraph wires were so thickly coated as to give them the appearance of large well-ropes. At a point where the Richmond and Petersburg Electric line diverged from the turnpike its feed wire had been placed several feet beneath the Long Distance Telephone Company's wire, but the weight of the sleet caused the upper wire to sag so much that the two wires came in contact and the heavy electric current of the railway wire was turned upon the telephone wire. This, of course, greatly endangered those houses in which the telephone company had phones, and several of them, among them Bellwood's. The storehouse occupied by Mr. Rubin, which belonged to Mr. Blacker, was quickly destroyed and nothing saved. The case will be heard at the November term of the Circuit Court.

The Middle District Association of the Baptist Church will be held at Mount Hermon Church, of this county, on the 6th, 6th and 7th of August. Preparations are being made for a large crowd, and it is thought that at least two thousand people will be in attendance on the second day, if the weather is fine. Judge Beverly A. Hight will be moderator of the Association.

Miss Margaret Taylor has returned home after a two-weeks' visit to friends in the vicinity of Norfolk.

Miss Virgie Winfree, of Richmond, is the guest of Mrs. B. H. Fritz.

Miss Mianie Buchanan, who is very ill of typhoid fever, was reported a little better yesterday afternoon.

Mr. Haskins Holson, Jr., of Powhatan county, was at the courthouse to-day.

TIDINGS FROM CREWE

Reception to Ladies' Aid Society—Successful Revival.

(Special Dispatch to The Times.) CREWE, VA., July 24.—Mrs. Samuel Nicholson tendered a reception to the Ladies' Aid Society of the Presbyterian Church of Crewe, Monday evening. The dining room presented a scene of loveliness with its decorations in green and white. Cooling ices and delicious cream were served. The evening was spent in discussing ways and means for raising money to refurbish the church and get it in readiness for the coming year, which convenes here October 5th.

The Epworth League held a very successful picnic at Bonanza Grove Sunday. It goes without saying that the Creweites are picnic "goers."

The Epworth League will also give a reception to its members on Friday night, at which time the officers for another year will be installed.

Rev. L. E. Scott, of the Presbyterian Church, officiated at the Winston-Watson baptisms.

There has its usual quota of summer visitors, among whom are Mrs. John Scott, of Statesville, N. C.; Mrs. L. M. Chanover, of Richmond; Mrs. Mervin of Amelia; Miss Lois Ransom, of Richmond; Mrs. W. A. Cook and Miss Fannie Hubbard, of Petersburg, and Miss Rosamond Putzell, of Newport News.

LUNENBURG'S CORRECT POLL

Positive Information That the County Gave Lassiter Only Thirty Majority.

(Special Dispatch to The Times.) NOTTOWAY, Va., July 24.—W. J. Bragg, a prominent attorney at law of Lunenburg county, was here this afternoon and the Times correspondent informs me that the returns from Lunenburg Courthouse, Plantersville, Columbian Grove and Knight's and Oliver's precincts in that county were sent by mistake to the clerk of the county court, instead of to the county chairman of the Democratic party, Mr. Wellington Featherstone.

Mr. Bragg says he has read with his own eyes the return made by the judges of election from Plantersville precinct, and that these returns give Southall 21 votes and Lassiter 2 votes. Robert Southall, about which some doubt has been entertained, gave Southall a majority of 20. Mr. Bragg says the official returns from all the precincts in Lunenburg county give Lassiter a majority in that county of thirty.

These figures would give Southall a majority of 101 in the district.

HAS A WARRANT FOR GEO. W. PHILLIPS

Young Man Missing from Petersburg With a Lady's Jewels.

A WELCOME FOR VETERANS

Daughters of Confederacy and Members of A. P. Hill Camp Will Greet Georgians Hospitably—Street Car Employees.

(Special Dispatch to The Times.) PETERSBURG, VA., July 24.—Chief of Police Rustand went to Richmond this afternoon armed with a warrant for the arrest of a young man named George W. Phillips, who is charged with the theft of jewels and money belonging to Mrs. Jessie R. Lambert.

It is stated by this lady that on yesterday she gave Phillips her check for \$50 on one of the local banks, with the request that he get it cashed and bring her the money. He did get the check cashed, but he failed to give her the money. He left the city last evening, and carried with him a fine gold watch and various articles of jewelry belonging to Mrs. Lambert, who is very much distressed over her loss. It is further alleged that he left his boarding house without paying his bill, writing his landlady that he had gone away, and that a wardrobe in his room could be taken to settle his bill. However, he never returned, and it seems he has not been paid for.

Young Phillips has been employed in an installment house here for some months, coming to Petersburg from North Carolina. He had made many friends in the community.

GRAND WELCOME. The visiting veterans of the Seventh Georgia Regiment, at their ladies' request, will be welcomed with open hands and hearts in this city to-morrow. Not only by A. P. Hill Camp and the Sons and Daughters of the Confederacy, but by our citizens generally. The Georgians will meet at the depot by A. P. Hill Camp, and will be taken to their camp hall, which will be open to them during their stay. They will be welcomed to the hall by Mr. Carter R. Bishop. The camp and the freedom of the city will be extended by Mayor Jones, on behalf of the Sons of Veterans. A welcome will be extended by Rev. Dr. Bantle. The visitors will then be taken to the battlefields, and on their return will be served with the comforts for the inner man.

Nothing has transpired to-day in reference to the organization of the street railway conductors and motormen at their meeting held after midnight last night. None of the men will say anything, except that all of the employees here will join the union, except some five or six, who are as yet undecided. There is no talk of a strike, or of making any demands as yet.

It is understood that a demand will be made on the company to be placed on a footing with the Richmond names, but cannot be stated what the company's action will be or what the result if the men meet with refusal.

The Republicans are talking about bringing out a candidate for Congress in the Fourth District to oppose the Democratic nominee, and several names have been mentioned in that connection. No decisive action, however, will be taken for some time.

The owners of the Pocomontas Cotton Mills are making arrangements to improve the low water to make extensive improvements to their dam across Appomattox River.

The parlors were tastefully decorated. Rev. O. S. Rustand officiated. The couple left for the seashore to spend a few days, and will hence go to their home in White Plains, New York.

THE MARRIAGE A SURPRISE

Miss Burtelle Howard, formerly of Danville, Weds Lieut. Goodrich.

DANVILLE, VA., July 24.—News has been received here of the marriage of Miss Burtelle Howard, formerly of this city, to Lieutenant George A. Goodrich, of this city. The marriage took place secretly several weeks ago. The young lady, who is extremely pretty, left this city about a year ago, and later made her name in Washington. Miss Pauline Howard, her sister, took advantage of a recent excursion to visit Washington. At that time she noticed a plain gold ring on the finger of her sister. Her curiosity prompted her to inquire where her sister obtained the ring. The answer was "My husband gave it to me."

Miss Pauline treated the matter as a joke. But upon her return home she received a letter confirming the remark.

walking delegates, who roam all over the country as agents for some combination, who are vampires that live and fatten on the honest labor of the coal miners of the country, and who are busy-bodies, creating dissatisfaction among a class of people who are quiet, well-disposed, and who do not want to be disturbed by the unceasing agitation of this class of people.

NOT TO SUPPRESS FREE SPEECH.

"The strong arm of the court of equity is invoked in this case, not to suppress the right of free speech, but to suppress and inhibit these defendants, whose only purpose is to bring about strikes by trying to coerce people who are not dissatisfied with the terms of their employment, which results in inflicting injury and damage on their employers as well as the employees."

"The right of a citizen to labor for wages that he is satisfied with is a right protected by law, and is entitled to the same protection as free speech, in which the organizers and agitators indulge in trying to bring about strikes."

The court then referred to "Mother" Jones' speech near Kinlochminock mines saying her utterances were the outgrowth of the sentiments of those who believe in communism and anarchy.

"The evidence showed that 'Mother' Jones had called the miners slaves, and said she did not care anything for injunctions, that it was a duty to urge the men at work to lay down their tools, and advise the men to strike; that the judge was a hireling of the coal company, and the coal operators were all robbers. She said in her speech to pay no attention to Judge Jackson or to the court; but just make the miners lay down their tools and come out."

"It is true," says the court, "that 'Mother' Jones denied some of the statements in the transcript, but her denial was not positive, but equivocal."

The court, after reciting other acts in violation of the injunction, concluded: "I reached the conclusion that the defendants in this case who were served with notice of the injunction have violated and have treated with contempt the order of this court."

WILL PROTEST VIGOROUSLY

American Citizens' Rights Imperiled—Says Mitchell.

(By Associated Press.) CHICAGO, July 24.—President John Mitchell, of the United Mine Workers of America, said to-day that Judge Jackson's decision would be laid before President Roosevelt at once, with protests, and that the President would be asked to interfere in behalf of American citizens. The case will be carried to the United States Supreme Court, President Mitchell said.

"The decision imperils the rights of all Americans in the courts."

FOR CONTEMPT

Warrant issued for Arrest of Secretary Wilson, of Miners.

(By Associated Press.) INDIANAPOLIS, July 24.—Secretary W. B. Wilson, of the miners, received a telegram this afternoon from Parkersburg, informing him that a warrant had been issued there for his arrest on the charge of making statements in speech about 1820-1827. Last heard of in Alexandria, Va. in 1845. FRANCIS W. SMITH, Bisbee, King and Queen county, Va.

at all. They spoke in the highest terms of Mr. Greenway, and said he had been a most valuable employe. Mr. Greenway's condition, said a friend of his, who had known his habits in Norfolk, is due to confining office work, and a general nervousness, and a general drain, but the belief is that the breakdown was not so much due to the use of liquor as to the coca-cola habit, which had a hold upon him. Besides drinking coca-cola he was a great tea drinker, using it to an excessive extent.

He frequently consulted a physician in his own room before retiring. The unfortunate man was found on Tuesday afternoon by Officer Charles Chillery, of the county, near Short Pump, west of the city, and was then in the act of cutting his throat, which act was prevented by the officer's arrival. He was taken in custody by the officer.

HE WAS IDENTIFIED. At the county jail he was identified by Mr. Boyce Brady, who had known him for many years, and finally when they resided in Richmond several years ago. Immediately upon the discovery of Greenway here a telegram was sent to Mr. A. J. Greenway, a general agent of the Chesapeake and Ohio at Norfolk, informing him of his whereabouts. Yesterday morning Mr. Sullivan, controller of the road here, and informed him of his brother's presence in the city and his condition.

Mr. A. J. Greenway is now here, having at one time before his transfer to Norfolk been connected with the Chesapeake and Ohio in this city. He is about thirty-three years of age and a widower, his wife having died several years ago. He is an Englishman by birth, but came to this country about fifteen years ago with his two brothers, both of whom are now in the city and now reside in New York.

"The only clue to Mr. Greenway's movements since leaving Norfolk is a letter written from Richmond to his brother, Mr. Arthur Greenway, which was dated Richmond, July 19th. This seems to indicate that he came directly from Norfolk to Richmond, and the greater part of the time has been wandering about the city and suburbs."

HIS INJURIES FATAL

Young Man Struck by R. F. & P. Train at Laurel, Dead.

Lynn Hutchison, the young man who was struck by a Richmond, Fredericksburg and Potomac train at Laurel, yesterday morning, died yesterday afternoon at 3 o'clock from his injuries. Hutchison was twenty-three years of age and resided with his grandparents, Mr. and Mrs. Tinsley, within a short distance of the scene of the accident.

It is said to have slipped in front of the train only a few yards before the engine. Only a few minutes before Hutchison was seen to get on the train at the station and started for his home. When next seen by any who knew him his mangled body was found on the embankment. He was removed to his home, and there, before his death, was attended by Dr. Ellis of Ashland, Dr. Lorrimer James, of the county, and Dr. Greiner, of Richmond. His injuries were such that from the first there was little hope for his life being saved.
