

WAPPENINGS OF THE WEEK IN STAUNTON

Large Epworth League Meeting at Fishersville.

A SOLDIERS' LAW PARTY

A Bricklayer Has a Hard Fall—A New Brick Church at Summerdean Dedicated—Farce Comedy "Over the Fence" a Success.

(Special Dispatch to The Times.) STAUNTON, Va., August 23.—On Tuesday there was an Epworth League rally at the Methodist Episcopal Church, Fishersville, this county. Leagues from all sections of the county were present, and the rally was one of much success. The Epworth League was held in the grove adjacent to the church. Quite a number of persons from Staunton went down.

The veterans are planning to attend the reunion at McDowell on the anniversary of the battle of McDowell, to be held on August 25th. Arrangements are being made for the transportation of fifteen or twenty.

JUVENILE ENTERTAINMENT.

A number of the young folks at Variety Springs, this county, got up an entertainment among themselves on Friday night, comprising recitations and singing. The little folks charged a small admission fee, which realized them altogether over \$5, which they turned over to the King's Daughters' Hospital. The entertainment was quite interesting, and the little ones were thoroughly enjoying it.

On Thursday night the West Augusta Guards gave a big lawn party at Olivet Chapel, including a sham battle and exhibition drill. The sham battle between the Guards and the Little River was grand, and the grounds were packed to overflowing.

A HARD FALL.

Robert Evans, one of the bricklayers at work on the new building going up on the grounds of the Blind, fell from a scaffold some twelve or fourteen feet high on Tuesday and cut an ugly gash on his head and was otherwise badly bruised. He was removed to his home, and is getting along very well at present.

On Sunday night the brick church at Summerdean, belonging to the Shenandoah congregation, was dedicated by Rev. Dr. W. N. Scott, of Staunton. The attendance at the dedication was large. The church is a beautiful one.

PARCE COMEDY.

The farce comedy, "Over the Fence," was presented Wednesday night at the opera house, and was greeted by a large audience. It is a clean, up-to-date play. A number of the Republicans of this section think that the decision of the Congressional committee to meet in Lexington Tuesday night, and decided not to run a candidate for Congress is unwise, and will result in their losing a probable Congressman from this district, and will also result in a smaller registration than if they had a candidate.

TWIN-CITY LEAGUE.

Premiers Win the Race—Two Games Played on Yesterday.

Below is given a list of the teams represented in the Twin-City League and their percentage, as well as a brief account of the two games played yesterday, one at Forest Hill Park between the "Blue Jeans" and the Premiers, and the other at Chestnut Hill between the Locomotive Works and the Olympias.

Percentage of teams as follows:

Table with 4 columns: Team, Played, Won, Lost, P. C. Premiers 2 2 0 1.000 Olympias 2 1 1 .500 Blue Jeans 1 0 1 .000 Locomotive Wks 1 0 1 .000

BLUE JEANS AND PREMIERS.

The game was very interesting and was a pitched battle, and both deserved credit; and in the end the score would have been different. Gerring, of the Blue Jeans, made a very pretty double play unassisted, and Jim Cullinan played a nice game for the Premiers, catching some very hard balls, having eight chances with no errors.

LOCOMOTIVE WORKS AND OLYMPIAS.

The game was very interesting, the features of the game being a very pretty catch of Hurwood for the Olympias, and a home run for the Olympias, which made some very nice steps at short. Walters, of the Locomotive Works, struck out 17 men and Howell's good pitching for the Olympias. Other features of the game were the batting of Wilkinson and Howell for the Olympias, and the batting of the Olympias.

SEVENTEEN IN DOCK.

Police of First District Determined to Break Up Street Walking.

The police of the First District have determined to break up the "street walking" in that section of the city. On Monday orders from Captain Agley sixteen dusky damsels were arrested on Seventh Street and taken to the Police Station, where they will remain until to-morrow morning, when they will be arraigned in the Police Court for trial.

For some time past many complaints have been received from citizens of the First District on account of the boldness of the street women of that section, and the action of the police last night is just the initial movement Captain Agley intends to make in an effort to keep the women off the streets at night.

Work of the Ambulance. Dr. Crump, of the ambulance, attended to several important cases yesterday, among them being the following: William Foster, a member of the Western Union Telegraph Company, fell from his wheel on South Sixth Street and received several bruises to the face and body. He was taken to his home. W. T. Climbberling fell from a street car on Broad Street and received a lacerated wound. He was taken to the hospital. The doctor was called to the First Station, where James Jones had broken his leg in some manner. The doctor was called to the home of Mr. Walter P. Mahoney, of Richmond, who has been visiting at "Hill Top," the home of Mrs. E. H. Chalkley, returned home last Thursday.

Miss Sallie Jones, of Richmond, is visiting Mrs. Braxton and daughter, Miss Bessie Braxton, of Richmond, are visiting Mrs. E. C. Henry.

Mrs. W. M. Nathan, of Richmond, is visiting her daughter, Mrs. L. S. Jackson.

Mrs. Walter Vest and children, of Richmond, are expected here next week to visit her sister, Mrs. J. B. Friend, jr.

Mr. Frank Thompson, assistant agent at this office, has been promoted to take charge of an office at Lester Manor.

Invitations have been issued for the marriage of Miss Grace M. Parsons, of Richmond, to Mr. J. B. Friend, jr., at the Presbyterian Church here.

Rev. Mr. Rice and family leave Thursday visiting relatives in Northumberland county.

C. R. Morgan, one of our prominent merchants, has been confined by a serious sickness for the past ten days. He is now reported better.

There are many changes, and improvements being made here, and we expect ere long to have an incorporated and slightly town.

F. Thompson, assistant agent of the Southern Railway here, has accepted the agency at Lester Manor, Va., with the same company. Mr. R. W. Dawson, jr., of South Boston, Va., will succeed him here.

(Special Dispatch to The Times.) BRISTOL, VA., August 23.—Robert Foy, the negro who last winter murdered Dayton H. Miller at Tom's Creek, will hang here Friday at 11 o'clock. Advice from the state that preparations for the execution have been completed since Governor Montague announced several days ago his decision not to interfere in the case.

Foy's victim was a prominent and popular lawyer, and the murderer narrowly escaped lynching at the time of his capture by the officers.

The Anti-Saloon League of this city is now in the midst of a merry war for the early closing of saloons. A petition has been prepared, and will be presented at the next meeting of the City Council, requesting the passage of an ordinance requiring saloons to close from 8 P. M. to 6 A. M., and to remove their screens.

A committee of two from each church in the city is now making a house-to-house canvass for signatures, and all who refuse to sign are placed on a list to themselves, presumably a black list.

GROWING WARM.

The fight, which has been in progress some very warm before it reaches the City Council, but the leaguers seem confident of the success of their movement. The League is a strong one.

Mrs. Collins, widow of the late John Collins, a well known citizen of this county, who was recently shot and killed by Morgan W. Litton, has brought suit against Litton for \$10,000 damages. This suit will be tried in the Circuit Court of Washington county soon.

In the meantime, in order to prevent Litton from disposing of an active canvass of which he has considerable, his estate has been levied on.

TO BE TRIED FOR MURDER.

The County Court of Washington county convenes next Monday at Abingdon. It is probable that the case of the murder of Foy and the case tried at this time. Litton has been in jail since committing the murder.

The Board of Trustees of the Southwest Virginia Institute have secured Professor W. H. Hutton to take charge of the school, and he arrived yesterday to assume the position. Professor Hutton comes highly recommended from Claremont College, N. C.

Southwest Virginia Institute for girls is one of the finest school properties in the State. It is a well equipped school, and the difficulties since its establishment, prospects for its future are growing brighter, however, and the trustees think it will soon become a most successful institution.

Dr. William E. Hatcher, of Richmond, is now making an active canvass of Virginia in behalf of the Institute.

FOUR ELOPING COUPLES.

Parson Burroughs, the genius who preside over the destinies of Bristol's matrimonial Mecca, has married four runaway couples in Virginia this week. They were E. Walter Norris and Miss Rachel A. Lester, of Paris, Washington county; James Christy and Miss Susan A. Black, of Graham's Forge, Wythe county; Curtis W. Wayland and Miss Anna Pendergrass, of Roanoke county; W. D. Bates and Miss Grace Hudson, of Blue Ridge Springs.

Rev. Richard J. Moorman, of Pittsylvania county, Va., died in this city Wednesday morning, and was buried in East Hill Cemetery Thursday afternoon. The cause of his death was cancer of the stomach.

Rev. Mr. Moorman was a Methodist minister, and during his stay of a few months in Bristol had become very popular.

MUST STAY OUT.

The Brownies Cannot Again Enter the Tri-City League.

Under no circumstances will the Fulton Brownies be taken back into the Tri-City League. From all that can be learned the boys as a whole do not want to go back into the league, but should they wish to do so the management would most unquestionably refuse to allow them. Two or three of the best players from the team are regarded as being in the league. Sharp and Elmore will likely come with the Manchester team.

CARS BLOCKED.

Lack of Current Delayed Crowd Going to Ball Game.

Considerable inconvenience was experienced by passengers of the Broad-Street line of the Passenger and Power Company yesterday afternoon just when they were anxious to get to Broad-Street Park to see the game of baseball, the current suddenly cutting off the whole line and remaining off for some hour or more. The cars were lined up in a row, and the street women of that section, with a usual sight as the eager, impatient passengers piled off the cars and walked to the ball game.

ACCOUNTS SHORT—SUICIDE.

Chief Weigher of New Orleans Mint Kills Himself.

(By Associated Press.) NEW ORLEANS, Aug. 23.—Henry Kohlbasse, chief weigher in the United States Mint, committed suicide today at the examination of Kohlbasse's accounts reported in a statement by Superintendent Denison to the Government. Kohlbasse was a bond for \$10,000. The taking of stock has been going on at the mint for some time in preparation to a change of superintendents.

Mile a Minute.

From Westhampton Park to Richmond, a distance of eight miles, in eight minutes, is the record of homing pigeons belonging to Mr. Chris Piers, made yesterday. The birds were released today at the park and in exactly eight minutes, timed by several gentlemen, they were in Richmond, eight miles from the resort. To test the staying qualities of the birds Mr. Piers will turn them loose at Beach Park next Saturday morning and time them in their flight to Richmond.

Stole a Skirt.

For stealing a woman's skirt from L. Benson, George Taylor was last night arrested by Captain Tomlinson and lodged in the First Police Station. The garment was valued at \$8. The negro will be arraigned in the Police Court Monday morning.

PERKINS TO FACE SERIOUS CHARGE

Is Accused by Miss Brown With Brick Contractor Here Has His Ankle Broken.

Young Girl and an Orphan Wife of Prominent Henrico Farmer Thrown from Vehicle and Badly Hurt—Night Over Congressional Campaign.

Manchester Bureau, Richmond Times No. 1102 Hill Street.

As a result of a scaffold breaking loose from its hold upon a house at Linden Street and Grove Avenue, Richmond, yesterday afternoon, Mr. James A. Harrison, a brick contractor of this city, lies at his home here with a sprained ankle, while a negro helper to Mr. Harrison, of the scaffold at the time of the accident, is at the hospital in Richmond suffering from internal injuries.

Mr. Harrison with his helper had just completed his brick work on the top of the building, and had lowered the scaffold to the distance of twenty-five feet from the ground. Without a moment's warning the whole structure tumbled in a heap to the ground, Mr. Harrison and his helper being buried under the debris.

Upon investigation it was found that Harrison's ankle had been badly sprained, and he was treated by the ambulance surgeon of Richmond and later sent to his home in Manchester, where Drs. Ingram and Brodnax treated him.

The City Democratic Committee met last night in the police court and heard matters of vital interest to the voters of each ward. By the restricting of the city, under the new charter, representatives in the committee elected from one ward now live in another, or at least some two or three of them do. It was decided to have another meeting of the committee Thursday night, when the members of the committee and the committee elected at this meeting Mr. French will tender his resignation as chairman of the committee, a position he has held since he was elected to the one he was elected from.

"RAZORS" USED IN FIGHT.

And they drew their "razors" and started "something." This is the report made to a Squire Chatham last night by a negro who pulled out of the upper Hill Street. As a result of this little report there are now several warrants in the hands of officers for execution against two negroes who were of the opinion that this was the day of slaying. One negro's shoulder is said to have been cut by a razor, while his left cheek has a pretty little slice taken out of it. Both will recover, but it's hardly likely they will look like anything afterwards.

ELBAS TOO WEAK.

Manchester won from the Elbas yesterday in Petersburg with a score of 25 to 3 in favor of the Elbas. The Elbas were excellent ball all through the game, as did Driver. These two players are hard workers, and do much towards the winning of games. As short stop and first baseman, they are hard to beat. Mr. Bradley was in conference with the members of the team last night, and thinks he will have a good team in the league by Wednesday. If the Elbas stay in they will be greatly strengthened. At least six players will be on the team Wednesday. Knightly, from the "Jeans" battery, will be asked to catch for the new aggregation.

ALL NIGHT CAR.

The owl car for Manchester is gaining ground in the minds of the people, and the statement of a Councilman that none but the press representatives would ride on one if it were over here is being questioned. At one time here, where there are five young men, either a carriage have a night out, or whether it is not a man a forced to walk. It is not only dangerous to walk across the bridge at night, but very inconvenient. Pay-sicians of the city recommend an eight car. Manchester gets aroused like this every now and then, and some comes very nearly getting what she wants.

MORE POLICE.

Whether the recent murder case in Manchester, which may place a blight upon her fair name, never to be removed by action afterwards taken, is the cause of the sudden interest shown in the question of more police, or whether it is just a spurt brought on by the stern test every day to one's face, matters little; the agitation is on again, and this time with renewed force. The shooting of a crowd of negroes on the streets here Wednesday night, the excitement in the neighborhood of Seventh Street, and the rioting on the streets of the front by the fair batmen, has done much to help the cry for better police protection. The whole city is comparatively under the protection of one single minion of the law at night, and the wonder it is that there are no more murders and other crimes committed.

Miss Yella Robertson, first base on the Chicago Stars, female ball players, got against the sphere delivered by Twilner Charter of the Petersburg team there this week, and when the ball landed it was against center field, where Miss Robertson was safely anchored on second base. Charter had to be taken out of the box in the fourth inning; the girls were simply swatting everything he threw. The score was 6 to 3 in favor of the Petersburg boys.

MISS CARROLL ENTERTAINS.

A delightful party was given Wednesday evening by Miss Carroll, at her home on the corner of East Thirteenth Street, in honor of her guests, Miss Edith Melton, of Richmond, and Miss Eliza Johnson, of Granite. Games and music were indulged in until a late hour, when the party retired to the dining room, where the refreshments were served. Then came more games, music and recitations by Miss Pearl Hinnett and Mr. Shipleit, after which the guests took their departure, agreeing unanimously that they had spent a most enjoyable evening.

Those present were: Misses Ada and Gertie Walker, Mabel Gentry, of Florence, S. C.; Lottie Powell, of Petersburg; Bessie Gray, of Farmville; Alice McGarraghan and Eliza Johnson, of Granite; Edith Melton, of Richmond, and Miss Louise Carroll; Messrs. Walker, Cottrell, Shipleit, Moody, Jenkins, McGarraghan, of Granite; White, Bailey and Milner, of Richmond. The party was chaperoned by Mrs. Carroll, Mrs. Carter and Mrs. Wilburn.

IN THE CHURCHES.

Rev. H. H. Moore fills his pulpit at Cowardin-Avenue Christian Church to-day at both services.

Rev. T. E. Smith, pastor of Oak Grove Baptist Church preaches there to-day at both services.

PILLSBURY SOON TO MAKE ATTACK

Many dispatches came during the early evening, the tenor of the minding that the White Squadron was not far at sea off the Isles of Shoals, off Portsmouth.

At 10 o'clock to-night the cruiser Olympia was inside the islands, the Brooklyn was cruising to seaward, off there and the cutter was patrolling Portsmouth harbor.

With Admiral Higginson's battleships bound northward it would appear that Commander Pillsbury is expected to make his run in toward land to-night, either Portsmouth or York harbors.

This afternoon it was understood that one of Commander Pillsbury's cruisers had been reported off Rockland, Me. This is a long distance beyond the northerly limit of the blockade line, but it was suggested that either the enemy was making a feint to draw a normal blockade of the length of Admiral Higginson's fleet to Portland so that a quick counter dash could be made into Massachusetts Bay, or else Commander Pillsbury desired information as to the blockade conditions. The Blue Squadron officers are certain that the enemy has its own intelligence by its bureau along the shore, and has landed officers at Rockland, Maine, and Provincetown, Mass.

Suspicious signals at Cape Porpoise on the Isles of Shoals and even here at Rockport indicate that the blockade running plan has not been entirely drawn up at sea.

MYSTERIOUS TRAGEDY

Unknown Passenger Shoots a Man and Then Kills Himself.

(By Associated Press.) DENISON, TEX., Aug. 23.—A terrible tragedy was enacted this morning on the "Katy Flyer." As the train was passing Chily, a small station sixty-eight miles north of Denison, a passenger sprang from his seat, quickly drew a revolver and fired point blank at E. McDonald, shooting him in the back. The man then turned the pistol on himself and committed suicide.

McDonald will likely die. The wounded man had never seen his assailant before. The suicide had a ticket, purchased at Kansas City for San Francisco, California, and on this was the name of Joe Lyer. The body was brought to this city and on the person was found letters written in Italian, one postmarked Oakland, California, and another San Francisco, and addressed to Nara Rafranco, and addressed to Nara Rafranco, and addressed to Nara Rafranco, and addressed to Nara Rafranco.

MADE WILD DASH FROM IRATE PARENT

Unknown Young Man Was Chased Through Jewelry Store and Out the Back-Door.

While walking up Main Street yesterday afternoon about 5 o'clock Miss Day, daughter of Mr. Jesse J. Davenport, of No. 508 Dobson Street, was insulted by some unknown young man, as a result of which she was hurriedly called for a few minutes. Mr. Davenport, who happened to be near at the time, made a strenuous effort to get hold of the fellow, and he laid hands upon him it is safe to say the fresh young fellow would have had cause to long remember the chair.

Miss Davenport, who is employed on lower Main Street, near Thirteenth, had just left her work and was en route home, when she was met by the young man, entirely unknown to her, who approached and made a threat to have him arrested. Just at that moment the young lady's father drove up in a wagon. He noticed that something was wrong and made inquiries. Miss Davenport readily telling him of the unknown fellow. He noticed that something was wrong and made inquiries. Miss Davenport readily telling him of the unknown fellow. He noticed that something was wrong and made inquiries.
